

Foreign Borns Visiting Harding At Marion Today

Nominee Declares U. S. Must Avoid Meddling in International Affairs if America Is to Be United.

Marion, O., Sept. 18.—Warning against the dangers of a hyphenated citizenship, Senator Harding told a gathering of foreign-born Americans here today that he believed the United States must avoid "meddling" in the affairs of other nations if all classes of American citizens are to be united in loyalty to the government.

The foreign-born are not to blame for conflicting sympathies during the world war, he said, asserting that the fault was with the nation itself for failure in the task of thoroughly Americanizing those of foreign extraction. This work must now be taken up with new determination.

Opposed to Hyphenation
"Let us all pray that America shall never become divided into classes and shall never feel the menace of hyphenated citizenship," said Senator Harding.

"The way to unite and blend foreign blood in the life stream of America is to put an end to groups—an end to classes; an end to special appeal to any of them; an end to particular favor for any of them."

"I do not know whether or not Washington foresaw this menace when he warned us against entangling alliances and meddling abroad, but I see it, and I say to you that all America must stand against this dangerous and destructive and un-American policy. Meddling is not only dangerous to us because it leads us into the entanglements against which Washington warned us, but it also threatens an America divided in her own household."

Must Guard Ballot
"For Americans who love America I sound a warning. It is not beyond possibility that the day might come—and may God forbid it—when an organized hyphenated vote in American politics might have the balance of voting power to elect our government. If this were true, America would be delivered out of the hands of her citizenship and her control might be transferred to a foreign capital abroad."

"Let us all remember, however, that America first does not mean that the America which we all love and under whose flag we must always remain a people united, is to be an America blind to the welfare of humanity throughout the world or deaf to the call of world civilization."

"With an interest in a common good, I urge now and shall, with increasing conviction, always urge, that America shall give to her citizens the benefits of social justice and the conservation of human resources which a humane democracy owes to citizenship. I insist that American conscience recognizes the duty of protecting our national health. I insist that it will protect American motherhood and American childhood and the American home. There can be no defense for working conditions which rob the American child of its rights."

Board to Regulate Coal Mines Urged

Commission That Investigated Disorders in Alabama Reports to Governor.

Montgomery, Ala., Sept. 18.—Appointment of a state commission with absolute power to control and regulate the coal industry of Alabama, is recommended in the report of Governor Kilby's committee, which has been investigating the strike of union miners in the Alabama bituminous fields.

The report, which was made public today, holds operators and union leaders equally responsible for present conditions in the mining districts of the state.

The public, the investigating committee declares, has been the only sufferer from the strike, which, it is held, has limited production and caused prices to soar. Some operators, the report states, have taken advantage of the situation and have been guilty of profiteering.

White Russia Proclaimed Soviet, Says Late Report
Copenhagen, Sept. 18.—(Jewish Telegraphic Agency.)—White Russia has been proclaimed a soviet republic, according to delayed advices received here today from Kovno, Lithuania. The proclamation, which was signed by White Russian and Lithuanian communists and representatives of the "bund," or workmen's organization, was issued in Minsk, September 7.

"The social revolutionaries refused to participate in the formation of the new republic, the advices say, declaring it would afford no real independence."

Generally Fair Weather Promised for Next Week
Washington, Sept. 18.—Weather predictions for the week beginning Monday are: Upper Mississippi and Lower Missouri valleys, generally fair with frequent fluctuations in temperature.

Woman Offering Big Investment - Profits Arrested In Butte

Butte, Mont., Sept. 18.—Offers of 300 per cent profit in 10 days on an investment of \$100, made by Mrs. Mary E. Phillips of Fort Worth,

Texas, resulted in her detention Friday by Butte police, according to announcement of Police Chief J. Murphy.

Mrs. Phillips admitted, the officer said, that she had told a McJannet, Mont., woman that she was a member of a prominent detective agency seeking counterfeiters. She said, according to Chief Murphy, that she was selling valuable oil royalties to

locate the counterfeiters. The Melstone woman came to Butte today to assist her in the work. She failed to locate Mrs. Phillips and reported the offers to the police whose subsequent investigation resulted in Mrs. Phillips' arrest.

Finns and Swedes Bide By Decision of League

Paris, Sept. 18.—(By The Associated Press.)—Finland and Sweden have agreed to accept the intervention of the league of nations for the settlement of the dispute between them as to the possession of the Aland islands, lying at the mouth of the Gulf of Bothnia between the two

countries. A commission will be appointed by the executive council of the league to investigate the question and reach an early decision.
