

Wife Says She Will Stick by Pastor Hubby

Girl Bride of Omaha Divine, Held in Denver, Declares That "Bobby" Acted in Good Faith.

Young Mrs. Robert Jenkinson, wife of the preacher-promoter held in Denver on a charge of passing a worthless check, said yesterday, upon her arrival here from Denver, that she "will stick to Bobby, whether he is right or wrong."

Her husband is held in Denver, awaiting arrival of Omaha detectives. Mrs. Jenkinson, until her marriage, three weeks ago, was Martha Peterson, 4712 North Fortieth street.

"Everything Bobby did was in good faith," she declared. "He may have done wrong to venture into high finance, but his object was good—to win a fortune so he could complete his theological education and build a church."

"There is nothing to the report that he is engaged to Myrtle Lang of Denver. He broke that off the Sunday after we were married. I met Miss Lang in Denver, and we are good friends."

Dry Candidate Will Withdraw if Others Will Pledge Support

Washington, Sept. 22.—Aaron S. Watkins, prohibition presidential nominee, declared in an address before the Fifteenth International Congress Against Alcoholism, that he would withdraw from the presidential race if a pledge of support for the dry program could be obtained from any one of the other candidates.

"I ask only two things of the other candidates," Mr. Watkins said. "Whenever any one of them pledges himself to enforce the 18th amendment and enforce the Volstead act, if elected, and to use all of his power and influence to retain them as a part of the nation's law, I will agree to ask our national committee to release me from the ticket."

Mr. Watkins made his statement as a reply to intimations by several other speakers that the presence of the prohibition ticket in the field might jeopardize the chances of "known" dry advocates and might also result in overturning the dry majority in congress.

Value Your Eyes?

Bon-Opto is a system of caring for the eyes at home. It is used by more than a million people who care for their eyes as they care for their teeth; to cleanse or preserve them. If you are not one of the million join their ranks today. Get a Home Treatment Outfit from your druggist and use as directed. Clean, fresh feeling eyes and the clearness of vision will make the world seem brighter and brighter. Your day's work less tiresome.

Note: Purified and Sterilized. Contains no poisons. It is a safe home remedy. It is guaranteed to give relief. It is sold under a money-back guarantee by all druggists.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonful of Mulsified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified.

Or-Wi-Co Mattress Comfortable, Resilient, Sleep Inducing, Sanitary and Guaranteed to Give Service—

How It Is Made

The cotton is taken from the bale, passed through a power machine opener and duster, which threshes out all impurities and loosens up the fiber. It is then placed in the hopper of a Webb Process Felting Machine, where it is taken up by a feed apron into an intricate system of toothed rollers. The fibers are here combed, crossed and re-crossed and knit into filmy gossamer webs of uniform fineness and texture.

It takes twenty of these webs, mattress size, to make one pound, and almost a thousand are used to make an Or-Wi-Co.

Being made throughout by expert workmen, we can guarantee that it will not matt or require remaking. Just an occasional sun-bath will make it last indefinitely.

Every Or-Wi-Co is carefully inspected before shipping. You will find it neat and dressy in appearance.
