

Harding Makes Announcement On Irish Stand

Nominee Declares It Is Not a Question for Official Recognition—Dabbled Too Much Now Overseas.

Marion, O., Sept. 23.—Declaring the Irish problem is "not a question for official America," Senator Harding said in a statement today that it is recognized that there is a wide spread sympathy here for the cause of Irish independence would be, under the league of nations, a subject entirely "internal or domestic."

Without referring directly to democratic promises to bring the Irish question to the attention of the league, the republican nominee said that America already had "meddled abroad excessively without invitation," and asserted that official consideration by this government was quite another thing from an expression of sympathy.

There Are Two Phases. The statement in which the senator discussed the Irish question directly for the first time since his nomination, follows: "There are two phases of the so-called Irish question in America. Individual sentiment is one thing and it is recognized that there is a wide spread sympathy here for the cause of Irish autonomy. We voted an expression of that sympathy in the senate at the time the peace delegates were conferring in Paris. "Official consideration is quite another thing. It is not a question for official America. America has already meddled abroad excessively without invitation. "I have said, as I truly believe, that under the provisions of the league of nations the Irish question is internal or domestic and I recall distinctly that at the hearings before the senate foreign relations committee, the American advocates of Irish independence, bitterly opposed the league as proposed because it got only closed the door to Ireland, but committed us to the use of force to maintain territorial integrity as it exists today."

Demonstration of Pathe Phonographs Starting Saturday Union Outfitting Co.

Will inaugurate Pathe \$1 a Week Club of 175 Members. A Beautiful Pathe To Be Given Away Free—Particulars At Store. The many exclusive features of Pathe Phonographs will be explained by a factory representative in charge of the demonstration. There are many advantages in owning a Pathe. It will play all disc records. The tone quality is superb. The necessity of changing needles is eliminated. The fine tone reproduction of the Pathe is accomplished by the use of the Saphire Ball, which was conceived in Paris decades ago, and the machine has been delicately perfected as time went on, until today it has become nationally known. Any one at all interested in music will enjoy coming to the Pathe demonstration and hearing this wonderful machine duplicate the actual rendition of the artists. And remember, the Union Outfitting Company considers no transaction complete until the customer is thoroughly satisfied. As always, you make your own terms.

Removes Hairy Growths Without Pain or Bothers. (Modes of Today) It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted.
