Giants Lose All Chance for 1920 National League Pennant by Dropping Second Game.

New York, Sept. 27.—New York was put out of the National league pennant race today when Boston won the second game of a double header. 3 to 2. The Giants won the first contest, 2 to 1. Boeckel's homer into left field bleachers in the ninth gave Boston its victory after New York had tied the score in the eighth on Frisch's homer. Both Townsend and Pirotte pitched good ball for the Braves.

New York took the opener by bunching two of its four hits in the fourth. These coupled with two infielders' choices and Maranville's error gave two runs. After this inning, not a hit was made off Townsend. Nehf kept the visitor's hits scattered. Ryan, who pitched the second game for New York, was hit hard in the late innings.

Sox President **Convinced That**

Head of National League Discloses Evidence Obtained in Private Investigation Into "Game Throwing."

Chicago, Sept. 27.—President John Heydler of the National league tonight made public evidence he has obtained in a private investigation of alleged base ball gambling and "game-throwing" and at the same time declared that President Comiskey of the Chicago Americans and Manager Gleason were convinced after the first world series game last year that the series had been "fixed" and sought his aid in making an investigation.

The matter was brought to the at-tention of President B. B. Johnson of the American league, but Johnson did not seem very enthusiastic over starting an investigation, Heydler said. Heydler brought the name of Jean Dubuc, former Detroit American pitcher, into the scandal for the first time and also gave hitherto un-recorded details of the Hal Chase and Lee Magee cases.

Heydler said all of his evidence

had been placed at the disposal of President Johnson, but that he did not know whether the latter was making any use of it. Rube Benton Gets Tip.

Mr. Heydler quoted J. C. (Rube) Benton, New York National pitcher, as saying that Dubuc was the man who received telegrams from Bill Burns, former major league pitcher, tipping him that the world series had been fixed and that Benton had received his information from this telegram.

Benton told Heydler he had seen Hal Chase make one bet of \$100 on he series, Heydler said Discussing the Magee case, Mr. Heydler said he and William Veeck, president of the Chicago National league club, had obtained Magee's confession that he had attempted to throw a game and that Magee had shown them a check sent him by Hal

Chase, but Mr. Heydler refused to ay for what amount, Heine Zimmerman also has been accused of throwing games, said Mr. Heydler, but he would neither confirm nor deny reports that Zimmer-Nationals for this reason. Reports

Western league, came to me after the first world series game last fall," said Mr. Heydler, "and felt that something was wrong, but that they did not want to go to Ban Johnson because of the bad feeling sidered the matter preposterous at first, but after Gleason and I anlyzed the games, I went to Johnson and told him about it.

"He dismissed me with a curt renark. I continued to confer with Gomiskey and Gleason and finally gave Johnson what I considered good leads. I then felt that it was up to him to act, and not my affair. The players accused were American school officers and teachers will be league men and I did not feel that I held at All-Saints parish house. Supshould meddle.

"Gleason told me in conferences between games that there was no attended the Conneaut conference doubt in his mind that something was wrong and that some one had 'reached' the White Sox players." Says \$50,000 Bet.

Concerning the Chicago-Philadelphia National game of August 31. which is said to have been "fixed" for Philadelphia to win, Mr. Heydler said his investigation convinced him that a deliberate attempt had been made by some one to injure the Chicago club.

President Navin sent a letter to Ban Johnson saying that \$50,000 was bet and that \$10,000 of this was in Detroit," he said. "This letter was turned over to me, but I have been able to learn of only \$3,000 bet in Cleveland and \$1,300 in Cincinnati. I have not yet finished investigation of this game, however.

Mr. Heydler said that the New York National league club had done more for base ball than any club in either league. "McGraw deliberately wrecked his

pennant chances by getting rid of Chase and Zimmerman because of their alleged gambling and gamethrowing," he said.
Discussing the testimony given by

Benton before the Cook county grand jury, Heyeller said Benton had been quoted to him as saying that Hal Chase, Abe Ateli, Bill Burns Herzog offered him \$800 to throw the game between Chicago and New York September 10. "But when I called Benton and Herzog before me," he continued.

"Benton said Hal Chase had offered him the money and not Herzog.
"Benton also told me that before that game starten, McGraw told him to either 'win or buy a ticket home.' I don't know just what McGraw may have meant by that remark, but at any rate New York won.'

President Heydler expects to testify before the grand jury Tuesday. He will give it additional evidence which he did not disclose tonight, he said, including a quantity of documentary evidence.

Deny Charges. Fred McMullin and "Buck" Weav-

r, Chicago American players, tonight denied that they were in any way implicated in the alleged "throwing of games" in the world series last fall. Reports of evidence given the Cook county grand jury said that McMullin had acted as the "go-between" between a ring of gamblers and Chicago players. It also was said that McMullin had taken a small oblong package to Weaver's home iter one of the games and that Weaver, when he came home and found the package, refused at first to accept it, but finally did keep it,
