

### More Evidence Given jury in Ball Scandal

#### Will Result in the Indictment of Several National League Players.

Chicago, Oct. 5.—Evidence which officials in the state attorney's office said would result in the indictment of several National League base ball players was given the Cook county grand jury today by players and club officials who testified in the inquiry into the ball scandal.

There will be no indictments for 10 days or more, however, for the jury adjourned after today's session, subject to call and is not expected to reconvene until after the world's series. Adjournment was taken because it was found that several witnesses scheduled to testify are attending the series games.

#### John McGraw Witness.

John McGraw, manager of the New York Giants, Charles Stoneham, president of the club; Benny Kauff, outfielder; Larry Doyle, second baseman; Fred Toney, pitcher, and Trainer Mackall; Hughie Jennings, Detroit manager; Jean Dubuc, Toledo pitcher, and "Kid" Gleason, Chicago White Sox manager, were the witnesses.

The New Yorkers' testimony centered about activities of Heinie Zimmerman and Hal Chase in connection with alleged games "throwing" and tending, McGraw said, to clear Kauff, and Toney of participation with any crooked work.

Kauff and Toney told the jurors of offers made them by Zimmerman to "throw" games. Each said he refused the offer and reported it to McGraw and Stoneham. The latter two confirmed this testimony.

#### Offered Kauff \$125.

McGraw again denied that gambling had anything to do with the release of Kauff to Toronto this summer, saying it was due to the fact that Kauff's playing slumped when he began worrying over charges made against him that he had received a stolen automobile.

"Chase and Zimmerman are the only men who ever played on my team who are guilty of any wrongdoing, in my opinion," McGraw said. Zimmerman's offer to Kauff was \$125 a game, with an increase if the outfielder proved adept at losing, Kauff testified. Jennings was questioned concerning bets alleged to have been placed in Detroit on the Chicago Philadelphia National league game of August 31, but told newspaper men he had been unable to supply little definite information.

Mackall denied that he had seen anything to indicate crooked work among the Giants' players.

#### Dubuc Gives Jury Telegram.

Gleason told the jury of his attempts last winter to find out if his players were crooked in the world's series. He said he had no definite information concerning the "throwing" of games this season by his men, but admitted there were some things in connection with the last eastern trip, when the team slumped badly, which looked suspicious.

Dubuc gave the jury telegram he said he received from Bill Berner, former major league pitcher, telling him to bet on Cincinnati in the world's series. He said he had been informed prior to the series that it was "fixed" for Cincinnati to win. His testimony corroborated that given previously by Berner, New York National league pitcher.

### Star in Cleveland Victory

Steve O'Neill

People found out Minoka, Pa., was on the map when Steve O'Neill began playing base ball. Steve is the lackstop of the Cleveland American league base ball club, and that is all there is to the description. In the first game of the world's series yesterday Steve drove out two doubles over three trips to the plate. There are other catchers in Cleveland, but the Forest City fans are not well acquainted with them, for Steve is such a star that he works every day, while men like Les Numamakur and Chester Thomas, good catchers, both of them, are holding down bench jobs and warming up pitchers in the bull pen.

O'Neill is rated by many the best catcher in either big league. While he is hardly so good as that, there is no denying that he is a star of

### St. Paul Loses First Contest Of Series, 5-3

#### Jack Bentley, Star Baltimore Hurler, Drives Out Two Homers; Play Today.

Fort Baltimore, Oct. 5.—Single-handed did Jack Bentley, star pitcher and first baseman of the Baltimore International league champions, sent St. Paul, winners of the American association, down to defeat today in the first game of their postseason series, 5 to 3. While his twirling was a bit loose toward the close, his hitting was of the "Babe" Ruth type and his two home-run drives were responsible for four of the five runs marked up to his team's credit.

The veteran Charley Hall opposed Baltimore and he pitched a good game. Save Bentley, the remainder of the local squad could do little with his curves in the pinches.

Baltimore took the lead in the opening round on a single by Jacobson and double by Holden. The Saints evened it up in the fourth on Riggert's home run. Each club chalked up one in the sixth.

Singly by Lawry and Jacobson followed by Bentley's second mighty crash sent home the Birds' trio of runs in the eighth inning. Four infield hits gave the losers their run in the closing round. About 7,000 fans witnessed the contest.

The box score:

### League Magnates Hold Meeting To Reorganization of Base Ball

Chicago, Oct. 5.—Complete reorganization of professional base ball as proposed in the Lasker plan, which calls for a civilian tribunal of three persons not financially interested in the game to replace the national commission was discussed today by a group of major league club owners and officials with Alfred Austrian, attorney for the Chicago American and National league clubs.

While no announcement concerning the meeting was made, it was said that legal technicalities which would come up in the reorganization were discussed and that the plan, with decisions made at today's meeting, will be presented to the club owners of the National league in New York tomorrow.

Those present today besides Mr. Austrian, were John McGraw, vice president and manager of the New York Nationals and one of the signers of the letter sent out by four club owners proposing the Lasker plan; Mr. Lasker, President Stoneham of the New York National league club; Harry Frasee, owner of the Boston Americans; Charles Comiskey, owner of the Chicago White Sox; Col. T. D. Huston and Jacob Ruppert, owners of the New York Yankees.

Possibility of American league club owners coming to the rescue of Mr. Comiskey by placing some of their players at his disposal to replace the seven stars he suspended as a result of the base ball scandal also was said to have been discussed. The plan was proposed by Mr. Frasee some time ago.

All the men at the meeting have expressed approval of the principles of the Lasker plan.

### "Babe" Ruth, Home Run King, Offered \$5,500 For Three Contests

New York, Oct. 4.—Two thousand five hundred dollars a game is the sum being offered "Babe" Ruth to appear in exhibition games.

### May Form Amateur Grid League Here

#### Six or Eight-Team Circuit Is Likely to Be Organized Among Omaha Gridsters.

With the 1920 amateur base ball season nearly finished, amateur football players are beginning to line up for the season, and according to Phil Lynch, one of the veterans of the local grid game here, and last season manager of the Nonparies, this season will be the greatest ever witnessed here.

From present indications, an amateur football league, consisting of six or eight class A teams, will be organized in a few days, and will play regular scheduled games for the city title. It is understood that the class B and C teams also will form a circuit next week, and an organization, such as the Municipal Amateur Base Ball association, which has been responsible for the great interest taken in amateur base ball here during the past six years will likely be formed, if enough enthusiasm is shown.

### Hawkeyes Training Hard for Game

#### University of Iowa and Cornell Gridsters Clash This Week In Annual Contest.

Iowa City, Ia., Oct. 5.—(Special)—Every man on the University of Iowa first team reported yesterday afternoon, in spite of bruises and sore spots remaining from the Indiana game. Locke's ankle was in poor shape and many of the other men hobbled about stiffly, but on the whole the team was in good condition, and Trainer Jack Watson expects to have everybody in ship shape by the middle of the week.

Coach Jones spent the afternoon on close work, lecturing the men on the defensive and offensive play in their individual positions. The lessons of the Indiana game were gone over and as a result it is expected that defensive play in the line will be particularly improved.

The Cornell game next Saturday is not expected to furnish any stupendous opposition for the Old Gold and it is believed that Coach Jones will take the game easy in attempting to pile up an impressive score. The Iowa mentor will use every possible means of saving his men for game with the Iliini.

# Camel CIGARETTES

CAMEL CITY—U.S.A. (or, Winston-Salem, N.C., according to the map.)

Greetings, Pete!

Here I am tonight in Winston-Salem where more tobacco is manufactured than in any other place on the face of the earth! And, W-S is some speed city, as well as the largest in North Carolina! They're rishing up a million dollar hotel, got a corking league ball team, regular skyscraper buildings and as much action as you'll look for in New York!

When I knocked off for the day, I buzzed around like a hungry bee in a buckwheat field—up and down long streets of R.T. Reynolds Tobacco Co. factories!

As the Reynolds enterprise proved out more and more gigantic and I talked with more men about it, I got the real and true answer as to why Camels are so good and so entirely different from any other cigarette! I'll spin it for you, old top—listen:

Every man I talked with made the one big point that the officials and the more than 350 Reynolds foremen have an inborn knowledge of the tobacco business; that (putting it into a North Carolina expression) they were virtually "born and raised in a tobacco patch"; that they know tobacco; how to grade it, blend it, and how to manufacture and sell it!

And, what's most important of all, Pete, these Reynolds folks sure give men what they want—the best that can be produced! Why—Peter, it took months to perfect Camels Turkish and Domestic blend—and that refreshing flavor—and wonderful mild, mellow body—before a single Camel Cigarette was sold! Guess that will repay your interest, old liberty bond!

Tomorrow, I'm going to meet some of the Reynolds folks. Got to see inside of those factories!

And, you know me!

Shorty.
