

## Borah Promises G.O.P. Will Give Real Republic

**Declares Election of Harding  
Will Maintain Untrammelled  
And Unpawed Independ-  
ence of America.**

Danbury, Conn., Oct. 5.—Senator William E. Borah of Idaho told a large audience here last night that the republican party, "as a party and regardless of the views of particular individuals" can be depended upon to maintain the untrammelled and unpawed independence of the American republic. He promised that there would be "no compromise on the principle of American sovereignty."

He said that America through the republican party favors doing its part in the family of nations, but "the public conscience and not a signed contract must always determine our course in international affairs. In a statement issued before the meeting, Senator Borah commented on the reported assertion of Senator Harding that his views and those of Senator Borah and Johnson were in entire record.

**Harding Knows Views.**  
"From his 18 months in the senate, Senator Harding knows my views," Senator Borah said. "If he accepts them, then we are in perfect accord."

Declaring himself unequivocally opposed to an association with the nations of Europe, he said he had nothing to say in favor of proposed substitutes for the league of nations.

"A league, concert, alliance, combination, copartnership or association—it is all the same to me," he declared. "I always have opposed and always will oppose such an alliance. There can be no question of who I am supporting for president. I am supporting for president Mr. Cox, favoring going into the league while Harding has declared in favor of staying out."

Senator Borah began his speech by declaring he did not purpose to attack "the league of nations which President Wilson went to Europe to get, but to fight to the bitter end the one that the president brought home with him."

**Not American League.**  
"That league is not an American league," he continued. "It is a European league. Its purpose is not for peace, but for war. In the entire covenant not one word is said of democracy. It is the instrument of a military autocracy."

Senator Borah attacked the present league on four counts, each of which he said unfitted it for American participation. He declared that President Wilson's principle of freedom of the seas has been summarily withheld from peace conference consideration, because "England demanded the preservation of her naval supremacy."

Another of the president's 14 points without which he quoted the president as saying "America could not participate" was that of permanent conscription. This, he said, likewise received no consideration. The third count of the senator's indictment was based on the secrecy which attended the framing of the covenant despite the principle of "open covenants, openly arrived at."

The last count referred to the president's declaration against imperialism.

"Since President Wilson announced there should be no more land grabbing," declared the senator, England has had 1,607,053 square miles of territory added to her possessions, including 40,000,000 people. The league would now ask us to guarantee England's retention of every part of that territory."

## Supreme Court Backs Colby In Stand on Suffrage Law

Washington, Oct. 5.—The decision of the District of Columbia supreme court denying the American Constitutional league an injunction preventing Secretary Colby from promulgating the woman suffrage amendment was affirmed by the district court of appeals, from which the anti-suffragettes may prosecute at once an appeal to the United States supreme court.

## A Howard Stove Demonstration to Begin Saturday at Union Outfitting Co.

**Aunt Jimmie Pancakes  
With Karo-Maple Syrup,  
Hot Advo Coffee and  
Alamito Cream Served  
Free to Visitors.**

**Special Factory Represent-  
ative in Charge—Two  
Stoves to Be Given Away.**

This big sale and demonstration of the nationally advertised Howard stoves should attract considerable interest, coming at this time of the year when people are beginning to prepare for the winter.

There will be a realistic demonstration with Aunt Jimmie all dressed up just as you have seen her in pictures. She will serve all visitors with a big stack of Aunt Jimmie pancakes, steaming hot from a Howard range, delicious Karo-Maple syrup, hot Advo coffee with rich Alamito cream.

The Union Outfitting Company takes pride in saying Howard stoves are sold exclusively by them in Omaha and a tremendously large stock of Heaters and Ranges are carried. Howard stoves will reduce coal bills at least one-third.

The Union Outfitting Company, located outside of the High Rent District, never considers any transaction complete until the customer is thoroughly satisfied, and, as always, you make your own terms.

## Will Unveil Statue of "The Maid of 1620"

The statue in memory of the Pilgrim mothers will be unveiled at the tercentenary at Plymouth, Mass., in November. The shaft is the first in honor of the women of the Mayflower. It is of bronze and stands six feet eight inches high. It is the work of Henry H. Kitson, noted sculptor, of Boston.

## Schiff's Charitable Bequests Are Over One Million Dollars

New York, Oct. 5.—Charitable bequests of approximately \$1,350,000 were made by Jacob H. Schiff, banker and philanthropist, who died last week. His will, filed in surrogate's court, leaves the remainder of the estate to be shared equally by his son and daughter, Mortimer L. Schiff of Oyster Bay and Mrs. Frieda Warburg.

The widow was "amply provided for" outside the will, and in a separate document provision also was made for Mr. Schiff's personal employees and the employees of Kuhn, Loeb & Co., the banking firm of which he was the senior member, according to counsel for the executor.

No appraisal of the actual value of the estate is possible at the present time.

In the petition filed with the will only the legal requirement of "more than \$10,000 in real and personal property" was mentioned.

One of the bequests was \$25,000 to the Jewish Orphan Asylum of Frankfurt-On-The-Main, Germany, Mr. Schiff's birthplace. This sum is to be added to a fund he created many years ago in memory of his parents.

The will was dated October 15, 1919.

## Complete Plans For Campaign of Candidate Cox

**Democratic Leaders Formulate  
Tour of Election Battle-  
ground, Reaching as Far  
West as St. Louis.**

Dayton, O., Oct. 5.—Plans for completion of the democratic national campaign, now declared by leaders to be entering its last stages, were formulated by Governor Cox, National Chairman George White, Senator Pat Harrison, chairman of the national speakers' bureau, and E. H. Moore, the governor's pre-convention manager.

As a result of the conference held at Trail's End, Ohio, Indiana, Illinois, West Virginia, New York, New Jersey and Maryland, probably will be the chief battle ground until election, according to Senator Harrison. Governor Cox will spend four days campaigning in his home state, three days in Indiana, one day in West Virginia, one in New Jersey and most of two days in Illinois. Night meetings have been arranged for in Indianapolis on October 28 and in Chicago on October 30. It was announced that the governor will speak in Baltimore.

The candidate spent most of today resting at Trail's End. He received a delegation of women, headed by Mrs. Florence Kelley, general secretary of the National Consumers' league, and Mrs. Maud Wood Park, chairman of the National League of Women Voters. The governor talked to them on the cause of the league of nations, particularly why women should be interested in its adoption.

On most of the questions presented by the women, especially child labor and the Kenyon child storage bill, Governor Cox told them he had stood for such reforms for 12 years and that Ohio had laws similar to those they sought nationally.

Governor Cox said tonight he had received a telegram from Edward A. Ryan, who was arrested at Baltimore when he sought to ask Senator Harding a question, saying he was for the democratic candidate. The text of the message was not made public.

## Captain of Speedwell Goes Down With His Ship

New Orleans, Oct. 5.—Capt. Charles Johnson, master of the American steamship Speedwell, lost in last week's tropical hurricane, went down with his ship, according to a wireless message received by the naval station here from the steamship Lake Superior, now near Santiago, Cuba, with 13 survivors of the Speedwell.

Captain Johnson lashed to the bridge of the Speedwell, refused to take a lifeboat, according to the wireless message, and expressed his determination to "go down with the ship."

When two hydroelectric projects in Italy are completed they will effect a saving of about 1,000,000 metric tons of coal a year.

## Try Disputed Claims At Aurora This Week

Aurora, Neb., Oct. 5.—(Special.)—The district court will be occupied this week with the trial of disputed claims against the American State bank, which is now in the hands of a receiver.

The first claim to be tried is that of E. J. Kremer, now residing in California. He claims to have a right to a note for \$7,000, now held by the receiver, which he gave to the bank in the settlement of a land deal. This note was given March 1, 1920, and Kremer claims that he paid it on March 15, 1920, just before the bank closed. The payment was made by a check given by the Farley investment company of this city for Kremer.

Other claims set for trial this week are those of Benjamin W. Springer, Mrs. Julia Strauss and Mrs. Edith Maude Schear. The four claims aggregate about \$100,000.

Government railways in South Africa will be electrified for 760 miles, power being obtained from the Victoria Falls.

Bee want ads are business getters.

## Harding Talks At Dedication Of War Tablet

**Republican Presidential Nominee Speaks at Birthday Anniversary of Rutherford B. Hayes.**

Fremont, O., Oct. 5.—Taking a respite from the cares of his campaign, Senator Harding motored to Fremont and delivered a nonpolitical address at the dedication of a soldier memorial at Hayes Memorial Library, situated in a public park which is part of the old estate of Rutherford B. Hayes.

Before the exercises the nominee and his wife were luncheon guests of Webb C. Hayes, a son of the former president, and later they visited the latter's grave near by.

A parade of Sandusky county war veterans also was reviewed by the

senator as a part of the day's program which commemorated the anniversary of President Hayes' birth.

In his speech Senator Harding reviewed the historical associations of Sandusky county and praised President Hayes as one "whose official service to America was more healing than heroic, and left a sense of satisfying security as a heritage to America." Paying tribute to the soldiers of the great war, he said that they, too, had "wrought less in brilliancy but more in glory" and called upon American citizens to demonstrate by peace-time patriotism the same measure of devotion to duty.

"Voice today," he said, "a tribute to the steadfastness, the resolution, the undaunted courage, the irresistible determination of the American expeditionary force. You world war veterans are the new leaven in the patriotic citizenship of the republic, the mightiest influence in American life for a half century to come."

"Let us do more even than is symbolized in memorial tablets and monuments. Let us pay our sorrowing tribute to the dead, our grateful tribute to the living and be resolved, all of us, to meet our duties as they meet theirs, undeterred, unafraid, and hand on to our sons and daughters the legacy of liberty

and temple of security, our own U. S. A."

The name of Governor Cox appeared beside that of Senator Harding on the program, but officials said he had canceled recently an engagement to be present. Referring to the fact that arrangements for the ceremonies had been made before the national conventions, Senator Harding said that he had come because "I believe in keeping contracts."

Tonight the senator and Mrs. Harding returned to Marion by motor.

## "The Crank" Says Robbery Purpose at Coughlin Home

Norristown, Pa., Oct. 5.—August Pasquale, "the Crank," who is awaiting trial in the Montgomery county jail for the kidnaping of Blakely Coughlin, is said by the authorities to have added to his alleged confession that he entered the Coughlin home for the purpose of robbery and had no thought of stealing the child until he saw him in his crib. Pasquale still refuses to tell what he did with the traveling bag he had with him at the time, and the police are searching for it in the belief that it may contain the missing child's body. The prisoner said the baby was in good health when he last saw him.

## Name League Members

Brussels, Oct. 5.—Announcement was made that Belgium's representatives on the league of nations will be Paul Hymans, minister of foreign affairs, H. Carton de Wiart, former minister of justice, and Jules Desmet, minister of arts.

# No Reduction in Price of Oakland Sensible Six

At this time when the public mind is disturbed by sensationally announced price reductions of automobiles and other merchandise and commodities, we desire to give assurance to those who require Personal Passenger Transportation, such as provided by the Oakland Sensible Six, that we do not anticipate reducing the price of our cars.

Starting with the production of the raw material required and continuing through to the finished product, over 80 per cent of the cost of an Oakland Sensible Six is labor.

Over 80 per cent of the cost of all other automobiles produced in large quantities is labor.

When wages paid to labor are reduced, or when labor produces more per man, then may manufacturers of honestly priced automobiles legitimately consider the reduction of their selling prices.

We have not heard of any instance where automobile workers are receiving lower wages.

If wages may be lowered eventually we see no immediate trend in that direction.

In the production of so essential a factor in our economic life as the passenger auto-

mobile—increasing as it does the personal efficiency of owners by nearly 57 per cent—we believe the workers whose toil produces the vehicle should be large beneficiaries of the constructive character of their work.

If abnormal demand had been responsible for over-enthusiastic expansion and inflated profits in certain instances the wage earner should not be made to suffer as he must if powerful forces effect lower automobile prices whether or no.

True enough, there have been many instances of inflated prices. There has been profiteering. And true enough, abnormal profits must be eliminated.

And that is what has been going on all around you recently—the price reductions you have witnessed in automobiles and other merchandise are the belated shaking out of the abnormal profits. The normal profits are still there.

Manufacturers whose goods have been priced on actual cost to produce, plus normal profit, have no inflated figures with which to appeal to the uninformed public in sensational announcements of "Price Reductions." Prudent, studious buyers will not be misguided by erroneous principles.

## Oakland Price Advance in Five Years, Due to Increased Cost of Labor and Material, Only 27.4 Per Cent

In 1915 Model 32 Oakland Sensible Six was put on the Market at \$795 f. o. b. factory.

Since 1915 the wheelbase of the Sensible Six has been lengthened five inches, its weight increased about four hundred pounds, its horsepower materially increased, its frame made deeper, and in many other ways the car has been enlarged, strengthened, improved and refined.

If the present Model 34-C had been built in 1915, it is more than conservative to say that, based on labor and material costs at that time, we would have been compelled to list it to sell at \$1095, or more, f. o. b. factory.

We are therefore able to say, also with great conservatism, that the present price of Model 34-C represents an increase, due solely to increased costs of labor and material, of 27.4 per cent. Larger production each year has kept this increase at a low figure.

Compare this increase with the increase of other automobiles and with commodities—with the things you buy every day.

Nowhere have we been able to find a standard article of merchandise that has increased as little in selling price as the price of the Oakland Sensible Six.

In the event of unexpected reductions in the cost of the labor and material that enter into the construction of the Oakland Sensible Six to a point where we may properly and legitimately reduce the list price of our cars between October 1st, 1920, and May 1st, 1921, we will refund to every Oakland purchaser who buys within the above mentioned period of time the amount of such reduction.
