

**NEW FRENCH WATER SPORT, DANGEROUS BUT EXCITING—**  
 In a special built boat with 13 to a side, the captain who is the most powerful in the crew is armed with a long pole and struggles with his opponent to throw him overboard. The only protection against the pole is a chest shield. The photo shows the boats heading on for each other at full speed.

**THE FLYING MOTOR CAR**—Remarkable feats are being performed in a sensational film which is now being produced by Germany. The photo shows a daring jump, in which a motor car successfully negotiates a huge gap in a bridge which has been destroyed.

**CENSUS OF SEALS EXPECTED TO SHOW ABOUT 600,000, WORTH \$84,000,000**—Under control by Uncle Sam, the animal "count of noses" is of importance to prevent "blind killings" of the animals for their furs, possibly resulting in their extinction. Under the present government control, the seals are increasing 10 to 12 per cent of their number annually. The photo shows taking the count at St. George Island, Bering Sea.

**MEMORIAL STATUE TO KING EDWARD OF ENGLAND**—Bertram Mackennal, England's foremost sculptor, has just completed a statue of King Edward in plaster, and it was recently inspected by the King and Queen of England at the sculptor's studio. Mackennal's work met with complete approval.

**MRS. LLOYD GEORGE HONORED**—The latest portrait of Mrs. Lloyd George, wife of the Premier, who has had the Order of Dame Grand Cross of the British Empire conferred upon her. The honor is conferred in recognition of the many services rendered by Mrs. George during the war in connection with war charities, hospitals, etc.

"Bigger than Weather"

**GREATCOATS of North Country Wool**

Patrick garments are built for style as well as for warmth and long wear. Cut on fashionable lines, carefully tailored and finished throughout, they match in every respect the fine quality of the wool from which the famous Patrick Cloth is made.

There is no other cloth just like Patrick Cloth. It is made of the thick long-fibre wool from "sheep that thrive in the snow."

Manufactured exclusively in Patrick Woolen Mills, it is made up into garments in Patrick factories.

Patrick Wool Products possess extra worth and quality because Patrick controls every manufacturing process from raw wool to finished garments.

*Ask your dealer for Patrick Greatcoats, Mackinaws, Sweaters, Caps, Hosiery, Auto and Outing Blankets. Easily identified by the green and black Patrick label. If he does not handle them, write us. We will recommend you to one who does.*
