The bride's gown was of silk-net and lace over light blue satin. She carried an arm bouquet of bride's roses.

Y., where she will enter upon her novitiate. Miss McShane was accompanied by her mother, who will return to Omaha the latter part of the month.

She is the youngest of 13 children, five daughters and eight sons.

A number of Miss McShane's intimate friends had been told of her intention to become a nun in the order of the Sacred Heart and her departure Sunday evening was not a surprise to them. She will take the habit of a religious and the white veil in April and two years later will take the black veil. The order of the Sacred Heart is a cloistered one and the nuns never leave the convent grounds.

When oil mops have been used for any length of time their cleaning is an unpleasant and tiring job. The work can be made less disagreeable and tiring by sousing the mop up and down in hot water, to which has been added a little ammonia and washing soda. Don't put your hands into the water at all. Just work the mop up and down in this water and repeat several times in fresh water, each time adding the ammonia and soda. Rinse in clear hot water and hang out to

The Housewives Burden

When a woman is almost distracted from overwork, her home is in disorder, crying children, and on top of all is suffering from backache, bearing down pains, or some other form of feminine ills, then she should remember that hundreds of women in just her condition have been restored to health and regained their youthful strength by taking Lydia E. Pinkham's Vegetable Compound and not rest until she has given it a fair trial.

Proof that it Restored the Health of These Two Women

Cairo, Ill.—"Some time ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me and I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine."—Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.
