ADVERTISMENT. LIFE WAS A MISERY TO HER. Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak, languid, had no energy and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your vegetable compound to dozens of my friends and shall always recommend it." LILLIAN T. THARP, 824 S. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

A Shoe Shelf. Shoes will get mixed up even in the best regulated closet floors, and the man solved the problem by covering a soap box with crumpled and standing it edgewise along the closet wall. Her shoes, nicely paired and arranged in this elevated condition, were less easily disarranged and more easy to find, the box interior making a good place for paper bags and string.

Mrs. Howard Honored

The Alice R. Howard Chautauqua circle, organized Saturday afternoon

at the Y. W. C. A. was named complimentary to Mrs. W. B. Howard, organizer of all chautauqua circles in Omaha.

The Alumnae association, "Hall in the Grove," two chapters of the League of the Round Table, the Longfellow, Bishop Vincent, Round Table, Roosevelt, Loomis, Dundee and Howard circles are outgrowths of the Tennyson circle, which was organized six years ago.

Mrs. Howard has been active in chautauqua circles for a number of years, having been a member of a reading circle in Lincoln, where she resided before coming to Omaha.

For Rusty Irons. Flatirons that have become rusty may be cleaned as follows: Tie a piece of bresaw in a thin cloth. Heat the irons enough to melt the wax, but not to make them extremely difficult to handle. Rub the iron with the wax and then rub vigorously over a board covered with coarse salt.

Flatirons that leave a brown streak on immaculate clothes are an abomination and means an extra amount of work.

Why the Operator Reports—"The Line is Busy" Then Says—"They Don't Answer" When the operator reports "The line is busy" and a little later informs you that the person called does not answer, this is the situation: When your operator first tried to make the connection, another operator was ringing the same number for another person. This properly caused the signal to show the line busy. On the second attempt your operator did not get the "busy" signal, and on ringing the bell found that no one answered. FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or if rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up. A small jar of Mentho-Sulphur may be had at any good drug store.

This Leaves the Arms Free From Hairy Growths (Toilet Talks.) A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about two minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone. See want ads are best business getters.

Washing Won't Rid Head Of Dandruff The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Says His Prescription Has Powerful Influence Over Rheumatism Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sherman & McConnell's 6 drug stores have been appointed agents for Allen in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.
