Art Metal Again Saves Important Records

The plant of the Strassel-Gans Paint Company, Louisville, Ky., was destroyed by fire on May 20th. The following is an extract from their voluntary testimony to the fire-resistance of Art Metal:

"We had in our office one of your No. 1000 Mahogany Art Metal Letter Files. All the wooden fixtures around this file were either destroyed or burned so badly as to be rendered useless. When the file had cooled sufficiently to enable us to handle it, we were very much surprised to find the contents intact and the letters and papers therein not even scorched."

Not on mere claims but on its performance in actual fires may you place your confidence in the fire resistance of Art Metal Steel. Step-in and let us show you these files and other Art Metal Steel Office Equipment. Complete catalog on request.
