Attorney General's Assistant Resigns

Lafyyette, Ind., Oct. 13.—Declar-ing that restrictions placed by At-torney General A. Mitchell Palmer on the government's prosecution of the conspiracy case against the coal mine operators and United Mine Workers had "cut the heart out of the case," Dan W. Simms of this city, assistant to the attorney general, has resigned. Announcement of his withdrawal from the case was made today, although Mr. Simms forwarded his letter of resignation to Mr. Palmer October 4.

The charge against the miners and operators is that of conspiring to violate the Lever act, and Mr. violate the Lever act, and Mr.

Simms expressed the opinion that the
government had every reason to expect a conviction if the prosecution
were conducted as it should be. He
said that the attorney general's limitation would shut out all the evidence of the conspiracy, as it was
that evidence which led to the indictment of the operators and minters.

15,000 Number Changes in New Telephone Directory

More than 15,000 changes have been made in the numbers listed in the October telephone directory, which is now being delivered.

All the former two and three-figure numbers have been prefixed with ciphers, as for example, Harney 90 is now Harney 0090. To get this number, for example, you should call "Harney oh-oh-nine-oh."

All former one-figure numbers have been changed entirely to four-figure numbers.

These changes have had to be made to prepare for the installation of automatic service in the downtown district. At that time all numbers must contain four figures.

And a large number of other changes in numbers has been necessary in all the central offices because of moves and new installations.

Your co-operation in looking up every number before you make a call, will assist us materially in our furnishing you satisfactory telephone service.
