Girl Bride and Tramp Husband Held by Police

Former Soldier and Young Wife Arrested in Bluffs on Vagrancy Charges—May Be Released.

Wallace J. Copeland, former soldier, and Jacqueline, his pretty 18-year-old girl-bride, are held at Council Bluffs police headquarters on vagrancy charges. Mrs. Copeland was wearing uniform and her husband's when they were arrested by Patrolman Earl Allen near Seventh street and First avenue yesterday.

Alleged Gangster Held Under Bonds of \$1,000

William Holmes, alias "Baldy" Holmes, alleged member of a gang of automobile and merchandise thieves, was arrested in Council Bluffs police court yesterday upon charges of receiving and aiding to conceal stolen property. He was bound over to the grand jury under bonds of \$1,000 by Judge Frank Campbell after a preliminary hearing.

Will Explain Election To Republican Women

A meeting of republican women will be held Tuesday afternoon at 2:30 at 2220 West Broadway. The purpose of the meeting will be to explain the election ballot. County Attorney C. E. Swanson will do the explaining. Many republican women are taking an active interest in the November election.

Wife In Lawsuit To Get Baby From Grandparents

Mrs. Raymond Peterson Asks Court for Child Held by Dead Husband's Parents.

In the neat little cottage at 1502 Madison street Mrs. Raymond Peterson, with a heart full of anxiety, has been waiting for a week for the county judge of Nemaha county, at Auburn, Neb., to render the "judgment of Solomon" and restore to her arms her 20-months-old child, now in the possession of the maternal grandparents.

The story of the mother is an unusual one. She was married to Earl Cotton in Nemaha county and two months before the birth of the child in controversy the father died during the influenza epidemic. The widow went to the home of her parents-in-law, Mr. and Mrs. John Cotton, farmers, to live while she awaited the visit of the court.

Shortly after the birth of the babe the mother became a victim of influenza and left her in such a condition that she could not nurse the infant. Mrs. Cotton, grandmother of the infant, took possession of the child and nursed it. The mother complains that all the time she was never permitted to have the child to fondle, nor was she allowed to have the pleasure of sleeping with her.

Works in Omaha.

When the mother was restored to health she found herself in straitened circumstances and she came to Omaha, where she entered one of the factories of the M. E. Smith company and worked at a small weekly wage, out of which she saved sufficient to make periodical visits to the home of her parents-in-law to see the child.

New York Woman Indicted On Charge of Willful Murder

New York, Oct. 16.—Ida Werner, 42, was indicted by the Campbell county grand jury on three counts charging her with willful murder. The indictment was the result of investigation of the deaths of Stanley Williams, 4 months; Carl Williams, 2 years, and Shirley Williams, 4 years, and Shirley Williams, 4 years, and Shirley Williams, 4 years. A chemist's analysis showed traces of poison in the children's stomachs.

Ladders can be prevented from slipping with a new stay to be adjustably fastened to their lower rungs and terminating in a spike or suction cup.

REAL HAIR GROWER FOUND AT LAST

Those who have become prematurely gray or who are troubled with scalp or hair diseases, such as falling hair, dandruff, baldness, itching scalp, etc., know full well the humiliation that they cause. There is no need, however, of such conditions. These troubles can be quickly overcome by Borandine, the new drug recently discovered at the Scientific Research Laboratories at Scranton, Pa. Since its discovery a little over a year ago, Borandine has been found to contain marvelous properties for producing a new growth of hair. In the most serious cases of baldness, dandruff, itching scalp, etc., the results obtained by the experimenting chemists were considered almost miraculous. In every case it was found that where there was any hair root left it would produce a new and luxuriant growth of hair in from four to six weeks' time. Gray or faded hair was often restored to its natural color in from 10 to 14 days' time. In minor cases of scalp and hair diseases, such as dandruff, falling hair, itching scalp, etc., it was found that these unnatural conditions were quickly and often completely cured by two or three applications. The discovery of Borandine will without doubt put an end to the troublesome scalp and hair diseases that are becoming too common with the American people. Anyone who suffers from scalp or hair troubles should write the Scientific Research Laboratories, Dept. 74, Scranton, Pa., at once, and full particulars of this new discovery will be sent you in a sealed envelope free of charge.

FREE Bench, Scarf and \$10 worth of music

To Be Had in Burl Walnut—San Domingo Mahogany or Oak. We have no room for them, so to move them quickly we have priced them way below their worth. Read the names of the instruments and their prices. These are but samples of the many used pianos in this sale.

Bootlegger Nearly Misses Pie

Curious Crowd In Small Minnesota Town Congregates to Inspect Car With Big Load of Canadian Club—But They Didn't Know It.

Speaking of guilty consciences! One of the w. k. Omaha bootleggers (name suppressed for obvious reasons) recently toured to Canada and toured back again with his automobile springs sinking under his car in front of the window and heavy load of the celebrated Canadian Club.

Alarm Expressed by Farmers Unwarranted, Reserve Board Says

Chicago Tribune—Omaha Bee Leased Wire. Washington, Oct. 16.—The alarm expressed by agricultural producers over credit conditions is unwarranted, is the burden of a formal statement issued by the federal reserve board. The statement is the reply of the board to appeals of delegations of producers for preferential discount rates and more liberality on the part of the banks in the financing of farm products.

Receiver Is Asked for Co-operative Association

Milwaukee, Oct. 16.—Application for the appointment of a receiver for the American Co-operative association, whose headquarters are in Milwaukee, was made by the June Shoe company, a creditor. It is claimed the association's liabilities are \$400,000. The assets are said to be between \$800,000 and \$900,000. The association has 78 branches, including about 45 in Wisconsin, the remainder being located in Kentucky, Wyoming, Nebraska and South Dakota. See want ads are best business getters.

Prices May Go Higher, Avers

Louis C. Nash

Manager of Burgess-Nash Store Says Closing of Factories May Cause Shortage and Boost in Prices.

Uncertainty of merchandise conditions is emphasized by Louis C. Nash, of the Burgess-Nash store, who just returned from a meeting of the National Retail association in New York. "In many cases merchandise is now being sold at prices below the cost of production," said Mr. Nash. "This may result in the closing down of mills and factories and the consequent shortage and price advance of materials."

Yeggs Got Only Small Loot From Coal Office

Yeggs last night broke into the offices of the Resnick Coal company, 2306 Cumine street, and carried a 400-pound safe into the backyard where they chiselled open the bottom. They obtained only a few dollars, leaving several thousand dollars in checks in the safe.

Poles Smash Reds

Warsaw, Oct. 16.—(By The Associated Press.)—The smashing of the Sixth bolshevik division by the Poles in a resumption of fighting on the Russo-Polish line is reported in last night's war office statement. The Poles are extending their lines toward the boundary set by the armistice, which is shortly to become effective, and have reached the town of Krzywizze (probably Krzywicz), southeast of Lemberg.

Driver, Whose Car Killed Man, Freed

Carl Adams, Driving Slowly, Didn't See Car Workman, He Tells Jury.

Carl Adams, driver for the Omaha Taxicab company, who Friday morning ran down and killed John Tierney, street car company track tender, at Park avenue and Leavenworth streets, was exonerated by a county coroner's jury at the Crosby undertaking parlors yesterday morning. Adams was ordered released from jail, where he was held in default of \$5,000 bonds. Adams testified that the accident occurred at 4:30 a. m. and that, in the darkness, he failed to see Tierney, who was bent over greasing the tracks with his back toward the car, until too late. He said that he was making 20 miles an hour when he struck Tierney. He did not know that it was a man he was running down until he had struck him, he testified. Sixty-nine per cent of the world's yield of copper is produced in America.

\$1,000 a Day To prevent defective tires

One hears a great deal about Miller Tires nowadays—about remarkable mileage and unique uniformity. Do you realize that ten years have been spent in perfecting this tire? And that \$1,000 a day is spent just to guard against defects?

Every tire signed

Cords and fabrics are all tested in the most exacting ways. Not a tread is made until a sample of the stock is vulcanized and tested in the laboratory. Fifty experts inspect the finished tire. Each must sign every tire he passes, and the man who makes it signs it. If a tire comes back, both these men are penalized.

Over 1,000 tires a year are worn out at the factory in watching Miller mileage.

Eight geared-up machines each run two tires 650 miles per day. Heavy cars, under-tired, are run night and day on the road. Scores of taxis and jitneys are employed in these ceaseless tests. Five rival makes are constantly compared with Millers. Day after day the Miller makers prove that their tires excel. They know the mileage they are giving, they know that they are uniform.

Million-mile tests

Many large users are comparing Millers in million-mile tests, and over. Often a score of makes are run against the Miller. On stage lines, taxis and trucks Millers are winning enormous contracts by out-serving every rival.
