

### Cotton Growers Demand Wilson Remove Houston

#### Secretary of Treasury Scored for "Persistently Unfriendly Attitude Toward Agriculture."

Atlanta, Ga., Oct. 16.—Resolutions calling on President Wilson to remove Secretary of the Treasury Houston from office because of his "persistently unfriendly attitude toward agriculture" were adopted at the annual meeting of the Georgia division of the American Cotton association.

The resolution makes the following complaint against Secretary Houston:

"That he started the raid on cotton in September, 1918, with an interview declaring that 25 cents a pound was a fair price for cotton in normal times, when it was then selling for 38 cents; that his well-known unfriendly attitude toward the agricultural interests while he was secretary of agriculture caused the farmers of the country to agitate strenuously to his appointment as secretary of the treasury, but these objections were disregarded by President Wilson; that since his appointment as head of the Treasury department he has continued his unfriendly attitude toward agriculture by issuing statements and propaganda to reduce the price of farm products and has continued this propaganda so persistently and effectively that the price of cotton and other agricultural products has declined below the cost of production, thereby causing the loss of millions of dollars to the farmers of the United States."

### G.O.P. Heads Claim Senate Control

#### Indications Point to Sweeping Victory for Republican Party.

Chicago Tribune—Omaha Bee Leased Wire. Washington, Oct. 16.—That the republicans will control the next house of representatives seems assured, all pre-election forecasts indicating that the democrats have no chance of overturning the present political complexion of the lower house.

While there may be some doubt about the senate, owing to internal factional conditions in several important states, notably Wisconsin and Indiana, republican leaders believe both branches of the legislative end of the government will be won on election day.

Thirty-four senators are to be elected. The result is doubtful in the following 10 states: California, Colorado, Idaho, Indiana, Kentucky, Maryland, Missouri, Nevada, Ohio and South Dakota.

Compilation of the figures available indicate that 46 republicans are reasonably sure of election and 40 seats are safe. In the house the republican majority now is 39. There are contests in 26 districts where the elections are in doubt. Estimates indicate the election of 244 republicans, 165 democrats and 26 are doubtful.

The present house of representatives, according to the latest figures, consists of 233 republicans, 191 democrats, 23 prohibitionists and one socialist.

Labor unions of Manila have adopted resolutions against importation of contract Asiatic laborers into the Philippines as proposed by the agricultural congress in session there. The unions appointed committees to protest to the legislature against passage of a bill admitting Asiatic laborers.

### Men and Girls Bearing Farnam Dust With Smile

Present-day Omaha residents are experimenting a touch of the dust and dirt their forefathers endured before there were paved streets in Omaha and the flying dust of Nebraska was its most marked feature.

This, because of relaying of the tracks in Farnam street, which is reported to be raising havoc with the complexions of Omaha girls, the temper of everyone and the purses of Farnam street merchants. Bloodshot eyes, dirty linen, dusty food, dusty clothing and profanity are part of the daily routine in Farnam street these days.

A majority of Farnam street merchants today expressed the belief that the good attained would overcome the temporary discomfort of the dust and noise and difficulty in crossing the street. At the same time nearly all declared the city could eliminate the dust clouds by sprinkling the streets.

"Hurry It Up." "Some people would kick on anything," William F. Holtzman, manager of the Nebraska Clothing company, said. "Personally, I'm glad to stand the inconvenience to get the improvement."

"Everything worth while must be paid for," said Charles E. Black, 1417 Farnam street. "I'm willing to pay the price for the improvement."

G. A. Bennett, manager of the Henshaw hotel, admitted experiencing inconvenience but doesn't care just so they hurry up the job.

O. E. Berg, manager of the Berg Clothing company, 1609 Farnam street, declared the city could do much to relieve the situation by sprinkling the streets at night.

"We cannot keep our doors open," Berg declared, "and are forced to close our transoms. Under the circumstances it is impossible to keep things cleaned. Our stock is partly ruined. Business is not what it should be."

Coming and Going. G. A. Ward, manager of the Ward bakery and cafeteria, 1607 Farnam street, stated that he was "between

League Control Board Is In Warsaw From Vilna Trip. Warsaw, Oct. 16.—(By The Associated Press.)—The league of nations commission of control, which has been in Vilna, where a provisional government was established after its recent seizure by troops under command of the insurgent general, Zeligowski, arrived at Warsaw today.

Clearing House Reserves Decrease During Last Week. New York, Oct. 16.—The actual condition of clearing house banks and trust companies for the week shows that they held \$26,256,020 reserves in excess of legal requirements. This is a decrease of \$9,943,960 from last week.

### Nebraska Man Is Fast Worker In Heart Affairs

#### Leaves Portland, Ore., for Chicago to Face Charges of Passing Worthless Checks On Which to Marry.

Portland, Ore.—Oct. 16.—(Special Telegram)—Sullen and disappointed, Glen T. Aldrich, former assistant paymaster in the navy, has started for Chicago, without a fight against extradition, to answer charges that he passed the way into bigamy with bad checks aggregating \$4,000, scattered during a brief but riotous escapade the latter part of August. He left in charge of Detective Sergeant John Cartan of Chicago.

Aldrich's gloom is partly attributed to failure of his father, who is a packer of Nebraska City, to come to his aid financially, officers say. The father telegraphed a local bank that he would not help clear the son's financial troubles.

The bigamy charge in Chicago was preferred by Mrs. Esther Carlson Aldrich, who said she became his bride at Great Falls, Mont., September 7. She took this action after comparing notes with Mrs. Lillian Dombrow Aldrich, society girl of Oak Park, Ill., whom Aldrich courted in whirlwind style and married in Chicago August 28, according to the story of Kathleen Elsmere, toe dancer now employed in a Seattle cabaret, the former navy ensign is a thrice married man. She has just informed Chicago officers that she met Aldrich in the orient and after a dashing courtship was married to him in Sacred Heart church in Chicago.

"Great heavens how that man could love," she wrote of the courtship, substantiating her claim that Aldrich is her husband. The Elsmere woman says she received pay

allotment as his wife during the war. While they lived together the woman says Aldrich was nearly always in need of money and often obtained it from his parents.

The accused man is deeply chagrined because Esther Aldrich, who is known as bride No. 2, has turned against him. Plans for their marriage had been laid before he met and married Miss Dombrow during his grand jamboree in Chicago.

### Kid McCoy's Eighth Wife Is Granted Divorce

Los Angeles, Oct. 16.—Another chapter in the matrimonial experiences of Norman Selby, better known as Kid McCoy, former prize fighter and present motion picture actor, had been concluded today with the granting of a divorce to Carmen Browder Selby, 20, his eighth wife.

"He told me his other wives had been women of the world and he said he wanted a real girl he could love," Mrs. Selby testified "I believed him."

But she was soon disillusioned, she said.

"This man will get another wife if I grant the divorce," Judge Jackson said. "Perhaps it would be as well for this girl to act as a buffer for the rest of the community."

Nevertheless the decree was granted.

### Continued Success Greeted General Wrangel's Forces

Sebastopol, Oct. 16.—(By the Associated Press.)—Continued success along the south Russian front by General Wrangel's forces are reported here.

Attacks in the neighborhood of Kherson have been repulsed, and 5,000 bolsheviks were captured and many field and machine guns taken. The Ninth and Forty-second soviet divisions were routed in recent engagements. On the Dnieper front near Nikopol, 4,000 prisoners, many cannon and armored trains were captured, while on the Kharkov front bolshevik attacks have been repulsed.

# BEWARE!

Unless you see the safety "Bayer Cross" on tablets, you are not getting genuine Aspirin prescribed by physicians for over 20 years, and proved safe by millions.

Safety first! Insist upon an unbroken "Bayer Package" containing proper directions for Headache, Neuralgia, Colds, Earache, Toothache, Neuritis, Rheumatism, Lumbago and Pain generally. Made and owned strictly by Americans.

## Bayer-Tablets of Aspirin

Handy tin boxes of 12 tablets cost but a few cents—Larger packages Aspirin is the trade mark of Bayer Manufacture of Monacopolandcenter of Salicylicacid

## 15,000 Persons

to have their first ride in the Marmon 34 this week

We want every car owner in this city to know the remarkable qualities of the Marmon 34, as Marmon owners know them. The only way you can know this is to ride in the car—to have a real demonstration. If you are a car owner, we want you to ride, some time this week.

This does not mean only "prospects"—persons who intend to buy a car. We want every car owner to ride in the Marmon. Read about this interesting plan.

Marmon 34 Demonstration Week, October 18-23

Most people feel that they should not ask for a demonstration unless they are actually going to buy a car. And, as a rule, dealers do not wish to incur the expense of a demonstration except for actual "prospects."

But we want every car owner in this city to know what a wonderful car the Marmon 34 is. We know that one ride—one real Marmon demonstration—will prove to their own satisfaction that all the remarkable things they hear about the Marmon are true. It will tell them more than much advertising.

For this is the new way of advertising motor cars—on facts—on proved performance, instead of by printed claims. And that Nordyke & Marmon Company is the first to introduce this new method proves its faith in the Marmon 34.

The coming week will be Marmon Demonstration Week all over the country. It is estimated that 15,000 persons will ride in the Marmon this week.

In a previous advertisement we told the interesting story of the Marmon

Score Card—the simple, logical system for judging a motor car strictly on its performance.

We want every car owner to have one of these Score Cards. And we want him to record the performance of the Marmon 34 as we give him a demonstration. Then, if he wishes, he can "score" any other car during a demonstration.

If you own a car, allow us to give you a Marmon demonstration at any time during the coming week most convenient for you.

Remember, we do not ask that you even consider buying a motor car. You will not be obligated in any way. There are no strings to our invitation. We just want you to know Marmon ease of riding, roadability, smoothness of motor operation, convenience of all controls and other exceptional qualities. After you have had your demonstration, you will know them. And you will have gained a new conception of motor car performance.

Call us up and make an appointment for your demonstration.

### Summary of the SCORE CARD

This is merely to give an idea of some of the items included in the Marmon Score Card. On the score card these items are elaborated and it is arranged for a record of competition between several cars. As you compare them, you can record all the results as a guide in making a decision. A complete copy of the Marmon Score Card will be furnished upon request.

- Ease of Riding
  - 20 to 40 M. P. H.
  - Any speed on rough road
- Acceleration
  - 14 to 50 M. P. H.
  - 10 to 40 M. P. H.
- Deceleration
  - 50 M. P. H. to dead stop
  - 40 M. P. H. to dead stop
  - 20 M. P. H. to dead stop
- Slow Speed Operation in High Gear
  - In traffic
  - On hills
- High Speed Operation
 

(If prospect desires and where law permits)

  - Maximum on level stretch
  - Maximum on hills (in high)
- Ease of Steering
  - On rough road
  - In traffic
- Convenience of All Controls
- Economy
  - Gasoline
  - Tires
- Weight
  - Fully equipped for touring
  - On all four wheels to determine perfection of balance
- Smoothness of Motor Operation
- Rigidity
- Roadability

## Just Water!

We're not one of those "barber shop" stations.

We don't try to coax you to have insulation replaced, battery recharged and a lot of miscellaneous needless work done when all your battery needs is a drink.

Drive in. Let's get acquainted for your battery's sake.

And you ought to know about Threaded Rubber Insulation—the kind selected by 152 manufacturers of passenger cars and motor trucks.
