Total receipts of all wheat were 14 cars, while the six markets had 1,015 cars against 1,057 cars last year. Minneapolis prices were unchanged, with trade slow. Corn Prices Break.

A big business was on in corn with the prices down to new low levels, with a break of 3½c to 6c from the previous day's close with October leadling. January was affered down to 80½c, while December touched 82c and May 36½c, with the close on a raily of ½c to 1c from the low point on heavy covering. Eastern houses were enormous sellers, as were also local interests, liquidation on stop loss orders being on. The buying was in the way of profit taking by holders of bids. Export sules were 50,000 bushels. The visible supply is 8,000 bushels above an average

Buyers of corn were less anxious for supplies and prices were 2c to 3c lower at Chicago, with receipts 186 cars, while six markets had 398 cars against 72s cars least year. St. Louis lost 2c to 3c. Rye broke sharply with other grains, but railled on support from sastern interests, with export sales 25,000 bushels. Cash lots were 9c over December.

Barley had an easy tone with prices off to 2c for cash lots. Russia shipped 150,000 bushels and the Danublan ports 103,000 bushels, mostly to the United Kingdom.

Chicago Grain

By CHARLES D. MICHAELS.
Chicago Tribune-Omaha Bee Leased Wire.
Chicago, Oct. 19.—Grain prices were on the downgrade a great part of the day. There were numerous sharp rallies of short duration, but the finish was well toward the low point, with severe losses. A decided lack of confidence on the part of buyers, coupled with an extremely pessimistic feeling regarding the economic conditions in this country and Europe, were the basis for the sell-ing. It was a case of finding a buyer at times, regardless of cost of production or any other conditions.

Corn declined to the lowest price in four years and finished with losses of 2½c to 4½c, October leading. Wheat lost 5½c to 6c, oats 1½c, rye Ic to 2½c, barley 2c to 2½c, pork \$1.10. Lard was 5c higher to 35c lower and short ribs 25c lower.

Cash wheat prices were 5c to 6c lower at Chicago, with premiums on CHICAGO CLOSING PRICES.

Art Metal again saves important records

The plant of the Strassel-Gans Paint Company, Louisville, Ky., was destroyed by fire on May 20th. The following is an extract from their voluntary testimony to the fire-resistance of Art Metal:

"We had in our office one of your No. 1000 Mahogany Art Metal Letter Files. All the wooden fixtures around this file were either destroyed or burned so badly as to be rendered useless. When the file had cooled sufficiently to enable us to handle it, we were very much surprised to find the consents intact and the letters and papers therein not even scorched."

Not on mere claims but on its performance in actual fires may you place your confidence in the fire resistance of Art
