Will You Do This?
Fall days are happy ones for a little 9-year-old school girl, but will the winter days be happy? Will the smiling faced little one continue to smile or will she be cold and shivering when the wind howls and snow and sleet fill the air? Would you be willing to donate a warm, serviceable coat to her?

Miss Fairfax knows both the child and her mother, who are very deserving. In these days of unusually high prices, the mother's meager wage will scarcely support the two in strictest economy and this does not include purchases such as coats.

Won't some mother whose own little Susie or May or Jane has outgrown a coat send it to this office?

BEATRICE FAIRFAX.

Cranberries

The Fruit For Every Meal!

Cranberries are good themselves and make other foods taste good! At breakfast—try cranberry jelly on hot biscuits or toast; it is surprisingly good!

For lunch—with cold cuts—cranberry sauce makes the most delicious relish.

For dinner—with roast beef or steak—cranberry sauce adds a piquant flavor and aids digestion.

As a dessert—a tempting cranberry pie, jelly roll, or pudding perfects the meal.

Try these recipes:

Cranberry Jelly

Cook until soft the desired quantity of cranberries with 1½ pints of water for each two quarts of berries. Strain the juice through a jelly bag. Measure the juice and heat it to the boiling point. Add one cup of sugar for every two cups of juice; stir until the sugar is dissolved; boil briskly for five minutes; skim; and pour into glass tumblers, porcelain or crockery molds.

Cranberry Pie

Have ready a partly baked pastry shell. Pour in sauce when cold, made by either of the sauce recipes, put strips of pastry over the top, and finish baking in a moderate oven.

Cook cranberries in porcelain-lined, enameled or aluminum vessels—never in tin.

To be sure of a selection of the choicest, cultivated varieties—ask for EATMOR CRANBERRIES.

A recipe folder, containing many ways to use and preserve cranberries, will be sent free on request.
