

Harding's Drive Costs \$3,442,892

Report of National Committee to Senate Investigating Committee Shows Amount Expended in Campaign.

Expenses Above Budget

Chicago, Oct. 28.—The republican national committee's campaign to elect Senator Warren G. Harding president will cost \$3,442,892.32, Fred W. Upham, national treasurer of the party, notified the senate committee appointed to investigate campaign expenditures in a report filed with the committee here today.

Of this sum \$3,042,892.32 had been spent up to the close of business Sunday, October 24, and Mr. Upham estimated the expenditures in the closing week of the campaign at \$400,000 additional. The report shows that \$301,388.98 was spent before October 18, when a report was filed with the clerk of the house of representatives in Washington, and October 24, the date of today's report.

Exceeds Budget Estimate.

The total estimated cost of the campaign—\$3,442,892.32—is considerably in excess of the republican budget of \$3,079,037.20 presented to the senate committee at a hearing here last August, but Mr. Upham explained that the disbursements covered the period from June 14, while the budget included only expenditures from July 1. About \$200,000 was spent between June 14 and July 1, Mr. Upham's office estimated, leaving the estimated disbursements from July 1 to November 2 approximately \$3,243,000, about \$162,000 in excess of the estimated budget.

Contributions received since June 14 total \$2,914,706.08, or \$128,185.24 less than the amount expended. Mr. Upham's report shows, of the amount collected \$1,793,556.54 was devoted directly to the national campaign under the direction of the national committee. The remaining \$1,121,149.54 was returned to the states in which it was raised, in accordance with an agreement whereby the national committee solicited all funds for both state and national campaign purposes.

16 Large Donations.

Since Mr. Upham presented his last report to the senate committee here on August 30, in which he showed 16 contributions exceeding the \$1,000 limit laid down by Chairman Will H. Hays, there have been 16 more such contributions from individuals and two from clubs, today's report shows. The 18 donations total \$52,470.50 and including: Harding-Goolidge club, Tulsa, Okla., \$10,000; Hamilton club, Chicago, \$6,120.50; James B. Smith, San Francisco, \$5,000; S. G. Kennedy, Tulsa, Okla., \$5,000; William Sacks, Tulsa, Okla., \$2,500; Percy E. Magr, Tulsa, Okla., \$2,500; Thomas Vach, St. Louis, Mo., \$2,500; George M. Reynolds, Chicago.

Police Say Arrest Clears Up Mystery In Theater Robbery

In the arrest of Lee Harrower, 3508 North Thirtieth street, yesterday afternoon by Detectives Toland Cooper, Pasanowski, and Murphy, police say they believe they have cleared up the mystery in the Empire theater robbery of Sunday night.

Harrower, who was out on bond awaiting trial in district court for the robbery of the T. P. Edmund home several months ago, was turned in by his bondsman. He was connected with the holdup of M. McCoy, Harrower annex, October 22, 1919, when James Allen, 4002 Hamilton street, and Ralph Frost, Emerson, Neb., were alleged to have forced Harrower to accompany them back to Omaha from Blair where the holdup occurred.

Frost who was arrested with Allen in Nebraska City, is alleged to have confessed to having received an invitation to partake in the Empire robbery. He implicated Harrower.

Negro Protects Man When Threatened by Angry Mob

Newport News, Va., Oct. 28.—The attempt here yesterday by a mob of negroes to lynch Isadore Cohen, white, after his automobile had been run over by a negro child was frustrated by R. H. Green, a negro preacher, who fought off the white man's assailants long enough to let him escape in the car. Cohen is held without bond, while the child, a girl, whose skull was fractured, cannot recover, hospital officials say.

All feeling has existed among the negroes of the city since Sunday, when three of them were killed in a fight with police.

Coast Voters to Pass On Japanese Issue Tuesday

Fight for Measure to Deny Orientals Land Privileges in California Long Drawn Out Struggle.

By R. W. DYDER.

Chicago Tribune-Omaha Bee Leased Wire. (Copyright, 1920, by the Chicago Tribune.) San Francisco, Oct. 28.—The history of California's measure to deny Japanese the right to lease agricultural land is interesting. Its proponents first sought its enactment by the California legislature, asking that a special session be called. This the governor declined, announcing that he had received a cablegram from Secretary of State Lansing, then in Versailles, which expressed fear that such legislation would seriously interfere with the successful negotiation of the peace treaty.

Proponents of the measure, however, merely marked time, for a month or two later we find them again urging the governor to convene a legislature.

Again the governor declined, giving as a further reason that the matter was of such tremendous importance that it should be thoroughly divorced from politics and preceded by the fullest and fairest investigation, which investigation he had ordered the state board of control to make.

G. O. P. Senate Important.

"I would not want to be your president unless you are going to give us a republican congress to translate republican promises into legislative enactments. It is very important to have a majority in the United States senate, and you ought always to think of the senate as saving to you your American liberty. Don't be distressed about the so-called senatorial oligarchy. There isn't any. I think we would have succeeded last year in electing the senate into a completely useful agent if it had not been for the interference of the chief executive, who was not satisfied with writing his own end of Pennsylvania avenue.

"Oh! they say, 'You can not tell what Harding stands on the league.'"

"Well let's see if I can tell you where I stand. I am at least entitled to speak for myself. I have been speaking since the 22d of last July, and I charge any democrat in America, high or low, to find a contradiction in my statements."

"I said in the beginning that we were opposed to an armed military alliance with the old world, and I say it now. I have said frequently and I say now, that we are never going to have anything to do with a league with article 10 in it."

Judge Arrested for Accepting Bribes

Chicago Tribune-Omaha Bee Leased Wire. (Copyright, 1920, by the Chicago Tribune.) Indianapolis, Ind., Oct. 28.—Judge James A. West, for the last seven years head of the city court, before whom hundreds of bootleggers and fallen women have been arraigned and fined, was this afternoon arrested on two grand jury indictments, one charging acceptance of bribes and the other conspiracy.

Two other indictments were returned. One is reported to lay against Othello Smith, deputy prosecutor, and one against Don C. Richmond, patrolman, both of whom are said to have left the city.

It is alleged the officials have exacted tribute from traffickers in home-made brew, "white mule" and other concoctions with a kick. The bribe money is said to have ranged from \$50 to \$150 a week.

New York, Oct. 28.—An old time torchlight parade up Fifth avenue tonight will feature the culmination of a day's campaigning here by Governor Calvin Coolidge of Massachusetts, republican vice presidential nominee.

Harding's Challenge to Demo Chieftains

Republican Nominee Reiterates Stand Against Acceptance of Treaty of Versailles.

Akron, O., Oct. 28.—Renewing his charge to democratic leaders to show any inconsistency or change of position in his utterances on the league issue, Senator Harding declared in a speech tonight that he had stood unflinching against accepting membership in the Versailles league, but in favor of an international association founded on principles of justice.

The republican nominee also reiterated his faith in party government and asserted that he did not desire to be president unless a republican congress also were elected to translate republican promises into performance. He made a special plea for a republican senate, declaring the nation owed to the present senate a debt of gratitude that never could be paid. Charges of a "senatorial oligarchy," he pronounced as entirely false.

In stating his position on the league, Mr. Harding declared he had voted for ratification with reservations because that was the only way the senate could deal with the problem as it was presented by the president. He outlined the argument in favor of the reservations on mandates, withdrawal of article 10, and said that all the republican qualifications had been designed to limit obligations, not to make them clearer.

Sympathy for Armenia.

The president's proposal for a mandate over Armenia, the candidate asserted, had shown in striking fashion, the wisdom of the republican reservations. He added that although the United States sympathized deeply with Armenia it could not afford to send an army of 70,000 to 100,000 there "after Great Britain and France had taken all the desirable territory bordering on Armenia, leaving to Uncle Sam the stony and oppressed people of Armenia."

Quoting from a British publication which declared the United States was doing more than any other nation in world rehabilitation by its contributions to European relief, the nominee said:

"That is the soul of America. Talk about breaking the heart of the world. America is healing the heart of the world. But even if it would rather break the heart of the world than destroy the soul of American nationality."

In his discussion of party government and the league, Senator Harding said:

"I know pretty well that the American people are thinking of the republican party back to service in the nation. I have a very strong conviction that you are going to elect a republican as president of the United States. But I warn you, don't do it unless you intend to put the republican party in power in congress, as well as in the executive office."

War on Unpleasant Motion Pictures in Nebraska Declared.

Mrs. Bertha Millar popped the first gun this morning. She has a legislative bill already prepared which she presented for approval of the governing body.

If approved, this measure will be presented the next session of the state legislature.

Mrs. Millar recently conducted an investigation of 130 films inspected at random over the state at a given time.

37 Per Cent Bad.

Of these, she reported 63 per cent good, 37 per cent bad.

Of the "bad" films, Mrs. Millar declared 30 per cent depicted immorality, 30 per cent contributed to delinquency, and 20 per cent to contempt of court.

The report was received with interest by the university amid exclamations of surprise.

The proposed bill, presented by Mrs. Millar, is titled, "A bill for an act to provide for the inspection of motion picture films, creating a board for the purpose of making such censorship, and providing that no motion pictures shall be shown until they have been endorsed by said board and to provide penalties for the violation of this act."

Board of Endorsers.

The body of the bill provides that the governor shall appoint an endorsers' board of five, not less than two of whom shall be men.

"The proposed bill will not provide censorship," said Mrs. Millar. "It will be an endorsers' board. No films rejected by the board could be shown in the state. There would be no publicity given undesirable pictures."

This firm reports it has \$30,000 to offer on the favorite at odds of \$6 to \$1 and \$2,000 of Cox money waiting to be placed at \$1 to \$8. There is also some money to be placed at odds of \$7 to \$5 that Harding carries Greater New York and \$5,000 even money is offered that he carries the state of New York by 300,000. Odds of \$2 to \$1 are offered that Harding carries Ohio.

Women's Clubs Discuss Bills Before Congress

General Federation President Explains Needs of National Legislation for Women and Children.

By a Staff Correspondent. Fremont, Neb., Oct. 28.—(Special Telegram.)—Mrs. Thomas G. Winter of Minnesota, president of the general federation of women's clubs, was the principal speaker at tonight's session of the Nebraska Federation of Women's clubs. She presented the five federal bills which she says will have the support of 2,000,000 women in the next congress.

The bills which the women hope to have become laws are:

1. Smith-Towner bill creating a federal department of education.
2. Shepherd-Towner bill, better known as the maternity and infancy bill.
3. Fess bill, providing for instruction in home economics.
4. Liberty extension bill, providing that the government will go "fifty-fifty" in equipping libraries.
5. Independent citizenship for married women.

Mrs. Winters made the startling statement that women in the United States, classed by the government as unproductive, if allowed \$40 a year for their services would produce \$10,000,000,000 a year.

She stated that \$40 a year was ultra-conservative and supported her statement by asking if a loaf of bread baked in the home was not worth as much as that produced in a factory. All housewives, she explained, are classed as non-productive.

Mrs. Max Oberndorfer of Chicago spoke on art.

Mrs. Anna R. Morey of Hastings, who fainted at the meeting Wednesday night, recovered sufficiently to take part in today's program.

Unions to Give Help To Farmers

Labor and Agricultural Leaders Talk Over Marketing Conditions at Conference.

May Appeal to Congress

Washington, Oct. 28.—Labor leaders participated today with representatives of farmers, in a further conference to devise ways and means of obtaining credits for "the orderly marketing" of farm products. Failure to secure such credits, speakers declared, might result in the inauguration of a general crop holding movement until market prices would provide cost of production and a reasonable profit.

A general committee to draw up a policy to be followed by the conference was appointed, with John Trouble of Kansas, as chairman and all the various agricultural interests represented. It went into executive session immediately.

Further conferences might be sought with the Treasury department and the federal reserve board, it was said, and congress asked for relief if it could not be obtained otherwise.

Statement Unsatisfactory.

The conference met on call of the committee appointed by a recent similar gathering to receive the answer of the federal reserve board to the plea for more credits. The statement of the board was declared by this committee to be unsatisfactory.

A loan of \$1,000,000,000 by the United States to Germany was the plan laid before the policy committee. William W. Brauer of New York, who asserted that he represented the German government, asked the committee to endorse legislation by congress, authorizing such a loan to Germany. He said the German government was prepared to give such a loan priority over all reparations payments under the Versailles treaty. Property of the German government and the German nationals, seized by the alien property custodian, and claims arising from the seizure of German shipping would be offered as additional security, Mr. Brauer said. Germany was ready to purchase \$200,000,000 of original products immediately, he asserted, on such an extension of credit.

Has Contract With Germany.

Mr. Brauer said he had a contract with the German government, authorizing him to obtain the \$1,000,000,000 loan and have sole charge of spending it.

Frank Morrison, secretary of the American Federation of Labor, and William H. Johnston, president of the International Association of Machinists, promised their co-operation with the farmers. Mr. Johnston declared Warren S. Stone, president of the Brotherhood of Locomotive Engineers, had authorized him to give his support to the effort to secure credits for the orderly crop marketing.

Aged Mother Gets Body Of Bandit Son After Tilt With Sweetheart

Chicago Tribune-Omaha Bee Leased Wire. Chicago, Oct. 28.—Mrs. John Carlow, aged mother of John Carlow, alias Kristovick, youthful bandit, trapped by police and slain after he and a pal had shot and killed a police sergeant, and Mrs. Lillian Young, of many aliases and a former cabaret singer, engaged in a verbal battle for the custody of the bullet-riddled body.

The women were at the police station at 4 o'clock after an altercation of 30 minutes. Captain Patrick Harding took a hand and ruled that the mother should have the privilege of burying the body of her son.

Mrs. "Young" claimed that she was the wife of Carlow; that they had been married in St. Paul several years ago. The police, however, believe that the young woman and Carlow were sweethearts, and she was held for questioning.

Lively Contest For Uni Regents

Four Candidates in Race for Two Offices on Nonpartisan Ballot.

Regents of the state university are to be elected by a nonpartisan ballot Tuesday, as are judges and school superintendents, and a spirited contest is on with four candidates for two places.

The candidates are George N. Seymour of Elgin, Victor G. Lyford of Falls City, William L. Bates of Lodge Pole and E. H. Gerhart of Newman Grove.

Mr. Seymour is a successful business man and stock-raiser with a wide acquaintance over the state. He was a candidate for regent in 1916, but in that year the regents were still named by a partisan ballot and the democratic sweep defeated Mr. Seymour along with other republican candidates.

Mr. Lyford has been a member of the board of regents for 13 years, his service constituting one of the longest continuous terms of any member of the board. His four daughters have all been university attendants.

Mr. Bates is a graduate of the university, in the class of 1913. He was a member of the legislature in 1917.

Mr. Gerhart, a banker at Newman Grove, is also a former legislator, serving in 1919 as chairman of the committee on education which formulated the school program of that year.

Repudiation of League Covenant Demanded of Cox

Hughes Calls on Governor to "Repudiate Obligation Article X Would Impose 'on U. S."

By The Associated Press. Indianapolis, Ind., Oct. 28.—A demand that Governor Cox "frankly repudiate the obligation which Article X of the league of nations would impose upon the United States" was made in an address here today before the Columbia club by Charles Evans Hughes.

The speaker, after a detailed analysis of the article, declared it would obligate the United States to "underwrite the territorial delimitations of the Versailles treaty, whether good or bad." He said there was no necessity for "clarifying" the article, as proposed by the democratic presidential candidate.

"The only thing that will reassure the American people is to eliminate it," said Mr. Hughes.

"In case of future conflict," the speaker continued, "whatever may be your opinion of its merits, and however removed it may be from any interest of ours, we are bound to go to war if necessary to preserve as against external aggression, territorial possessions recognized under the treaty. The objection to this is that it does sacrifice our independence of judgment. It commits us in advance to act in unknown contingencies."

The speaker cited the democratic platform and Governor Cox's consent thereto as reasons for "clarifying" the article, as proposed by the democratic presidential candidate.

"Governor Cox now says that he is willing to accept reservations that will clarify, or will be helpful, that will reassure the American people," said Mr. Hughes. "Does the candidate expect to escape with such banalities? What will 'clarify,' 'help,' or 'reassure'?"

"There is no necessity to 'clarify' if the obligation is retained, and the one thing that will help or reassure is to eliminate the obligation. Will Mr. Cox do that? Not by trying to 'reassure' and retaining Article X at the same time, but will he frankly repudiate the obligation which this article seeks to impose?"

Mr. Hughes asserted that America desires "an association of nations" which would dispose of controversies "according to law and not expediency."

Two Masked Boys Rob Cafe in Bluffs

Line Up Six Men and Two Women, Take \$30 From Cash Drawer and Escape.

Two masked youths entered the Howard cafe, 819 South Main street, Council Bluffs, early yesterday morning, lined up six men and two women against the wall at the point of revolvers, robbed the cash drawer of \$30 and escaped.

The cafe is owned by J. L. Howard and the night manager is Mrs. Anna Hagdian, one of the women held up. The other woman's name was not obtained by police. The six men, all patrons of the cafe, were Carl H. Fisher, Tom Durrick, Joe Redden, Frank Cunningham, Melvin Madigan and Walter McCampbell.

Both of the bandits were armed with big revolvers. They did not attempt to search the persons in the place for cash or valuables, but took only the money from the cash drawer. The robbers were dressed like tramps, according to the witnesses, wearing caps and overalls.

Police were notified as soon as the bandits left the cafe, but could find no trace of them. They learned later, however, that two youths answering the description ate at an uptown lunch room and drove away toward Omaha in a touring car a few minutes after the robbery.

New Demand Made By British Miners

London, Oct. 28.—A new difficulty has arisen delaying the complete settlement of the coal strike which was believed this afternoon to have been attained on the basis of an increase in the miners' wage, as set forth in the earlier announcement. The difficulty is serious as indicated by the fact that the cabinet has been summoned to meet early tomorrow before the conference of the miners and government officials reassembles. At the last moment the miners presented a new demand, which compelled adjournment of the conference with the representatives of the government. Nothing has yet transpired as to the nature of the new demand.
