

### Humane Society Takes Slap at Wild West Shows

#### Colorado Delegate, in Final Meeting, Says Alleged Cruelty of Frontier Day Must Go.

The 44th annual meeting of the American Humane association, in progress since Monday, ended yesterday with resolutions of thanks to the newspapers, to the Hotel Fontenelle management and those in Omaha in charge of entertainment arranged for delegates who came from all parts of the country.

The last thing done by the humanitarians was to take a slap at certain alleged cruelties existing in wild west shows. They must go, Frederick B. Fanger, the Colorado delegate, declared.

While referring to the exhibitions in question as wild west shows, Mr. Fanger remarked that in every community in which they were permitted they were called by different names, such as the Rodeo in California, Frontier Days in Wyoming, Stampede in Texas and so on.

#### Wild West Shows Scored.

A typical wild west exhibition, he said included riding bucking burros, relay race for cow girls, relay race for cowboys, fancy trick riding, cow-pony race, Roman standing race, bull dogging steers and roping steers.

"Of the number named," he said, "not one of them actually takes place on the range; in the business of herding cattle, with the exception of steer roping. The so-called sports which cause fair-minded people to turn away in disgust might be summed up under the heading of riding, bucking, bronco, steer roping, bull dogging and wild horse racing."

A general discussion followed. A delegate from Wyoming stated that 90 per cent of the people of the state favored the Frontier day and great difficulty would be encountered in abolishing it.

#### Wires Protest.

Dr. William O. Stillman, president of the association, stated that commercial clubs in many cities encouraged such entertainments.

Doctor Stillman stated that he wired yesterday to the president of the national association of commercial club secretaries in session at Chicago protesting against further encouragement of such entertainments.

The selection of the next meeting place was left to the board of directors to decide at a future date. Philadelphia and Fort Worth both want the 1921 meeting.

A proposition is under discussion to divide the society and have one section devoted entirely to animal humane work while the other would look after the children's welfare.

An attempt to pass a resolution against children's insurance failed. The association went on record as sympathizing with the Colorado society in its fight to keep a statute on the books forbidding the writing of such insurance.

### Wife Asks Hubby to Meet Her Here; Then Causes His Arrest

When John T. Tranel, a traveling salesman for the Cam Atlas company, Chicago, answered a summons from his wife, Mrs. Anna Maurer Tranel, daughter of Ed Maurer, former Omaha restaurateur, to come to Omaha and meet her here, he unwittingly placed himself in the hands of a deputy sheriff, who brought him to District Judge Sears' court yesterday to answer a charge of nonsupport.

The Tranel's were married in Omaha, January 14, 1920. Last Monday Mrs. Tranel filed suit for divorce from her husband in the district court, alleging that he has been cruel and that he used \$1,800 of hers for his own use.

Judge Sears decreed that Tranel should pay his wife \$40 a month, \$20 every two weeks, and that he should return her rings. He was placed under \$5,000 bond to guarantee the fulfillment of the decree.

### Four million voters repeat - no arrests

SPEAKING OF elections.  
BUT GENTLY, if possible.  
TO AVOID bloodshed.  
YOU KNOW what comes.  
A REPUBLICAN used to have.  
OF GETTING votes.  
IN THE "Solid South."  
WELL, THERE was a time.  
WHO RAN for office.  
ON THE Republican shift.  
IN GEORGIA, of all places.  
AND WHEN the returns.  
WERE FIGURED out,  
HE HAD two votes.  
AND THE election officials.  
HAD HIM arrested.  
FOR REPEATING.  
SO ALL YOU voters.  
WHO WANT to repeat.  
DON'T DO it with votes.  
GO TO some smoke shop.  
AND CAST a ballot.  
FOR CHESTERFIELDS.  
THEN YOU'LL "repeat."  
YOU JUST can't help it.  
AND NO election official.  
CAN PINCH you, either.  
FOR "COMING back."  
IN FACT, we hear.  
FOUR MILLION smokers.  
OF THIS cigarette.  
REPEAT REPEATEDLY.  
"THEY SATISFY."

No other candidate has a chance with Chesterfields in the running. Over four million smokers have picked Chesterfields, and every return swells the votes. It surely is a landslide for the "satisfy" platform. Are you on?
