Wage Agreement Reached

With Marine Enginers New York, Oct. 30.-An agree-ment on wages and working rules of marine engineers was reached at a conference of representatives of the United States shipping board, the American Steamship Owners' asso-ciation, and the National Marine Engineers' Beneficial association. Except for slight changes, the previous agreement, already extended from August to November 1, will be continued until May 1, 1921, it

was stated, as the officials of the American Steamship association were of the opinion that to press demands for higher wages might injure the interests of the American OMAHA PRINTING CO., 13th and Far-nam. Douglas 246 Printing, stationery and office furniture. merchant marine in its present com-

SHAMP, ENGLAND SIGN

From a Staff Correspondent.) Lincoln, Neb., Oct. 20 .- A bomb fice while he was chasing himself of devastating proportion was hurled from coast to coast on unnecessary into Governor McKelvie's political campaign this evening on the announcement through democratic licans literally tearing the governor's administration to pieces in ten reasons why he should be defeated at the coming election. The announcement came as a complete

surprise in political circles. The six signers to the statement have been identified closely with republican political activity in the state for years.

Jerome Shamp is one of the old guard republicans generally thought to have been earnestly supporting McKelvie. W. H. England is a prominent attorney. W. S. Jay was a delegate from the state to the national convention in 1912. John M. Doyle has been active in republican politics in the state for years. C. P. Sherrill and L. V. Haskell are life long republicans.

Sensational Charges.

Among 'the sensational charges made against the governor is one discrediting him for "forcing his civil administrative code bill upon the people" and then "filling vacancies on the supreme bench with men who prevented the people from having any voice in the matter under the referendum law;" favoring the railroads in tax assessments; "chasing about the country from coast to coast," while neglecting the duties of his office, and the pardoning of murderers are some of the charges brought against him.

The statement follows:

should be defeated for governor. "First-Because he succeeded in

"Ten reasons why McKelvie

"Second-Because he twas conveniently out of the state while the furlough for murderer Kirk was signed under peculiar circumstances and "Third-Because he granted an unconditional pardon to Frank Dinsmore, who was convicted of murde. ing his wife and the husband of an-

other woman. Chasing Himself Around. "Fourth-Because he has been out (Special Dispatch to the World-Herald of the state more than 100 days, thus neglecting the duties of his of-

trips at the expense of the state. "Fifth-Because he forced his civil headquarters of a statement signed administrative code bill through the by six prominent and lifelong repub- legislature and then filled vacancies on the supreme bench with men who prevented the people from having any voice in the matter under the

> referendum law. "Sixth-Because he favored the railroad corporations and had their state taxes reduced \$101,000 and at the same time saw to it that the taxes on farms and homes were in-

> creased \$1,119,000. "Seventh-Because he tried to force the state to pay \$2,200 to Chicago expert whom he had hired, without any authority of law, to do the work that his \$5,000 per year ap-

pointees were incompetent to do. "Eighth-Because he is trying to discredit every active working republican in the state, whom he capnot control, by calling them 'political bosses.' This sounds nice and fools the people while the McKelvie-Bross-Hyers booze machine rolls

merrily on. "Ninth-Because he has made a farce of the dry enforcement law, the evidence being that the confiscated whisky has been distributed by members of his staff to private and political friends.

"Tenth-Because he is the first republican governor since Nebraska was admitted to the union whose administration was in such repute that he had to fight for a renomination. He got it because friends succeeded in getting enough candidates to file so that 32 per cent of the voters have forced the party to apologies for a candidate who was repudiated by 68 per cent of the republican voters at the primary.
