Unless it gives the simple, staple results which the Hupmobile owner gets, no car can truly be said to be worth what it costs.

It should everlastingly keep going. It should not have to be "hauled home" except for accident.

The repair costs per year should be negligible. (We believe the average cost per car for Hupmobile repairs is lower than any car in the world.)

It should, like the Hupmobile, have a reputation for low-cost long life so good that it will always command a high price when re-sold.

These things are axiomatic. They make up the thing known as value. They are the things you pay for and get in the Hupmobile.
