says: "Buy Your Used Car NOW"

But Buy a Quality Car

F INANCIERS, prognosticators careful survey of the present money situation say that the election marks the turning point. Although conditions will change slowly at first, money surely will "loosen up" from now on,

Therefore, we say NOW-RIGHT NOW-is the time to buy a good used car if you are in the market for one. "Trade-in" values have been at the low mark for several months, and many cars have been traded in at very low figures.

We are not in the used car business for profit. We "trade-in" used cars only as a means of selling new Cadillacs. Therefore we do not aim to make a profit in our Used Car Department. We simply dispose of them at the figure we allowed, plus repairs, paints, etc.

However, we learned years ago from experience that turning out a poor used car casts a reflection on our business integrity. So-we trade in only GOOD used cars, and then put them in first-class condition in every respect before offer-
