

### Man Will Face Murder Charge In Kansas City

#### Dennis Chester, Accused of Shooting Society Girl, to Be Returned From Great Falls, Mont.

Kansas City, Mo., Nov. 9.—Plans to secure the extradition of Dennis Chester, arrested yesterday at Great Falls, Mont., and return him to Kansas City to face a charge of first-degree murder for the killing of Miss Florence Barton, Kansas City society girl, who was shot to death on the night of October 2 on a lonely suburban road here, were made by officials today. According to dispatches from Great Falls, Chester denied the charge and officials here prepared to combat any legal fight Chester might make to resist extradition.

A warrant charging Chester with the murder was issued by the county prosecutor late yesterday on receipt of evidence that he had been taken in custody at Great Falls. The arrest ended a widespread search by operatives of a private detective agency, who trailed Chester over western states.

Miss Barton, the daughter of a wealthy shoe manufacturer, was shot to death when three men in a motor car drew up beside the automobile in which she and her fiancé, Howard Winter, were riding. Winter declared that Chester fired the shot. Police announced two of the three bandits implicated in the murder of Miss Barton now were in custody and they expected to arrest the other man soon. One of the men is being held at St. Joseph, Mo., on a charge of holding up an interurban car there.

Body of Missing Ogden Man Found With Skull Crushed  
Ogden, Utah, Nov. 9.—After a search of about 18 hours the body of C. E. Lewis, 38, employed in a local railroad office, was found with the skull crushed. Lewis, according to his wife, had left their home at Riverdale, near here, about 9 last night to go to the garage to drain the water from his automobile and did not return. Search was instituted and his body was found this afternoon near a pile of scrap iron, approximately a mile from his house. It is believed he was struck over the head with a piece of an iron bar found near the body.

#### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, common to all rheumatic patients, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sherman & McConnell's drug stores have been appointed agents for the sale of this remedy in the first two bottles to all who state they received no benefit.

tative, and George Holmes, re-elected municipal judge, spent \$127.50.
