

Completion of Capitol Several Years Distant

Plans for New State House Must Be Changed If Building Is to Face North, Say Architects.

Lincoln, Neb., Nov. 15.—(Special.)—It will take from five to seven years to build the new Nebraska state house, according to architects who are here today meeting with the capitol commission.

Bertram G. Goodhue of New York, who was voted the right to draw plans for the new building, and Thomas R. Kimball of Omaha, the advising architect, met with the capitol commission this morning and began the preliminary steps for the drawing of new plans.

Plans Must Be Changed. The plans will have to be changed considerably if the building is to face north on Fifteenth street. The architect contemplated the facing of the capitol to the west on J street where the sun would strike the ornamental front.

The building will be pulled down and the center built. It will cover a space of 400 feet square with a basement with an entrance so that cars may be driven in.

Portico on Second Floor. The second floor will occupy sides 24 feet deep. On top of this will be another portion of the building in maltese cross form which will contain the ornamental top of the rotunda and the ceilings of the senate and representative halls.

It will be at least a year before the plans are completed and estimates made so that contracts can be let. It is probable that the contract will be let on the "cost plus fixed fee" plan.

"Marrying Parson's" Methods Criticized By Brother Minister

Rev. C. E. Cobbey of the First Christian church, assailed the methods used by Rev. Charles W. Savidge, Omaha's "merry parson," in getting couples to marry, declaring they "cheapened the sanctity of marriage."

While he did not mention Rev. Mr. Savidge specially in his sermon, Dr. Cobbey alluded frequently to an Omaha minister who openly boasted when of the many marriages he has performed. Yesterday morning he frankly admitted he had referred to Rev. Mr. Savidge.

The subject of Dr. Cobbey's sermon was "Marriage and Divorce." He said the information about Rev. Mr. Savidge came to him accidentally when in jest he asked an elevator conductor in the court house where he could go to get married. The conductor took him seriously and directed him to Rev. Mr. Savidge's offices in the Keelie building.

Cobbey said commercializing such a sacred office as the authority to unite men and women in holy wedlock is a disgrace. "I wish I had words at my command to properly express my disgust at such business," he concluded.

West Wall of Senate Chamber Found to Be In Dangerous State

Lincoln, Neb. 15.—(Special.)—In cleaning up the senate chamber at the capitol after the good roads department had moved out, it was discovered that the west wall had sagged out over four inches and that the ceiling timbers are resting on the walls by only one to three inches.

An architect and construction engineer has been called and an effort will be made to make the walls secure so they will stand until the new building is completed.

It has been known for some time that the east wing, in which Representative hall is located, is in a bad condition and much work has been put on it to keep it safe, but no one supposed the west wing was unsafe.

Pastor Scores His Congregation for Greed of Money

New York Minister Receives Congratulations From Fashionable Flock, Instead of Storm of Criticism.

New York, Nov. 15.—Dr. Herbert Shipman, celebrated orator and army chaplain, was today receiving congratulations from his fashionable Fifth avenue congregation for the amazing sermon he read at the Sunday night service. It had been predicted that he would bring down upon himself a storm of criticism for exhorting "gold diggers" before his aristocratic audience, but instead his wealthy flock is unanimously endorsing his action.

Dr. Shipman is pastor of the Church of the Heavenly Rest, Fifth avenue and Forty-fifth street. He said that the system of gouging dollars from the unfortunate had roused him to sleeplessness and that he had written in the middle of the night the poem which has caused so much amazement. The poem, entitled "Profiteers," follows:

You have decked your frowsy wives with burrowed spinners. You have hung your daughters' necks with stolen pearls. Have you thought about the other wives, the jenders. Or the harlots made to decorate your side? You have fastened from the needs of sick and dying. From the spouts of children pleading for ready cash today to do your Christmas buying. Ready cash to pay your prostitute tonight. You have coined your filthy gold from blood and sorrow. There are graves across the fields of France. Whence the dead who died through you upon tomorrow. Will arise to damn your profits with a glance.

All the deathless deeds worth doing and worth telling. All the things that noble men hold high and true. All but seemed to you for buying and for selling. All to serve a greedy human venture—yours!

God! That better men should toil and bear the cross and climb up Calvary's pain; While you crawling ghouls that spare not friend or neighbor. Dance the world to make a crucible for gain. If in blackest hell, O Lord, there be a blacker. If beneath the deepest pit a deeper pit. Not for charter nor for thief nor coward slacker. But for these that blackest, deepest hell is fit.

Two Granted Divorces in Beatrice District Court

Beatrice, Neb., Nov. 15.—(Special.)—Roke Young was granted a divorce from Harry Young, in district court Saturday, on the grounds of cruelty. She was given the custody of their small child and \$10 a month alimony for its maintenance. Georgia Thomas was also given a decree from her husband, Martin Thomas, on the charge of cruelty. Thomas is a resident of Kansas.

Thieves Butcher Farmer's Steer and Carry Meat Away

Beatrice, Neb., Nov. 15.—(Special.)—Thieves stole a fat steer from the herd of Joe West, living northwest of this city, took it to the vicinity of the pontoon bridge, butchered it and carried the meat away, leaving nothing but the hide. Chief of Police Dilbow is investigating the case, but the thieves left no clue on which to work.

R. B. Howell Is Touted as Likely Secretary of Navy

Nebraska Naval Reserve Head Brings News From Chicago That Omaha Is A-No. 1 Bet for Appointment.

R. B. Howell, general manager of the Metropolitan Water district and republican national committeeman from Nebraska, is being touted as a prospective secretary of the navy in President-elect Harding's cabinet.

The information was brought from Chicago yesterday by Dexter Buell, who found naval officers whom he met in Chicago and at Great Lakes training station all agog with what they considered an "A-1 bet."

"I had heard nothing about such an appointment, for Mr. Howell here at home, and I was surprised when men whom I met began inquiring about him, all on the assumption that he is in high favor for a cabinet place," said Mr. Buell this morning. "I received the same information from several different sources, but the report was particularly strong among navy men."

Has Seen Service. "As the story goes, Senator Weeks of Massachusetts is to be given the choice of secretary of the treasury or secretary of the navy. If he takes the treasury, Howell is declared by these men to be almost a cinch for the navy."

Howell's record as a graduate of the naval academy, as having seen service in two wars and as a member not only of the republican national committee, but the executive committee, is cited as evidence of his strength.

Mr. Howell said today that he knew nothing of Senator Harding's attitude toward him or whether or not he would be seriously considered for a cabinet place.

Becomes Civil Engineer. Mr. Howell was graduated from the naval academy in 1884. After several years in the navy he resigned and became a civil engineer in Omaha. Later he was state engineer and then engaged in the insurance business. Since 1912 he has been general manager of the Metropolitan Water district and is now in charge of both the water and gas municipal plants. He was one of the very few republican executive

BETTER THAN WHISKY FOR COLDS AND FLU

New Elixir, Called Aspirinol, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every-Druggist in U. S. instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinol, the twin-bottle cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried. All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinol, and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be foolish, for Aspirinol will give you relief, you to try it. Everybody's doing it. When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinol is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.

committee men who were considered to represent the Roosevelt faction of the party. Attends Conference. Mr. Buell attended a conference of naval reserve officers, at which plans were laid for reorganizing the reserve in order to gain closer cooperation with individual members.

Art Collection of Freer Is Being Hung In National Capital. Washington, Nov. 15.—The rarest art collection ever bequeathed to the American people—that of the late Charles Lang Freer, millionaire manufacturer of Detroit and Yonkers, N. Y., is now being installed in the \$1,250,000 stone gallery built especially for that purpose by the Smithsonian institution. The collection itself is valued at more than \$5,000,000. The work, which will require several months, is being directed by Miss Katherine N. Rhoades, who was secretary to Mr. Freer. The Chinese and Japanese groups are reputed to be the finest in existence. A feature no less noteworthy is the presence of more than 100 Whistler etchings themselves almost priceless. One entire room, decorated by Whistlers in peacocks, is part of the collection. The new Freer gallery was designed by Charles A. Platt of New York, who arrived in Washington today to inspect it for the first time since its completion.
