The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives.

Not one woman in a hundred is prepared or understands how to properly care for herself.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old fashioned root and herb remedy contains no narcotics or harmful drugs.

Problems That Perplex

Answered by BEATRICE FAIRFAX. Ambitious Girls. Dear Miss Fairfax: I have a problem that I wish you would give your consideration.

My girl friend is also 18 years of age and stenographer earning \$75. Now my question is this: Do you think it advisable to start up an office for public stenography?

We can get an office free and know of a few business men in town that do not have enough work to keep one stenographer busy.

Do you think that you are a little better than the average and do not wish to discourage you in the least.

If you are thoroughly capable and businesslike you might do very well. I am certain, however, of this: If you are good enough to do public stenographic work, you are worth more than \$75 per month.

Let me advise and then use your own best judgment. Don't go into business for yourself (and you have chosen a hard one) until you can hold a position at \$125 per month under the present scale of wages.

That will indicate that you are a little better than the average and do not wish to discourage you in the least.

Problems That Perplex

Answered by BEATRICE FAIRFAX. Christmas Gifts. Dear Miss Fairfax: A couple of my boy friends are planning on giving me Christmas gifts.

I do not want them to. Can you suggest any friendly way to tell them not to? What would be proper to give them in return? We are about 16 years old.

DEE. Your second question proves that you really want these boys to give you Christmas presents, for you are planning to return their gifts.

If you sincerely do not want them to make presents to you, you will find a polite and delicate way of letting them know.

Virgie: Treat your friend courteously when he comes to town for Christmas, and if he wishes to renew your friendship let him make the advances.

Smiling the hair breaks it off and eventually hinders the growth. A girl should not accept a ring from a young man unless she understands its significance.

Creighton Bachelors. A dance will be given Tuesday evening at the Hotel Castle by the Creighton Bachelors.

Miss Edith R. Smith, of Scotland, the first woman to receive a degree from Oxford university, will teach botany at Ratcliffe college, Cambridge.
