

### Scout Cruiser of U. S. Navy Will Be Christened Omaha

Secretary Daniels Requests Mayor Smith to Select Woman Sponsor—Launching Next Month.

By E. C. SNYDER, Washington Correspondent Omaha Bee. Washington, Nov. 25.—(Special Telegram.)—In a letter to Mayor Smith Secretary Daniels of the Navy department announces he has assigned the name "Omaha" to Scout Cruiser No. 4, in honor of the Gate City.

The vessel is being built by the Todd Dry Dock and Construction corporation, Tacoma, Wash., and will probably be completed November 1, 1921. He asks the mayor to designate a woman to act as sponsor for this vessel, which is to be launched next month, December 4, at Tacoma.

The old Omaha was a sloop-of-war and was placed in commission September 12, 1872; placed out of commission June 20, 1891, and was stricken from the navy register July 10, 1914; length, 250 feet; beam, 38 feet; displacement, 2,400 tons, and draft, 16 feet. It was launched June 10, 1869, at the navy yard, Philadelphia.

The Omaha was attached to the South Pacific station under the command of Rear Admiral George H. Preble and made cruises around the coast of South America, Hong Kong, Vladivostok, Yokohama, Honolulu and Guatemala.

On the night of February 8, 1920, an extensive fire occurred on shore in the native town of Hodegaya, a suburb of Kanagawa. A detachment of officers and men was landed from the Omaha at the request of the United States consul general and rendered excellent service in checking the flames. The assistance rendered was cordially acknowledged by the governor of Kanagawa.

Capt. John C. Febiger, Commander William K. Mayo, Capt. P. C. Johnson and Capt. L. A. Kinberly are a few of the officers who had command of this vessel.
