# Conference Race Ends in Muddle

Grand Island, Omaha, Weslevan and Doane, Tied for Title of Neb. Colleges.

Like all other foot ball champion-ship races, including high school, the Nebraska Conference scramble "ded this season in a muddle, four cams being tied for first place in he standings. The Grand Island Omaha, Wesleyan and Doane elevens completed their schedule on the top of the percentage ladder

The Islanders played six games, winning five and battling the Hastings' team to a 7 to 7 score. Omaha university, although only playing four games, the amount required by the conference rules to complete a chedule, is not claiming the chamon all four struggles.

Reports from Lincoln say that the locals met second division teams. True it is that the University of Omaha won its four games from second section elevens, but at that local followers of the Marcons believe Coach Adams' warriors would give any of the first Elvision aggregations a close game and stand a good chance of defeater the conerence leader

A week or so ago it was reported that Doane college also had elected to not feature any post-season lashes because of mjured players. During the last few days, however, Doane came forth with a protest and desires to be considered in the run-

Acting upon the supposition that Doane had withdrawn from the post-season race, Grand Island and Weseyan representatives arranged a oint game to be played on Nebraska field Saturday, December 4. The colege grid championship was supposed to be at stake in this contest. The action of Doane may mean that two games must be played this week instead of one.
