Cambridge High Declared 1920 **State Champs**

Nebraska Athletic Board Officially Awards Foot Ball Honors; Plan for Basket Ball Season.

Cambridge High of Cambridge, Neb., was officially declared the 1920 state high school foot ball champions yesterday at a meeting of the board of directors of the Neoraska High School Athletic association and a committee of four representing the State Teachers' as-lociation, held at the Fontenelle

Besides the Cambridge High, Te-tumseh, Friend and Ansley High teams went through the past season without a defeat. The board of directors and committee of four in de-claring the Cambridge High the state grid champs, based their award on the class of teams defeated by the Cambridge aggregation,.

At the meeting it was suggested that the state be divided into districts and the high schools in each livision stage a basket ball tourney, the winner of each tournament entering the annual state cage meet to be staged in Lincoln to decide the Nebraska school championship

The plan will be presented to each high school superintendent in the state and if agreeable to them, the basket ball champs for 1921 will be determined by this method,

The revising of the high school elegibility rules to increase the standard among the athletes in the state schools was discussed. One of the rules adopted regarding elegibility, will not permit students who enter school late in the semester for ball, basket ball and base ball. W. J. Braham of Sidney, W. G.

Many hunters make the mistake that bind the muscles. Most of these men are unable to get up for breakfast the second morning, if indeed they finish the first day. The trapshooter must prepare himself for hunting, just the same as one would for any other sport. Imagine a man running a five-mile race without training. How long does the city dog that has had no exercise last on a hunt? To get the best results you should run your dog five to ten miles a day for five or six weeks before starting to hunt him in the fall. The suburban and country sportsmen work their dogs and keep themselves in trim throughout the year and when the hunting season opens they are ready except the shooting, and unless they have practiced that fundamental their chances of getting the game is not much better than the transhooter

who has not prepared for the hunt. Take your choice. I would take my chance on a bet with Lester German, Charlie Spencer, Walter Huff, "Pop" Heikes, Fred Gilbert or John Taylor, famous trapshooters, against any man who has bot shot a gun in practice for his field shooting.

Boston College Has Clean Grid Slate Thus Far

Only Eastern Eleven Which Defeated All Its Opponents To Date This Season; Play Holy Cross Saturday.

New York, Nov. 29.-The close of the eastern college foot ball season finds the task of selecting a championship eleven more complicated

than usual. In past years it has frequently been the case that one varsity team, with a remarkable record, stood out so prominently that it was the choice titular honors among a large majority of the gridiron experts Such a situation does not exist this

Six colleges or university elevens passed through the season without defeat, but in the case of five of these teams the record was marred by one or more tie games. Boston college is the only one which has an absolutely clean slate to date and that team has one game to play, being scheduled to meet Holy Cross next Saturday

"Big Three" Defeated.

Harvard, Princeton, Pittsburgh Pennsylvania State and Stevens all closed their schedule undefeated, but the tie contest between Princeton and Harvard left the question of supremacy unsolved. Penn State played a tie games with Pittsburgh and Lehigh; Pittsburgh was tied by Syracuse and Penn State, while Middlebury held Stevens to a score-

Middlebury held Stevens to a scoreless tie.

A second group, but thinly separated from the first division would naturally include Dartmouth, Syracuse, Navy, Army, Brown, Holy Cross, Lehigh, Williams and Yale.

Analysis of the records of the various college elevens of the east develops some interesting and confusing data. The West Point cadet team, although defeated by the Navy and Notre Dame, managed to roll up an aggregating score of 314 points which, so far as scoring is concerned, gives the Army first, fee in the section totals. Williams with zenny Goynton the star individual scorer of the east, is next in line with 312 points, although defeated in three out of the eight games played. Penn State and Cornell are third and fourth respectively with 259 and 231.

Boston College First in Defense.
From a defensive standpoint Boston College appears to held the paim as the team held its opponents to 16 points, of which Yale made 13 and Marietta three Syracuse was next with a low opponent score of 27, while Harvard was a close third, with 28 points, Holy Cross was fourth with 20, but it still has the Boston College team to stand off. Eight games was the average on the western college schedule and the maximum 10.
