

### Graft Charges In Shipbuilding Probe Are Denied

Walsh Committee Terminates  
Three Weeks' Investigation  
At New York—To Resume  
After Congress Opens.

New York, Dec. 1.—The Walsh congressional committee investigating the affairs of the United States shipping board terminated a three-weeks' open session. The committee will resume its work after the opening of congress, sitting for a time in Washington before returning to New York.

Among witnesses testifying were John Cranor, former representative of the Downey Ship Building corporation at Washington, and Lester Siler, former secretary to the shipping board, who were named by Senator K. Sands in his testimony as shaming in an alleged fee of \$40,000 which Sands said was paid to obtain a shipping board contract.

Both witnesses denied the charges and asserted they were unable to say what motive inspired Sands to make them. William Demant, first executive of the fleet corporation, also testified that there had never been a "controversy" over the wooden ship program between him and Major General Goethals, associated with him in organization of the corporation.

During the sessions here subpoenaed and volunteer witnesses testified to numerous alleged instances of mismanagement and lack of accounting and checking which were said to have resulted in losses to the government of millions of dollars.

Martin Gillen, expert assistant to former Chairman Payne, testified that more than \$2,000,000,000 of the value of the ships for which the government appropriated approximately \$1,000,000,000 had "been amortized" and should be treated the same as "burned powder" or other war emergency expenses.

### President Unable to Aid

**Farmers in Money Crisis**  
St. Paul, S. D., Dec. 1.—President Wilson, replying to a message from Senator Edward S. Johnson of South Dakota, in which the senator urged immediate financial relief for the farmers and live stock producers of the northwest, sent the following telegram, received here this afternoon:  
"Your message refers to unsatisfactory conditions unfortunately resulting from the fall of prices. I regret to find that legislation has not provided me with powers which will be serviceable in the matter."  
(Signed) "WOODROW WILSON."

**\$970 Found in Boot of Man Who Died Recently**  
Gardner, Mass., Dec. 1.—While examining a pair of leather boots at a sale of the personal effects of Jacob Haggstrand, of Finland, who died here in 1918, a prospective purchaser stuck his hand into one of them and found a money belt containing \$970. Haggstrand's widow in Finland will be notified of the find.

### Many a Dollar Can Be Saved on Ranges and Heaters at the Union Outfitting Co.

Huge Stock of Stoves at  
Money-Saving Prices  
in a "Stock Reducing" Sale.

Although cold weather is still ahead, Santa Claus is demanding room for his toys, and so a great "Stock Reducing" Sale of Stoves, with its saving of thousands of dollars, is now in progress at the Union Outfitting Company.

Howard "Overdraft" Heaters, noted for their fuel saving devices; "Pride" Steel Ranges; "Famous" Cook Stoves; "Federal" Combination Coal and Gas Ranges and other guaranteed makes are reduced.

It is just such events as this that convincingly prove the money-saving possibilities of home needs at the Union Outfitting Company, located out of the High Rent District. As always, you make your own terms.—Advertisement.

### Appetite Keen and Bowels Relieved

You can relish your meals without fear of upsetting your liver if you will put your faith in Carter's Little Liver Pills. Foul accumulations that poison the blood are expelled from the bowels and headache, dizziness and sallow skin are relieved.  
Small Pill—Small Dose—Small Price

## Why Not a Community Chest for Omaha? Your Suggestions Invited

¶ The "Onward Omaha in 1921" banquet will take place at the City Auditorium Thursday night. That's a good slogan. Every resident of Omaha should manifest deep interest in everything that makes for Omaha's advancement. The progress of the city has been remarkable, but there is, of course, ample room for improvement.

¶ Suggestions on this line are in order. ¶ We suggest for 1921 a Community Chest for Omaha. It would be a most popular reform for men, women and children who have been embarrassed by innumerable "tag days."

¶ The city of Cleveland has had a very successful experience with the "Community Chest." The Community chest represents a community fund gathered in the community to meet community needs. Cleveland has just completed a nine-day effort to fill its 1921 Community Chest. For that purpose it raised \$4,500,000. Cleveland has carried out this plan for several years. The story is told by the Cleveland Plain-Dealer in this way:

¶ The "chest" represents the easiest, safest and most adequate method of handling a great city's charities. Formerly, it was the custom for each charitable organization to conduct its own appeal for funds. "Tag days" were frequent. No sooner was one campaign over than another was announced. The path of the busy citizen was beset with solicitations whose pleas, in the main, were for meritorious projects.

¶ With the advent of the "chest" idea all this was changed. "Tag days" are abolished. Instead of many campaigns for funds, we have but one—one week of organized fund raising by representatives of every authenticated charitable organization in the city. The public is saved annoyance, time and expense. The old objects are accomplished with less friction and loss—and new activities permitted which could not be undertaken before.

¶ Why not a Community Chest for Omaha? Surely the generous hearted people of this city are entitled to relief from the embarrassment of the ever recurring tag day.

¶ What have you to suggest for Omaha in 1921?  
¶ Send your suggestions to "Publicity Director, Brandeis Stores."

¶ Make it short—not more than twenty-two letters, and we will print it in these columns.

¶ Those suggestions that are particularly interesting we will flash on our electric sign at the northwest corner of Sixteenth and Douglas streets.
