

### Caddock Pins Shoulders of Peters to Mat

#### Former Champion Wins First Fall in 50 Minutes and Second in 26 Minutes—Tom Ray Beats Sheridan.

Wrestling before a crowd of more than 2,000 spectators, Earl Caddock, Walnut, Ia., former world's champion defeated Charlie Peters of Omaha Monday night at the Auditorium in the opening show of the wrestling season here in two straight falls, winning the first tussle in 50 minutes with a body scissors and wrist lock and the second fall in 26 minutes with a head scissors.

Because of his victory over Peters, Promoter Jack Lewis has promised to give the Iowa grappler a chance at Stanislaus Zbyszko here in Omaha sometime early next year.

After Referee Eddie Cochran had delivered the customary instructions and the timekeeper sounded the gong, Caddock jumped at his opponent, but Peters was on the job and it was fully five minutes before either grappler flopped to the canvas. Soon after the match started Caddock clasped on his scissors, but the local wrestler "squealed" and squirmed until he was free.

#### Caddock the Aggressor.

From that point on to the finish the former champion carried the fight to his husky opponent and had the Papillion grappler on the verge of a fall on several occasions. Caddock's aggressiveness evidently tired the Sarpy sheriff and the first fall came after the lowman put Peters in the vice like grip and then clamped on a wrist lock. The Nebraskan fell flat on the canvass and before he could wiggle out of the hold he was down, and the referee was tapping the back of Gene Melady's protégé.

#### Caddock scored the second fall and match with a head scissors. Peters, while working from behind, was trying to lock his arms around Caddock's waist. Caddock suddenly reached up over his left shoulder, locked his arm around his opponent's head and gradually pinned Peters' shoulders to the canvass.

The second fall came after 26 minutes of work.

#### Ray Beats Sheridan.

Peters had the former champion in tight places on several occasions during the match, but each time Caddock succeeded in freeing himself.

Caddock's weight was announced at 182 pounds, while Peters entered the roped arena weighing 192 pounds.

In the semi-windup, Tom Ray of Omaha, defeated Homer Sheridan of Kansas City in a one-fall match with a head scissors, after 26 minutes of hard wrestling. The match was scheduled for the middleweight championship of the middlewest and for a side bet of \$100 and the purse.

"Big Bill" Dristy of Omaha won over Jack Nauhaus of this city in five minutes with a half nelson and body hold.

Oscar Thorson, Des Moines wrestling promoter who was at the ringside said following the Caddock-Peters match that he expects to sign the former world's champ and Joe Stegler, present champ, for a match to be staged in Des Moines early next year.

Caddock and his manager will leave the latter part of this week for San Francisco, where the former is scheduled to wrestle Jim Londos the middle of this month.

### Divorce Is Given Wife of Dr. Hyde In Kansas City

#### Remains Steadfast in Support Of Husband's Innocence of Murder of Her Uncle, Colonel Swope.

Kansas City, Mo., Dec. 7.—Mrs. Frances S. Hyde was granted Monday an absolute decree of divorce from Dr. B. Clarke Hyde, who was tried three times for the murder of Col. Thomas Swope. Mrs. Hyde was granted custody of the two children, B. Clarke Hyde, jr., 6, and Frances Hyde, 4. The decree does not permit Dr. Hyde to visit the children. During his trials, which resulted first in conviction, followed by two mistrials, Mrs. Hyde, a niece of Colonel Swope, steadfastly supported her husband.

A permanent injunction was granted enjoining Dr. Hyde from intruding upon Mrs. Hyde or her children.

Mrs. Hyde took the witness stand. She testified that Dr. Hyde had been "abusive" and "cruel" and told of an instance last June when she charged Dr. Hyde with striking her. She testified she had been confined to her bed before going to a hospital for an operation. She suffered a hemorrhage, she testified, and as she was returning to her bed, Dr. Hyde entered and used abusive language.

"Then he knocked me down and kicked me," Mrs. Hyde testified. Since then, she said, she had not lived with her husband.

Dr. Hyde's attorneys interrupted her to ask:  
"Were your actions in this matter because you believed or had suspicions of his being guilty of crimes charged against him?"

"Absolutely not," Mrs. Hyde replied. "I stand just as I always stood."

In answer to another question, Mrs. Hyde said:  
"I believe him to be innocent."

Dr. Hyde was present but did not take the stand. He did not contest the case, but through his attorney asked permission to visit his children.

Dear Bob: Yesterday I went to the beach and watched the Pacific Ocean come rolling in. It's a wonderful sight. Out in the ocean is a pile of rocks where the seals lie in the sun. ### How a prospective mother prepared for baby's coming

Of all the vital adventures in life, the birth of a baby is the climax of nature's most wonderful evolution.

During this period, nature is supposed to be preparing the internal organism of a woman for a safe and speedy delivery; but it is more the exception than the rule when nature, unaided, performs her part at the crisis in a manner to relieve pain and contribute to comfort.

"I was afraid," writes a prospective mother, "until an experienced mother told me about MOTHER'S FRIEND,"

"—but now I cannot recommend MOTHER'S FRIEND too highly for I know it helped me wonderfully, and I can almost say my baby was born without pain. At the present time I am using it again, as I do not want to go thru the ordeal without it."

Three generations of prospective mothers have used MOTHER'S FRIEND. When gently applied, during the period of expectancy, it soothes the fine network of nerves, lubricates the broad, flat, abdominal muscles and prepares the way for an easier, quicker and practical delivery.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.
