

Many Legislative Changes Asked by Farm Federation

Passage of Several New Measures Urged in Recommendations to Congress—Oppose Policy of Treasury.

Indianapolis, Dec. 8.—Enactment of a legislative program, including changes in the tariff, the income tax, the Esch-Cummins transportation act and the passage of several new measures was asked of congress today by resolutions adopted at the annual convention of the American Farm Bureau federation. President-elect Harding is expected to appoint a secretary of agriculture who has a practical understanding of all phases of farming. Among the policies enunciated by the resolutions was the federation's opposition to strikes and lockouts.

Further, the resolutions declared the federation's opposition to what it said seemed to be the policy of the Treasury department and the federal reserve board for deflation, and the request was made that bankers and merchants extend farmers' obligations to secure "immediate relief from the present economic crisis" confronting the farming community. This connection the resolutions said:

Deflation Condemned.
"We are opposed to the policy of drastic and precipitate deflation which seems to have been instituted by our federal reserve board and our Treasury department and look upon it as dangerous to the best interests of the entire nation during the present crisis. Reasonable contraction was necessary but drastic deflation as now practiced, has caused widespread disaster.

"We request the sincere co-operation of all banking and commercial interests in our efforts to get immediate relief from the present economic crisis, by the extension and renewal of farmers' obligations in order that there may be orderly marketing of this year's crops."

The adoption of the resolutions which it was announced was by an unanimous vote, preceded the closing session tonight of the convention at which officers were elected. Announcement also was made of the appointment of a committee to meet with bankers, merchants and public officials at Chicago on Friday to consider the organization of a \$100,000,000 export trade corporation under the Edge act.

The committee includes Howard Gore, Morgantown, W. Va.; W. S. Shearer, Lewiston, Idaho; Clifford Thorne, Chicago; Don Livingstone,

Save About Half on Beautiful Cut Glass Next Saturday at the Union Outfitting Co.

Hundreds of Pieces in the Latest Designs Purchased Below Market Price.

Put Christmas Spirit in the Home

Not for the one day only, but for every day of many years to come. The spirit of Christmas—the spirit of gladness and cheer—remains a permanent guest, in the home that has one of Bowen's Columbia Phonographs.

Children quarrel less with music to amuse them. Youthful exuberance finds in it a joyous, ready outlet. Nerves tired out by the cares of the day are soothed by it and refreshed; with Bowen's Columbia every member of the family can be touched by the magic of music. Let one of Bowen's machines be the "Home Gift" this year. Unlike an ordinary machine, the Columbia instrument is made for a life time of beautiful use.

And, as usual, you make your own terms.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know

Private Institution.
During discussion of the resolutions, Mr. Cunningham, chairman of the resolutions committee, said that the export corporation was not endorsed by the committee because it will be a private institution, in which connection he also stated that the resolutions similarly were silent as to the joint stock land banks.

Opposed to Strikes.
In the declaration of principles of the federation the resolutions include requests and demands upon several federal agencies as well as the reference to strikes and lockouts. Sympathy was expressed for the laboring man but the resolutions said "we are unalterably opposed to organized strikes and sympathetic lockouts which interfere with the orderly conduct of business."

Well-Known Journalist Dies.
Saskatoon, Sask., Dec. 8.—Dr. John A. M. Moran, 44, journalist, died today. He was for three years New York correspondent for the Philadelphia Press, subsequently Washington correspondent and then with The Associated Press for a long period.

Geddes Refuses To Vise Passports For Irish Probe

Action Means Commissioner From United States Will Not Be Allowed to Visit Great Britain.

Washington, D. C., Dec. 8.—The British embassy refused today to vize the passports of the members of the special committee selected by the commission of inquiry on conditions in Ireland now in session here, to visit Ireland to study conditions there at first hand.

The committee will not be permitted to visit Great Britain. The decision of Sir Auckland Geddes, the British ambassador, not to vize the passports was made known in a letter sent to William MacDonald, secretary of the commission, by R. L. Craigie, first secretary of the embassy. The letter follows: "With reference to your application for viza of the passports of certain gentlemen whom your committee have designated as their representatives to proceed to the United Kingdom to investigate conditions in Ireland, I am directed by His Britannic Majesty's ambassador to inform you that the proposed visit to British territory is not agreeable to his Majesty's government. Visas will, therefore, not be affixed to the passports in question. The passport officer in New York has been instructed accordingly."

of October 23, in which he informed you that he was unable to believe that the truth could be established until there had been a period of quiet in Ireland and then only by persons of the greatest experience of the laws of evidence, with power to compel the production of books, papers and records, and that any other form of inquiry would, in his opinion, lead only to a mass of statements unsupported by facts being made for propaganda purposes. "Sir Auckland Geddes had ventured to hope that the full meaning and significance of these observations would have been clear. "In view of the fact that the ambassador's letter to you of the 23d of October, last, appeared in the press, I am to inform you that this letter will be published."

22½ cents an hour for all lines they employ. Bricklayers are reduced from \$1.12½ to \$1 an hour and plasterers, electricians, plumbers and lathers from \$1.12½ to 90 cents an hour. Twelve hundred men are affected. The builders declare costs of building materials are going down and "workmen must bear their share in reducing building costs."

Thursday Offers You Unusual Selections for Holiday Useful Giving
