

### Farmers Must Have Aid, View Of Governors

McKelvie, Back From Conference, Approves Plan to Lend State Funds to Agriculturists in Slack Period.

Lincoln, Dec. 13.—(Special.)—Farmers' problems occupied the greater part of the attention of the conference of governors in Harrisburg, Penn., according to Governor McKelvie, who returned to his office today from the meeting.

General consensus of opinion at the conference, according to the governor, is that the American farmer must be given help. The governors seemed to feel, he said, that the farmers can not accomplish much by raising bumper crops of grain, only to have the grain held by moneyed interests for the proper fluctuations in price and allowing the ultimate consumer to stand the increase.

**Model After Nebraska.**  
General interest was evident in reorganization plans of other states in their business machinery to model after the code now in use in Nebraska, he said.

Feeling was high against government action of making appropriations to states, forcing the states to meet these appropriations, and then retaining control of the expenditure of the funds, he said. Especially is this true with regard to improvement of highways, he declared, although Nebraska is well satisfied with the federal aid work.

**Farmers Borrow Safe Funds.**  
The governor expressed approval of the plan presented at the conference, whereby the state lends funds to farmers for the slack period, similar to the plan now in force in Oklahoma and North Dakota, which the governor says is meeting with favor. He said the state has bonds loaned out to other states and eastern financial institutions which might just as well be used to lend funds to Nebraska farmers on Nebraska land, which is the best obtainable security.

### Escaped Inmate of Asylum Recognized By Former Patient

Madison, Neb., Dec. 13.—(Special Telegram)—Mrs. Thompson, an escaped inmate from the hospital for insane at Norfolk, called at the home of Mrs. W. H. Field, wife of the clerk of district court, about dusk last evening and asked for \$8 to pay a jitney driver for service from Norfolk, with promise of satisfactory explanation. Mrs. Field gave her the money and invited her into the house.

Some 22 years ago Mrs. Thompson, then Miss Carter, was Mrs. Field's nurse during an operation. Time and misfortune had wrought a great change in the visitor and Mrs. Field did not at once recognize her. The explanation included her identity and Mr. Field got in touch with Deputy Sheriff Monroe Smith, who with his wife called a little later and persuaded the unfortunate woman to accompany them to their home at the county jail.

Telephone communication with the hospital authorities at Norfolk confirmed the suspicion of Mrs. Thompson's escape.

**Druggists Held for Sale of Alleged Intoxicant**  
Sioux Falls, S. D., Dec. 13.—(Special Telegram)—Three officers of two local drug companies, the Lynn and the Central, were arrested today by federal prohibition agents on the charge of selling wine of pepin, an alleged intoxicant. Tests of chemists, introduced at the preliminary hearing, showed this wine to contain 21 per cent of alcohol. The three defendants were held for appearance before a federal grand jury.

**Hot Lunches Now Served in Platte County Schools**  
Columbus, Neb., Dec. 13.—(Special.)—The practice of serving hot lunches for the pupils at noon, especially in cold weather, has been adopted in 15 rural public schools in Platte county. In one county in South Dakota where schools have adopted the hot lunches, teachers say there has been a noticeable difference in the attitude of the children toward their work.

**Prisoner Who Escaped Hospital Is Returned**  
McCook, Neb., Dec. 13.—(Special.)—The sheriff of Hitchcock county has arrived here with Mike Moore, alleged bootlegger, who recently escaped a hospital in this city, where he was being treated for a gun wound in his foot received while attempting to run away from an officer about to arrest him. Moore has been placed in the county jail.

**Miner Instantly Killed By 120-Foot Fall in Mine**  
Lead, S. D., Dec. 13.—(Special Telegram)—While working on the 1,250-foot level of the Home Stake mine here, John Wimer, 37, walked into a "raise" and fell 120 feet, being instantly killed. He had gone to work only a short time before the accident. He was an experienced miner and is survived by a widow and three children.

**Two Inches of Snow Fall**  
Norfolk, Neb., Dec. 13.—(Special Telegram)—Two inches of snow fell in the Rosebud country of South Dakota and the vicinity of Long Pine, Neb., during the night. Road conditions in north Nebraska are slightly improved.

## Children are Just Children the World Over

### An Appeal for the European Relief Council

The European Relief Council, an organization comprising every creed and race, is engaged in collecting a fund for the relief of 3,500,000 destitute, starving children of Europe. Think of it! Think of there being any "destitute and starving children" in the world while God's broad acres are producing food unlimited! To this fund the Literary Digest contributed \$25,000. President-elect Harding sent his check for \$2,500. Under the leadership of Herbert Hoover the work is now being carried on in Nebraska. John L. Kennedy is State Treasurer.

### A Christmas Dinner for 3,500,000 Hungry Children!

Brandeis Stores is asked to say something in this behalf and it gladly complies. It is intended to give every one of these 3,500,000 children a Christmas dinner. It is estimated that would cost 10 cents each. For \$1.00 you can provide ten such dinners; for \$10, 100. Send or take your contribution to Mr. Kennedy at the U. S. National Bank, Omaha.

### The Great American Heart Will Answer!

Every man, woman and child in America should have some part in this good work. There have been many calls upon American purses, but no appeal has gone deeper into the great American heart than this one. It is an appeal made in behalf of little children who are suffering from the quarrels of men.

### Unloose your Purse!

"Children are just children the world over," is a sentence from the Literary Digest's appeal. That thought provides a key that will unlock the hardest heart and loosen the tightest purse.

"But 'just children!' Gosh! how those little ones wind themselves around a fellow's heart!"

### Act—and Your Xmas Will Be Fuller!

That man knew what he was writing about when under the inspiration of a living, loving thought he gave to the world this bit of homely verse:

"They are idols of hearts and of households; They are angels of God in disguise; His sunlight still sleeps in their tresses, His glory still gleams in their eyes; These truant from home and from heaven, They have made me more manly and mild; And I know now how Jesus could liken The Kingdom of God to a child."
