

Elimination of Covenant Urged By Senator King

Utah Democrat Introduces Resolution to Ratify Amended Treaty by Congress At Early Date.

Washington, Jan. 5.—Senator King, democrat, of Utah, introduced his resolution proposing elimination of the covenant of the league of nations from the peace treaty and ratification of the amended treaty. The resolution said it was imperative that the acceptance by the United States of the terms of peace with Germany be no longer delayed. The existence and discharge of functions by the league and its members, it was said, is not incompatible with the interests of the United States. "It is obviously impossible for the senate to agree at this time upon any acceptance, amendment or revision of the articles of the treaty constituting the league of nations," said Senator King. "There are many who contend that the recent election was a repudiation of the league, though it is morally certain that a few million electors voted for Mr. Harding who are in favor of the entry of the United States into the league of nations when the articles are modified, revised and amended in certain respects. A candid view of the present situation indicates that the only practical course now open is to ratify the treaty, expressly excepting articles which set up the league of nations."

Survivor of Steamer Wreck Gives Graphic Description of Scene

Corunna, Spain, Jan. 5.—Most of the 50 odd persons rescued from the wreck of the Spanish steamer, Santa Isabel, which went aground near Villagarcia early Sunday with the loss of 24 lives, were still in such a condition of exhaustion that they were unable to supply details of the shipwreck or their experiences afterward. The most graphic narrative was given by Fernandez Barreras of Arzilla, who drew a striking picture of the desperate struggle for life by the passengers and crew, thrown into the sea by the waves after the vessel crashed.

Barreras said he found himself in the water, being tossed about by terrific breakers in pitch darkness. Many of those who went overboard were killed, he said, by being hurled against the rocky shore. In some cases several persons tried to seize the same projection, a struggle for life in the icy water ensuing, in which the weaker swimmers were drowned. The cries of the women and children could be heard on all sides for some time, Barreras said, but one by one the struggling victims were silenced by the waves. Officials and citizens of Riveira are doing everything possible to relieve the survivors' sufferings.

Several Million Lire Gone From D'Annunzio's Cash Box

Rome, Jan. 5.—Several million lire in cash have been stolen from the office of Gabriele d'Annunzio at Fiume by an ardit, who forced the regency strong box, according to a dispatch to Tempo. The dispatch states that documents relating to D'Annunzio's enterprise also were stolen and that the poet-soldier is considerably disturbed by the robbery. D'Annunzio is leaving Fiume tomorrow for an unknown destination, the dispatch says. A thousand legionaries left the city yesterday en route to Venice and 300 sailors of the irregular forces left today for Pola.

Former Carranza Officers Believed on Way to Border

Mexico City, Jan. 5.—Gen. Francisco Murguia, released from prison after a month's incarceration as a Carranza aide; Gen. Rodolfo Herrero, ejected from the army after alleged proof that he had ordered the killing of Carranza, and Gen. Juan Merino, a former Carranza officer, have left Mexico City simultaneously, according to El Democrita. The three are believed to be making their way to the border, adds the newspaper.

Allied Premiers to Meet in Paris on January 19

Paris, Jan. 5.—The allied premiers will meet in Paris, January 19, to discuss the subject of German disarmament, the reparations question and the future attitude of the allies toward Greece, it was announced this afternoon. The French government accepted the British suggestion that the meeting be held on this date in Paris.

Stowaway Mayor May Be Denied Admission By U. S. Authorities

Daniel J. O'Callaghan.

Washington, Jan. 5.—Daniel J. O'Callaghan, lord mayor of Cork, who came as a stowaway to tell the commission of the committee of 100 investigating conditions in Ireland about the burning of his town by British authorities, may be denied admission to America.

In announcing an investigation into circumstances surrounding his arrival at Newport News yesterday on the Westcannon had been ordered, State department officials intimated that unless the inquiry developed unusual conditions, the lord mayor would be given no greater consideration than is accorded aliens arriving without passports. Immigration authorities also are conducting an inquiry to determine whether Lord Mayor O'Callaghan is admissible under the immigration laws. Even should it be decided that he is, they said, the case would be referred to the State department.

Escaped Sinn Feiner of Cork Now Under Arrest

London, Jan. 5.—James J. Walsh, a Sinn Fein member of Parliament from the city of Cork, who escaped from Mount Joy prison, Dublin, 18 months ago, was arrested early today, it is said in a dispatch received here.

Way Cleared for Hearings on New Tariff Measures

Committees From Senate and House to Take Up Both Protective and Regular Proposals Today.

Washington, Jan. 5.—The way was cleared tonight for the unusual situation tomorrow of the congressional committees, one from each body, to hold hearings on two kinds of tariff, emergency and permanent. The senate finance committee will take testimony on the Fordney emergency measure five days, starting tomorrow. Chairman Penrose said his committee would exclude other matter until the bill was ready. Representatives of wool interests will be first heard on the emergency tariff. More than a score of organizations and persons are seeking to testify, including farmers' organizations, live stock growers, foreign trade associations, exporters and textile manufacturers. The committee has decided also to call members

of the United States tariff commission. The house committee will hear views from all branches of the chemical and oil trade. Association to Advance Colored People Denounced Washington, Jan. 5.—The Association for the Advancement of Colored People was denounced before the house census committee by Representative Clark, Florida, as an organization composed of "meddling, fussing" persons "working on the ignorant negroes of the south to keep themselves in good positions." "Its actions have made for racial clashes," he declared. Mr. Clark appeared before the committee to present further documentary evidence in reply to charges of representatives of the association that negroes in Florida were discriminated against in the November election.

Committee Urges Radical Changes in Naturalization

Women Coming to United States Most Affected by Bill Favored by House Immigration Committee.

Washington, Jan. 5.—Drastic changes in the naturalization law, especially as applying to women, are provided in a bill reported favorably by the house immigration committee. The measure will take the place of two naturalization bills on the house calendar and an effort will be made, according to Representative Johnson of Washington,

Committee Urges Radical Changes in Naturalization

Women Coming to United States Most Affected by Bill Favored by House Immigration Committee.

One expatriated, a woman desiring to regain American citizenship would be required to follow the same procedure as any other alien. Women aliens also would no longer automatically become citizens on marrying Americans, but would be required to make application for citizenship after a five years' residence. Children of naturalized parents no longer would derive citizenship automatically from the parents, although they would be made eligible

chairman, to have congress approve it at this session. Women, under the bill, no longer would derive citizenship from naturalization of husbands, but would be required to make individual applications for citizenship. They also would not lose their American citizenship by marrying aliens except when an alien husband cannot lawfully become an American citizen or when a woman resides two years in her husband's country, or five years in some other country. One expatriated, a woman desiring to regain American citizenship would be required to follow the same procedure as any other alien. Women aliens also would no longer automatically become citizens on marrying Americans, but would be required to make application for citizenship after a five years' residence. Children of naturalized parents no longer would derive citizenship automatically from the parents, although they would be made eligible
