

Child Welfare Provided for in 53 Code Bills

State Movie Censorship Board Provided for With Three Members and Staff of Clerks.

Lincoln, Neb., Jan. 13.—(Special.)—Rules and regulations governing the life of the child, from the time his toothless lips encircle the nipple of the well-known rubber bottle until his feet are placed upon the marriage altar, are proposed in a series of 53 child welfare bills introduced in the house and senate today.

These bills cover, in full, recommendations of the Nebraska Children's Code commission created two years ago by a special legislative act for the purpose of studying the child problem and preparing legislation for its solution.

This series of bills, 29 introduced in the house and 24 in the senate, not only provide regulations for the unborn child, they provide stringent laws to insure his health and full mental activities at birth.

Examination Before Wedding. The latter object would be attained through the enactment of statutes providing for physical examination of prospective brides and bridegrooms, forcing them to present certificates of their physical, as well as mental fitness to be papas and mamas to the official or clergyman who unites them.

Probably the most important measure introduced as a result of the commission's labor is one providing for the creation of a state movie censorship board, consisting of three members at \$3,000 a year and corps of clerks and assistants. They shall pass upon the nature of pictures that shall be thrown on Nebraska movie screens. It is claimed fees collected from motion picture concerns for censoring pictures will practically take care of the expenses of the commission.

Plan Research Bureau. Offer objects which the commission would attain through the enactment of 53 bills into laws, in part, follow:

Establishment of a bureau of juvenile research, which would study and treat morally and mentally defective children.

Strengthen law relating to compulsory commitment of mental defectives in state institutions, which it is declared, form a large part of pauper and criminal population.

Segregating in special public school classes, the mental subnormal children.

Unman those convicted of statutory crimes against women.

Complete revision of juvenile court law.

Provide a court of domestic relations in Lancaster and Douglas counties.

Strengthen Labor Laws. Revamps and makes child labor laws stronger.

Revamps sale labor law. Gives the illegitimate child a chance by forcing proven father to support child and also support mother eight weeks before and eight weeks after its birth.

Some State Representatives

Dwight P. Griswold OGDEN

Edward W. Palmer OMAHA

J.W. Remstrom AUBURN

Geo. B. Dyball OMAHA

R.B. Thompson COWLES

W.W. Bethea LEWING

H. R. 55

H. R. 56

H. R. 57

H. R. 55, Dyer—Amending the law relating to exceptions and striking therefrom the exception all persons and also striking out proviso that no attachment of punishment shall issue until the judgment is rendered.

H. R. 56, Barbour—Authorizing the sale of real estate owned by irrigation districts and to provide procedure for same.

H. R. 57, Beck—Providing that railroads be required to supply movable railroads with fasteners for live stock cars.

H. R. 58, Palmer—Increasing the salary of the chief deputy registrar of deeds of Douglas county from \$1,400 to \$1,600 and limiting salaries of other deputies to \$1,400.

H. R. 59, Palmer—Repealing the indeterminate sentence law in part, providing that the trial court shall fix the limit of the minimum sentence, and that no parole be granted until the minimum sentence imposed by the judge has been served.

H. R. 60, Palmer—Providing that bonds taken by a metropolitan city shall be registered with the city controller and not with state auditor.

H. R. 61, Palmer—Providing that in cities of the metropolitan class the local election board shall consist of five members to be paid by the city instead of by the county.

H. R. 62, Douglas—Providing for a preference ballot for candidates for state office in city counties and for counties of the three candidates receiving the highest number of votes on such preference votes. These only can be candidates at the succeeding primary election.

H. R. 63, Douglas—Providing that the county auditor shall be elected by the voters of the county and that each delegate may vote for his preference without being on the list or the three high men vote certified after the one ballot, as the primary election.

H. R. 64, Williams—Providing for life imprisonment for any person guilty of rape, and from five to 25 years where sentence is given by female under 18 years, and from one to 10 years where sentence is given by male under 18 years.

H. R. 65, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 66, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 67, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 68, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 69, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 70, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

H. R. 71, Williams—Providing for a license for the sale of liquor in the city of Omaha, and that no license be issued until the applicant has been examined by the board of health.

Boom for Barrows As Code Secretary Is Launched in Lincoln

Lincoln, Neb., Jan. 13.—(Special Telegram.)—While H. H. Antles, secretary of the department of public welfare, was under fire before a special legislative investigation committee, certain members of the house and senate were discussing the possible appointment of Lieutenant Governor Barrows as the head of the department in the event Antles is not confirmed.

Barrows would not be adverse to the proposition. It would advance his salary to \$5,000 a year and members pointed out that as lieutenant governor he could doval the duties of that office with the duties of the office without trouble during a session.

In the Byrum bill, providing for the abolishment of four of the code secretaries, it is proposed to put the lieutenant governor at the head of the department of public works. There are two objections pointed out to this proposition.

First—Barrows is a newspaper man and never built roads excepting on newspaper copy paper, in his life.

Second—Barrows could not be running over the county bossing a gang of workmen and officiating in the presiding chamber of the senate at the same time.

Governor McKelvie, who has the appointing power, has indicated no second choice. He expects Antles to be confirmed.

ators and representatives and elected officers of each branch. Emergency. H. R. 72, Morley—Appropriating \$10,000 to meet additional cost of constructing, equipping and maintaining the new hospital for insane. Emergency.

H. R. 73, Acton—Prohibiting railroads from running lighting equipment, not manned with a crew consisting of engine, fireman, conductor and pilot, outside yard limits.

H. R. 74, Acton—Requiring railroads to stop on all switch engines and hands where so required, to make main line movements, and an additional board of directors, in addition to the train numbers more than 50 cars. Main line local freight trains running 100 miles or more shall have passenger equipment.

H. R. 75, Niewieda—Permitting two-thirds of voters in a school district to suspend the requirement of law to transport pupils in that district, and permit individual arrangements for transportation. H. R. 76, Acton—Repealing the law relating to quo warranto actions. Provides that county attorney may not file in the case of state officers and judges, and includes attorney general as one of those entitled to bring such actions. It also provides that any elector may file such an information against any person who has been appointed or elected to any office, and that such actions shall be heard by the court of appeals.

Hard Fight Is Planned on Bill For Light Plant

Omaha Delegation Divided On Druesedow Measure For City-Owned Utility.

Lincoln, Neb., Jan. 13.—(Special.)—The first bill introduced at the fortieth session of the Nebraska legislature by Druesedow of Omaha, providing for a municipal lighting plant in Omaha, promises to be one of the most hotly contested measures in the session.

The first fight on the bill will be in the committee on towns and cities, presided over by Druesedow, author of the bill and chairman of the committee. The next fight will be on the floor of the house. In event of its passage in the house, the senate must dispose of it, and in the event of its passage through both branches of the legislature it is probable the fight will be carried to the governor's office for a veto, similar to the one signed by Governor Morehead in 1915.

Draw First Blood. First blood in the fight was drawn by opponents of the bill when Harry Foster of Omaha was given a first degree by the committee on cities and towns despite efforts of pro-municipal lighting legislators. With Foster on the committee and with Dyball another member, there are two anti-municipal lighting members from Douglas county in the committee and two pro-municipal lighting members on the committee from Douglas county in the persons of Bowman and Druesedow.

A slight advantage is claimed for friends of the bill in the fact that Druesedow is chairman. While the committee recommendations will go a long way in deciding the bill's future, ultimately the voters of the house must decide, as undoubtedly no difference what the committee decides the fight will be carried onto the floor of the house.

Omaha Men Undecided. While some of the Douglas county delegation are lined up on one side or the other at the present time, others declare they want advice from the folks at home. A majority of the delegation said today that they will welcome letters and interviews on their week-end visits in Omaha giving expressions of opinions on the subject. Votes of out-state legislators apparently will be determined largely by the opinion of Douglas county members as to what is best for Omaha.

The first meeting of the committee on cities and towns will be held Tuesday.

Former Constable at West Point Guilty of Violating Dry Laws

A jury in federal court yesterday found Fred Schneider, former constable, town marshal and watchman at the pumping station at West Point, Neb., guilty of violation of the Volstead act. Schneider's attorney appealed the case.

Schneider was convicted specifically of having mash in his possession. His arrest last July was said to have been on information filed by Sheriff Arthur G. Sexton at West Point, following a fist fight between the two.

The jury sitting on the Schneider case was out but a few minutes, Federal Judge T. C. Linger having instructed the members to return a verdict of guilty.

Trenton Plan May Be Tried by Wymore Club

Wymore, Neb., Jan. 13.—(Special.)—The Wymore Community club will hold its annual election of officers Tuesday night and will consider the adoption of "The Trenton Idea," a plan of city and community building based on the idea that the interests of a man six blocks away from the city hall is identical with the man six miles away; that a town as big as the territory from which it draws its trade.

The "Trenton Idea" originated at Trenton, Mo., and is endorsed in the United States government year book. Of the 500 members in the Commercial club at Trenton more than 400 are farmers and stockmen in this section are receiving personal invitations to attend the Wymore meeting.

Reavis Addresses Nebraska Association At National Capital

Washington, D. C., Jan. 13.—(Special Telegram.)—At the annual meeting of the Nebraska State association held last night in Wilson Normal school, which was attended by nearly 200 former Nebraskans, now temporarily residents in the national capital, the officers for the present year were selected. They are J. L. McGroen of Lincoln, president; Miss B. Henderson of Fairbury, secretary; E. C. Harding of Oakland, treasurer.

A committee to revise the by-laws was appointed, consisting of F. A. Nelson of Omaha, chairman; E. C. Harding and Miss Campbell, Frank Woodward of Lincoln was named as chairman on membership, which is the largest in the history of the society in its more than 30 years of existence.

Congressman C. Frank Reavis, of the First Nebraska district, was the speaker at the evening taking a his committee on the subject, "Reorganization of the Administrative Departments of the Government," congress having recently authorized a survey to be made of these several departments with a view of cutting out duplications and increasing the efficiency of the employment.

Mr. Reavis told many humorous instances of red tape encountered in getting men transferred from one branch of the war service to another and cited the number of letters needed to bring about the execution of a mule, 78 stenographers having written letters before final action was taken.

Boy Who Challenges Burglar Wounded By Bandit's Shots

Grand Island, Jan. 13.—(Special.)—Irwin Wiseman, 16, was shot through the arm when he challenged the entry of a burglar into the home of his parents near Woodriver shortly after 1 this morning.

The boy saw the rays of a flashlight on telephone poles outside his window, leaped from his bed and, seizing a rifle, hurried downstairs, without awakening his father or mother. He found the kitchen door standing open and saw light under the door to a room where the family safe stands.

Just then the burglar opened the door. Irwin ordered him to "stick 'em up," but the burglar whipped a revolver from his pocket and fired. Irwin fired a shot at the fleeing housebreaker, who escaped.

Shortage of Painters Acute, Says N. Y. Man

Vocational training was discussed at length before the 11th annual convention of the Iowa-Nebraska Master House Painters' association in the Rome hotel by Dr. D. L. Ireton of New York yesterday.

The convention intends to campaign for vocational training, particularly in the trades which the delegates represent.

There are only 350,000 journeyman painters in the United States today, said Dr. Ireton, "while the demand is for more than 700,000."

"Young men will not serve a four-year apprenticeship in these modern times, and as a result vocational training which lessens the period of learning is the solution for bringing new blood into the trade."

"A journeyman painter earns \$1 an hour, and we hope by this convention to bring a message to the young men of the advantages of this trade."

Vote Fund to Aid Former Soldiers

Loans to Men in Vocational Training. A revolving fund of \$500 for loans to disabled ex-soldiers is to be established by the Omaha chapter of the American Red Cross. The decision was reached yesterday at a meeting of officials of the Omaha chapter and Con M. McCarger, supervisor of the local Federal Board for Vocational Training, and E. H. Dunaway, assistant district vocational officer from St. Louis.

The Omaha lodge of Elks has set aside an equal fund for the same purpose. The fund is to be used in vocational training in Omaha to tide the ex-soldiers over the time which they are required to wait for wages paid them while being instructed by the government. Checks from the government are not received by the former service men until 30 days after their acceptance.

The number of ex-soldiers placed in training by the Omaha office of the federal board from St. Louis tripled in the last 60 days. The applicants are former soldiers of the world war who either have been completely disabled or handicapped and unable to fill their former position.

McCook Commercial Club Elects Officers for 1921

McCook, Neb., Jan. 13.—(Special.)—Annual election of officers of the McCook Commercial club, resulted in the election of the following directors: C. H. Boyle, J. E. Kelly, Alex. Speer, F. M. Kimmell, E. C. Kelson, Virgil Barnette, E. H. Woolard, J. F. Grove, C. L. Falnsetko. From this body E. C. Kelson was elected president; F. W. Kimmell, vice president; J. F. Grove, secretary; H. E. Woolard, treasurer. A resolution was passed favorably endorsing the Culbertson beet sugar factory proposition.

Don't Fuss With Mustard Plasters! Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 35c and 65c jars; hospital size \$3.00

After All It's Big Values You Want

And That is What Bowen's Lower Price Sale Stands for. Our entire stock of Living Room Furniture, including the newest designs in tapestry, velour and cane back furniture, is being offered now at unparalleled price reductions. In this stock you will find magnificent two and three-piece suites at prices that will interest you. It is a sale of marked variety, of quality, of economy, and worthy of the attention of every furniture buyer in Omaha and vicinity.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. I can lift and carry without operation. If you write to me, Eugene M. Pullen, Carpenter, 714 G. Marcellus Avenue, Mansfield, Ohio, I will give you full particulars. I can show you what I mean. Write to me at once. You may save a life or at least a very miserable one. Beware of the worry and danger of an operation.

Comfort Baby's Skin With Cuticura Soap And Fragrant Talcum

Thousands of Married Folks Are Nervous Wrecks—Leading A Regular "Cat and Dog" Life

As a result of the devitalizing weakness caused by PALE, THIN, WATERY BLOOD—without ever suspecting the real cause of their trouble—IRON STARVATION.

Thousands of married people are CROSS, CRABBED AND GRUMPY, with each other all the while—READY TO FLY into a rage at the slightest thing when it is their fault at all. There ARE 30,000,000,000 BED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

THE PICTURE BELOW OF HUSBAND AND WIFE IS MORE OR LESS TYPICAL OF THOUSANDS OF CASES; WHILE ACTUAL PHYSICAL FORCE MAY Seldom BE USED THERE ARE SQUABBLES, FUSSES AND QUARRELS. Both husband and wife loved each other when they were married and they both really love each other today, but iron starvation in the blood has made them peevish, nervous, irritable and easily upset—both are ready to "fly into a rage" over nothing—yet these same people often quickly become most charming, pleasing and agreeable and get along splendidly when their starving blood is supplied with iron.

There ARE 30,000,000,000 BED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, nervousness, pains across the back, disturbed digestion, shortness of breath, heart palpitation, a general "run-down" condition, melancholy, bad memory, etc., when the real cause of all their suffering is in many cases nothing more or less than IRON STARVATION OF THE BLOOD.

The proof of this is shown by the fact that when organic iron is supplied to their blood, that all their multitude of symptoms often quickly disappear and the very men and women who were formerly complaining now become strong, healthy and vigorous with great disposition and sunny cheerful nature. When your blood is starving for iron, no more tonic or stimulants can put on fighting vitality. You must have iron in the same way as a starving person must have food. Without your blood losing its power to change iron into iron, you cannot live to live tissue and nothing you eat does any good. Instead of eating pounds of meat, nature puts plenty of iron in the husks of grains and in the skins and peels of vegetables and fruits to enrich your blood, but modern methods of cooking throw all this iron away—hence, your blood becomes poorer in iron. If you are not willing to go back to nature then you should eat more such iron-containing vegetables as spinach and carrots and reinforce them by taking a little organic iron from time to time.

Be sure the iron you take is organic iron and not metallic iron which people usually take. Metallic iron is iron just as pieces from the action of strong acids on small pieces of iron and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and the iron in spinach, lentils and apples. It may be had from your druggist under the name of Nutrated Iron. Nutrated Iron represents organic iron in such a purified condensed form that a dose of it is estimated to be approximately equivalent to organic iron content to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat. To prove to yourself what Nutrated Iron will do, get your doctor to take a specimen of your blood and make a blood count of your red blood corpuscles, then take Nutrated Iron for a month and have a new "blood count" made and see how much more red blood corpuscles you have gained. Always insist on having genuine organic iron. Look for the Nutrated Iron logo on every bottle. At all druggists.

NUTRATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY
