

### Senate Confirms Appointment on Control Board

Vote to Have Omaha Woman Fill Unexpired Term Stands 28-0—Soldier Bonus Bill Introduced.

Lincoln, Jan. 14.—(Special).—Confirmation of the appointment of Miss Katherine F. Worley of Omaha to fill an unexpired term on the board of control and the introduction of bills, occupied the attention of the Nebraska state senate this morning. Adjournment was taken, following the senate session, and a joint meeting with the house, until 2 o'clock Monday afternoon.

Senator J. W. Robbins renewed his motion for the confirmation of Miss Worley shortly after the session adjourned. Miss Worley was appointed to fill the vacancy occasioned by the resignation of Mrs. Carrie Peterson. The Worley appointment was made in July, 1920, and the term expires in July 1923. The vote stood 28 to 0 on confirmation.

**Infant Mortality Resolution.**  
A resolution was introduced by Senator Dutton, touching on infant mortality and the scientific care of babies as embraced in the Shepherd-Towner bill in congress. He wanted to memorialize congress to pass it. Dutton asked that the rules be suspended and the resolution passed immediately, but upon objection of Senator Norval it went over for a day.

Senator B. C. Anderson asked for a suspension of the rules and the appointment of a committee to draft a resolution of condolence to Senator Illian on the death of his father at Albion. The committee to draft the resolution included Senators Anderson, Randall and Humphrey.

**Soldiers' Bonus Bill.**  
Among the bills introduced was one by Senator Cooper of Omaha, doing away with the indeterminate sentence law under which the parole and pardon board functions, and another by Senators Ulrich and McCowan, providing for a 5-mill levy to raise a bonus fund for soldiers. The levy would raise \$3,850,000, it is estimated, and provides monthly payments to all who saw service, ranging from \$25 to \$50 a month.

### Disbarment of Wilber Lawyers Not Warranted

Finding of Supreme Court Investigator Says Evidence Does Not Show Excessive Fees.

Lincoln, Jan. 15.—(Special).—Referee J. I. Cleary of Grand Island, appointed by the Nebraska supreme court to take evidence and make a finding in the disbarment proceedings brought against Frank W. and Stanley Barton, brothers and partners in a Wilber, Neb., law firm, gave the attorneys a clean slate in his recommendations filed Friday.

He finds that there was no evidence to support any of the three specifications, or any of the eight subdivisions of the first specification.

**Charge Irregular Conduct.**  
The attorneys had been charged by the Saline county bar association with "irregular and unprofessional conduct" in specifications that:

1. They conspired to extort large fees from registrants under the selective draft.
  2. They attempted to defeat the draft on behalf of John Vasek, a client.
  3. Frank Bartos conspired to induce Rosie Smisek, 15, an unmarried mother, to tell that others were responsible for her condition instead of Adolph Kotone, his client.
- The cases of eight men charged fees ranging from \$50 to \$750, in connection with draft exemption before December, 1917, when attorneys were forbidden by presidential order to accept fees, were cited in the first specification.

**Admit Some Charges.**  
The attorneys admitted the charges, but declared they were responsible for the services given. The referee said he was unable to find that the charges in any of the specifications were sustained by the evidence to the extent of warranting disbarment.

The prosecution, which was in charge of H. H. Wilson of Lincoln, on behalf of the attorney general's office, in closing argument at the hearing two months ago declared

that the attorneys had spread the impression in the community that their influence might win exemptions where others would fail, and that they had taken advantage of a time of war to charge excessive fees.

### Nonpartisans Urge Bonus for Soldiers

Lincoln, Neb., Jan. 14.—(Special).—The first Nonpartisan league measure was thrown in the house hopper today signed by 13 league members.

The bill provides a soldier bonus bill giving the soldiers, sailors, and marines \$25 for each month of their service. They attach a string to the proposition by stating that veterans shall not receive this bonus unless they can show it was wanted to obtain an education, buy real

estate, buy tools and equipment for farm use or for business or professional occupations or payment of debts existing January 1, 1921.

The bill creates a "service recognition board" comprising the governor, state treasurer and adjutant general to administer the bonus. A tax of five mills for 1921 and 1922 is proposed to raise a "service recognition fund."
