How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you shout \$1.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect ir soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop if—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accent anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne. Ind.

"What did Edison do during the War" Who was behind the Navy's U-Boat War?

THOMAS A. EDISON! The wizard of invention heard submarines more than two miles away! He turned ships without depending on the rudder! He saw through the ocean by lighting it up beneath the surface. These, and a series of other things, which he accomplished during the war, enabled our Navy to outwit the U-Boats.

# The NEW EDISON

Our official bulletin "What Did Edison Do During the War?" tells the story.

Come in for your copy of this bulletin, or write if you can't call.

It will tell you, besides, how Mr. Edison was able to keep his favorite invention, the New Edison, within reach of everyone. How the price of the New Edison has increased less than 15% since 1914-including War Tax.
