Lincoln, Jan. 18.—(Special).—Whether a man's judgment can be swayed by the influence of a woman's plea has on his heart and her mastery of the culinary art may be determined at this session of the legislature.

Today Mrs. Sheldon summarized the sentiment claimed to be existing throughout the state for the creation of a moving picture censorship board.

Next week, Miss Guenn P. Godard of Omaha, in charge of the children's welfare department of the Nebraska Humane society, will speak on unfortunate children.

Another object of the welfare commission is to force unmarried fathers to take care of their offspring and support their other eight weeks in advance of birth and eight weeks after birth.

The house committee on child's welfare accepted the luncheon invitation. The senate committee has refused to consider any such proposition and is holding aloof from the meetings.

"Omaha Bonds for Omaha People" Is Robertson's Aim

Measure Introduced by Omahas Provides for Sale of 6 Per Cent Commerce High Securities.

Lincoln, Jan. 18.—(Special).—Omaha bonds for Omaha people at a good rate of interest and in small denominations, rather than bonds of large denominations, with permission to sell below par for the benefit of bond sharers, is a proposition which Representative Robertson of Omaha, declared today he was heartily in favor of pushing.

A bill signed by 11 of the Omaha delegation was introduced today providing for the sale of \$5,000,000 in Omaha High School of Commerce bonds at 6 per cent interest.

Robertson is opposed to writing permission for sale of bonds below par. He favors putting a 7 per cent interest rate on the bonds and forcing their sale at par.

Let's give the small investors in Omaha an opportunity to buy these bonds at a good rate of interest and get a good return, an opportunity to wait until there is a market and then buy them by way below par," Robertson said today.

Robertson stated he would endeavor to carry out his plan through amendments to the existing bill. The original issue called for 5 per cent interest but couldn't be sold at that figure.

Speaking of Bridges, He Helped Build First Here

Washington, Neb., Man Was "Straw Boss" of Workers on U. P. Span in 1872.

RICHARD BUCKNOLE

With progressive organizations of Omaha and Council Bluffs advocating the construction of a free bridge, Richard Bucknole, 74, of Washington, Neb., steps forward to tell the world how he helped build the Union Pacific bridge back in 1872.

Mr. Bucknole says he is probably the only living man who acted in placing the piers for the bridge, at the time the most hazardous work connected with bridge building.

He tells of mutinous crews who quit work rather than perform the work of placing the piers, which meant they must work in compressed air 70 feet below the surface of the river.

Mr. Bucknole was the first man to begin this dangerous work, he says, when at the time had to be performed with only candles for light.

HOW TO MAKE MONEY IN "HARD TIMES"

A secret of that "INDEFINABLE SOMETHING" that enables one man to push ahead and win while twenty others may fail.

WHICH MAN IN THE PICTURE BELOW IS YOU?

A man may be a great success in "good times" when the going is easy, but a COMPLETE FAILURE IN "HARD TIMES"—the man who works in the man who can face the great depression of "hard times" WITH A SMILE and still win.

The constant worry, anxiety, stress and nervous strain that a man is under in "hard times" not only saps his vitality, WEAKENS HIS BRAIN AND "WILLS" POWER and takes the life and driving force out of his blood, without his fully realizing what has happened to him—he knows SOMETHING IS WRONG, but he is not GETTING AHEAD as he should, but he doesn't know why. IF YOUR BANK BALANCE IS NOT UP TO THE MARK, if things are not coming your way, look into your physical condition.

YOUR BRAIN CANNOT WORK RIGHT—think the thoughts that bring SUCCESS—when YOU LACK BODILY AND MENTAL VIGOR—a great business man has said that genius is nothing but a capacity for hard work—a wizard is generally a man who thinks longer and harder than the other fellow—that "indefinable something" that wins is often nothing more than an "IRON WILL" supported by IRON BLOOD.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD and blood is life. It is the iron in your blood that carries oxygen to your organs. Without iron your blood is no good. YOUR INTELLIGENCE IS POOR; YOU MAY MAKE BAD DECISIONS; DO FOOLISH THINGS; YOUR MEMORY IS EXHAUSTED; you are weak, nervous and mental condition. YOU ARE CERTAINLY NO MATCH FOR THE STRONG, KEEN, CLEAR HEADED MAN who has plenty of iron in his blood.

Cuticura Soap Complexions Are Healthy

When you get up feeling tired in the morning, when you feel your nerves, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; or have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces across the collar and state of nervous prostration or until in your weakened condition you contract some serious disease, but take some organic iron like NUXATED IRON at once to help enrich your blood and revitalize your exhausted nerves.

Organic iron enriches the blood and revitalizes the body and mental vigor of weak, tired, worn-out nervous people. In two weeks it will be like the iron in your blood and like the iron in spinach, lentils and apples. It can be even eaten if it you wish. It will not blacken or injure the teeth nor disturb the stomach. It is entirely different from ordinary metallic iron which people usually take, and which is made merely by the action of strong acids on small pieces of iron.

Beware of substitutes. Look for the word "NUXATED" on every package and the letters "N. L." on every tablet. Your money will be refunded by manufacturers if you do not obtain perfectly satisfactory results. At all drug stores.
