

# Forfeit Moneys of Both Dempsey and Carpentier Accounted For

## Contract for Title Battle Not Violated

### Heavyweight Championship Fight Will Be Held July 2—Each Principal Has Posted \$50,000.

New York, Jan. 19.—The forfeit moneys of both principals and promoters involved in the Dempsey-Carpentier heavyweight championship bout set for July 2 were directly or indirectly accounted for today. As a result, it appeared that none of the terms of the contract signed November 5 have been violated and so far as can be foreseen there is no ground for the report that the match will not be held.

J. E. Ward, a surety broker who handled the bonds for those involved in the contract, stated that the American Security company had issued a bond for Promoter Tex Rickard's share of the \$100,000 forfeit fund amounting to \$33,333.33. The United States Fidelity and Guaranty company of Baltimore issued a similar bond for Wm. A. Brady, while Charles B. Cochran, English promoter, gave a check for his one-third responsibility.

Each principal through his manager was obliged by the contract to place a forfeit fund of \$50,000 with the holding trust company on or before November 20. Dempsey's manager, Jack Kearns, arranged with the Fidelity and Deposit company of Baltimore for such a bond. Carpentier placed a sum equivalent to \$50,000 with the Paris firm of Morgan Harjes, with instructions to forward it to New York. According to a cable from Paris this amount was deposited November 22 and in a statement from Cochran in London it was explained that the money had never been transferred to this country owing to refusal of the French government to permit it to leave.

All those involved, however, consider the posting of the forfeit of Carpentier in France as being within the terms of the contract. There is no desire to take technical advantage of Carpentier's inability to transfer the money to the United States at this time.

Britishers Favor Carpentier. Rickard stated that the report of the cancellation of the bout had resulted in a visit from Colonel Mallet, a personal friend of Carpentier who acted as confidential adviser and interpreter during the French boxer's visit to America. Colonel Mallet stated that he had arrived from Europe last Saturday and had seen Carpentier within two weeks. At that time Carpentier had in no way intimated that he had any idea of withdrawing. Colonel Mallet stated that after the reports of Dempsey's bout with Brennan reached London a number of English sportsmen who had seen Carpentier box Bomhardier Wells and Beckett offered to wager even money on Carpentier to defeat Dempsey.

## INDOOR SPORTS

## Central Tossers and Sioux City to Play

### Coach Mulligan Woking His Players Hard for Game At "Y" Saturday.

Coach Mulligan's Central High basket tossers have started a week of hard practice for their game Saturday with Sioux City High at the local "Y".

The Purple and White quintet made its initial showing last Friday and Saturday when it wallowed South High, and lost to Council Bluffs by a two-point margin. The Central aggregation appears to be a fast team of cage artists, but their playing Saturday night showed that they are not yet in condition to play two hard games in a row.

However, with one more week of hard scrimmage, Mulligan hopes to round his team in condition for two games in succession. The Central team will be greatly aided in a couple of weeks when Beekle, who has been ineligible all semester, will again be on the playing list. Beekle is a fast, clever basket tosser, and will probably be used at center. When he gets to working with Clement and Swenson, Central will have one of the best scoring machines seen on the local floor for some time. Corneman will also help in this line. Corneman and Good have been showing up well as guards.

## Chicago White Sox Sign 20 Pitchers for Training

Chicago, Jan. 19.—Manager "Kid" Gleason of the Chicago Americans will take 20 pitchers into training for the 1921 staff, it was announced today. Howard Fenner, a right-hander, purchased from the Kalamazoo, Mich., club is the fifteenth pitcher to sign for the coming season. Fenner, a college product, scored two one-hit victories in his last three games last season.

## Dickie Kerr of White Sox First Holdout of Season

Chicago, Jan. 19.—Dick Kerr, diminutive star southpaw of the Chicago Americans, is the first holdout of the season. He wrote friends here today that he was dissatisfied because his contract for 1921 did not contain an increase in salary. He asserted he would not pitch unless granted an increase.

## Player Who Wears Glasses New Princeton Cage Captain

Princeton, N. J., Jan. 19.—Howard Opie of Pittsburgh has been elected captain of the Princeton basketball team. He wears glasses and a heavy protecting mask of steel and wire, a fact that has given him the title of the "masked forward."

## Base Ball Chatter

Chicago Tribune-Omaha Bee Leased Wire. Chicago, Jan. 19.—Regardless of Harry Franco's declaration that Del Pratt would play with the Red Sox this coming season, the former Yankee infielder has been leased to the Kansas City club to play for the Chicago Americans. Pratt already is working on the pitchers for the Michigan team and expects to have a fast aggregation.

Al Lawson's avowed intention to play the suspended members of the White Sox has developed a lot of laughs throughout the major league circuits. Most of the experts say the public will not stand for this sort of thing and it will remain to be seen whether the new Continental league did have.

Seven major league clubs will get their spring workouts in Chicago, according to the final list of camps given out. The longest swing will be made by the Cubs to California.

Ed Sweeney, the former American league catcher who last year was a star of the Yankees, is sliding on down the ladder. Latest reports show his release from the Kansas City club to San Antonio. Sweeney should get a new lease on life on the road.

Joe Kelly, scout of the Yankees, has been transferred to the Boston club. Kelly's Maryland home and the home-run hitting slugger will return to the States to be married by Washington. He did not play in 1920 because of the death of his wife and the illness of a baby daughter.

Kid Eberfeld evidently hasn't much faith in the pitching of Chief "Fellow" Belding last fall. He is expecting him back to Little Rock this year, but the Redskin may prove a surprise. He proved a star in the Southern league last year.

Kid Gleason of the White Sox has given up all hopes of landing Chick Fewster from the Yankees. Hughes demands for the utility infielder more than \$100,000, which were commical according to base ball men who know the circumstances.

Howard Fenner, the young pitcher bought from the Kalamazoo club some time ago, has signed a contract in the White Sox offices today.

## Drawn for The Bee by Tad Burch Expects To Have Best Team in Loop

### Catcher Stapleton New Addition to Squad—One of Best Backstops in Southern League.

By RALPH WAGNER. Looks like a real case of the new broom with the Omaha base ball club, or at least it is beginning to appear that way, for Barney Burch and Mike Finn, new owners of the local franchise, are combing the country for players who would make good with the Omaha team.

Of course, both Burch and Finn could grab off half dozen or so big league boys, but that costs money and a base ball club stocked up with high-salaried players especially a Western league team, isn't going to reap a big harvest of dollars for its owner.

Going to Have Winning Team. However, Manager Burch says he is going to have a winning team this season if a couple of Ruths, Hornsby's, Speakers and the like have to be purchased from eastern clubs to turn the trick. Mike Finn is busy securing men for the team, and Monday wired Burch that he had signed Charlie Stapleton of a Southern league team as catcher for Omaha. The new Omaha backstop hit .325 last season, and according to Finn, is a coming ball player.

Finn even went so far as to wager Burch a new hat that Stapleton would be one of the best catchers in the league and that he would lead the other backstops in batting. All of which only goes to show that "Cy" Lingle and "Chuck" Ryan, last season's catchers on the team, will have to step some if they expect to keep their old positions with the club this year.

Benton, Wilson and Baumgardner, pitchers, have been secured from the Detroit Tigers. Wilson is a former college hurler of no small importance. He is considered a coming twirler and should be a valuable asset to the Omaha staff of mound artists.

Baumgardner, southpaw, is another eastern pitcher who is expected to curve 'em around the plate next season. According to Burch, Baumgardner is a good ball player, but is one of those kind of diamond performers who refuses to don the uniform on Sunday.

## Quaker Minister Is Grateful to Tanlac

### Rev. Parker Moon.

Nearly everybody in Southwest Missouri either knows, or has heard of, Rev. Parker Moon, who for a full century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers. "Uncle Parker," as he is more familiarly known, came from the old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake in agonizing pain for hours. I had to get up and walk around for a few days. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off

that I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

## Maroons Preparing For Game Friday

### Coach Adams Changing Line-up—Expects Hard Contest With Visitors.

The University of Omaha Maroons will play their first conference game Friday night at the local gymnasium with York college.

The York college quintet lost last week to the Hastings college Broncos in a close game. The Yorkers played a good brand of basket ball, but lacked the ability to push over the few points that would have turned the game. Coach John Riddell is shifting his men this week and expects to turn the trick on the Maroons Friday night.

Coach Adams has been busy at the University gymnasium with his squad of men and says that his team will be in the best of condition for the opening conference game. Adams has been patching up weak parts of his machine and is still shifting his men to remedy these faults. The university five will work each day with the second string men in a 45-minute scrimmage.

Finn even went so far as to wager Burch a new hat that Stapleton would be one of the best catchers in the league and that he would lead the other backstops in batting. All of which only goes to show that "Cy" Lingle and "Chuck" Ryan, last season's catchers on the team, will have to step some if they expect to keep their old positions with the club this year.

## Huskers Will Stage Valley Golf Tourney

### Nebraska Club Sends Invitations to Conference Schools—Phil Aitken President of Student Organization.

Lincoln, Jan. 19.—(Special Telegram.)—Lincoln will be the scene of the first Missouri Valley conference golf tournament next spring. Nebraska university has sent invitations to all school in the valley. Drake and Missouri universities have already accepted the invitations and expressed their willingness to come to Nebraska at any time the Cornhusker authorities decide.

Golf as a university sport began to take form a few weeks ago when a few students under the call of Athletic Director F. W. Luehring met and started plans for a Nebraska University Golf club. Plans took shape more definitely at a meeting last week when about 30 students elected officers for the club and drew up a tentative plan of what the work of the club would be.

Phil Aitken, champion golfer of the Lincoln Country club, was elected president of the student organization with Jack Whitten as vice president and Walton Roberts as secretary-treasurer. These officers will work together in drawing a constitution for the Nebraska society.
