HOUSE ROLL NO. 1. If the legislature is to take any action regarding the city government of Omaha, it should be in the direction of providing better conditions.

Deserving Democrats and the Pay Roll. A little uproar was generated in the senate on Tuesday by the action of the majority in refusing to proceed with confirmation of certain pending presidential nominations.

Too Many Dis-United States. Hungary has unveiled in tears and mourning, monuments to its four lost provinces, Transylvania, Croatia, Slavonia and Fiume.

Putting Nebraska on Wheels. If every motor car in Nebraska were a six-passenger one, all of us could ride. It wouldn't be a joy ride, though, for although this state leads in per capita ownership of motor cars...

A car or truck has one, and the business of selling them, and more especially their equipment, ought to be more lively here than in other parts of the country slower to catch on.

Our Shame Discovered. We had almost written "uncovered," for what man is there who will not appreciate his nakedness when he reads what Mr. E. E. Brazer has scheduled as the proper wardrobe for the well-dressed man.

A Line O' Type or Two

How to Line, let the quips fall where they may.

CLASSICAL WHO'S WHO. I sing of Orpheus, brave old god, Who stormed the gates of Hades, And led from there the lady fair—

MR. CHESTERTON is not always convincing; indeed, he has almost said that he is never convincing. Certainly his attempt to destroy the tradition that primitive man wooed his mate with a club is not successful.

WITH Judge Landis at the head of grand base ball and Mary Garden at the head of grand opera, the future of the greatest outdoor and indoor sports is temporarily assured.

MR. SANTAVANT writes on philosophy as lucidly as any author we know. Compared with Haecel, his disquisition is as simple as "One foot up and one foot down."

THE election did not turn on the issue of how many or exactly who was to be employed in the government service. One of the issues, however, was the padded roll.

IT is quite likely that a considerable number of nominations will expire with the passing of the Sixty-sixth congress, and that Mr. Harding will have the job of filling some places with selections made by the heads of departments who are responsible to him rather than to Woodrow Wilson.

OUR mid-winter clearance sale, advertised by a Duluth merchant, "is on with a vengeance," and an interesting gadder wonders whom the vengeance will fall upon.

THE MYRIAD-MINDED LAMB. Charles Lamb retold the stories of Charles Dickens in such a way that every boy and girl can understand and enjoy them.

THE most curious tribe, called Aguanib, are to some extent web-footed, and the skin of their feet is "as tender as wet blotting paper."

THE new office boy had just discovered that I was responsible for the adjacent column. He informed me he read it every morning. I thanked him. He remarked, "By the time I get ready to be married I'll know just how to get a divorce."

How to Keep Well

Dr. Evans will not make diagnosis or prescribe for individual diseases. Address letters in care of The Bee, Omaha, Neb. Copyright, 1920, by Dr. W. A. Evans.

MOST BORN BLUE EYES. A correspondent wants to know if the eyes of all very young babies are blue. I gladly answer the question because I can both from observation and recent reading.

WELL, WHAT DO YOU THINK OF THAT. That's what Mary's friends said when she told them she and John were going to be married, and that John had bought and paid for a cozy little bungalow which was to be their future home.
