

### Omaha Leads in Earnings From Its Buildings

#### Architects' Publication Bases Decision on Survey of 26 Cities—Securities Building Heads List Here.

Omaha leads the country in office buildings, their care, expense and earnings. Such is the decision of the American Architect, published in New York City, which bases its decision on a survey of 26 leading American cities.

These cities are Atlanta, Birmingham, Cleveland, Cincinnati, Chicago, Detroit, Duluth, Dayton, Des Moines, Evansville, Grand Rapids, Kansas City, Minneapolis, New York, Oklahoma City, Omaha, Peoria, Portland, Philadelphia, Seattle, Spokane, Springfield, St. Louis, Toledo and Worcester, Mass.

#### Securities Building Heads List.

The securities building in Omaha leads the list. The architect having decided this building is the best rented and most profitable of all the office buildings covered by the investigation, as it shows a larger net income, per square foot of floor space, than any of its competitors.

#### Highest-Priced Corner.

This building is six stories high, constructed of reinforced concrete, with glazed tile exterior. The building stands on one of the highest-priced corners in a city of about 500,000 population.

#### Reasons for Success.

Several reasons for the abnormal success of this building seem to stand out prominently: "A low building evidently pays better than a tall building on a high-priced piece of ground.

#### Man Who Has Lost Memory Identified as Former Omahan

### Poisoned by Thousands

Backache of any kind is often caused by kidney disorder. Poisonous matter and uric acid accumulate within the body in excess, over-working the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, and lack ambition to do things.

### Two Boys Injured While Coasting

#### Driver of Car Striking Sled Fails to Report Accident To Police.

Two boys were injured while coasting at Twenty-sixth and Caldwell streets yesterday afternoon when an automobile struck their sled.

They are Gardon Hayes, 2522 Caldwell street, and Frank Conlin, 2523 Caldwell street.

An automobile, going north on Twenty-sixth street, crashed into their sled as it crossed the intersection, hurling the boys against the curb.

The driver of the car stopped, got out, asked the boys if they were hurt much, and drove on.

### Christ's Life That of An Artist, Lecturer Tells Fine Arts Body

Art in its highest forms of expression was dwelt upon by John Hansen Thompson Main, president of Grinnell college, yesterday when he spoke before members of the Fine Arts society in the ballroom of the Hotel Fontenelle.

"The epoch of the Christian era, beginning with the year 1, as a development of art as it was, produced the most artistic spirit the world has ever seen," Mr. Main said.

"Art and civilization must grow together. Art is the expression of life. It is illustrated effectively in that grand painting, 'The Last Supper.'"

"President Lincoln's life has come down to us because he upheld principles of art, of sympathy and good fellowship.

"If we analyze the early type of Greek buildings we find art in its expression of life as the Greeks beheld it. In our modern day, I consider it almost criminal for a college to place its students on a campus or in buildings that are not beautiful in artistic structure."
