

THIS IS THE MOST WONDERFUL CLOCK IN THE WORLD. It is the Verite clock at the Cathedral of Beauvais, in Paris, it tells the year, month, day of week, hour, minute and second. It has no fewer than 90 dials composed of 90,000 pieces and cost of 150,000 francs in normal times. It requires winding up only once every century. At midnight and midday the clock at the top crows and the Last Day of Judgment is enacted by figures overhead, including the Almighty, Christ, the Virgin Mary, Angels and Satan. Portraits of all the Saints surround the main clock.

TWENTY-THREE ALLEGED COMMUNISTS boarding the ferry boat at the Barge Office, New York, to go to Ellis Island for deportation on the S. S. Imperator sailing for Europe. They were rounded up in various parts of the country and have been enjoying their freedom under bail. Nearly all are Russian.

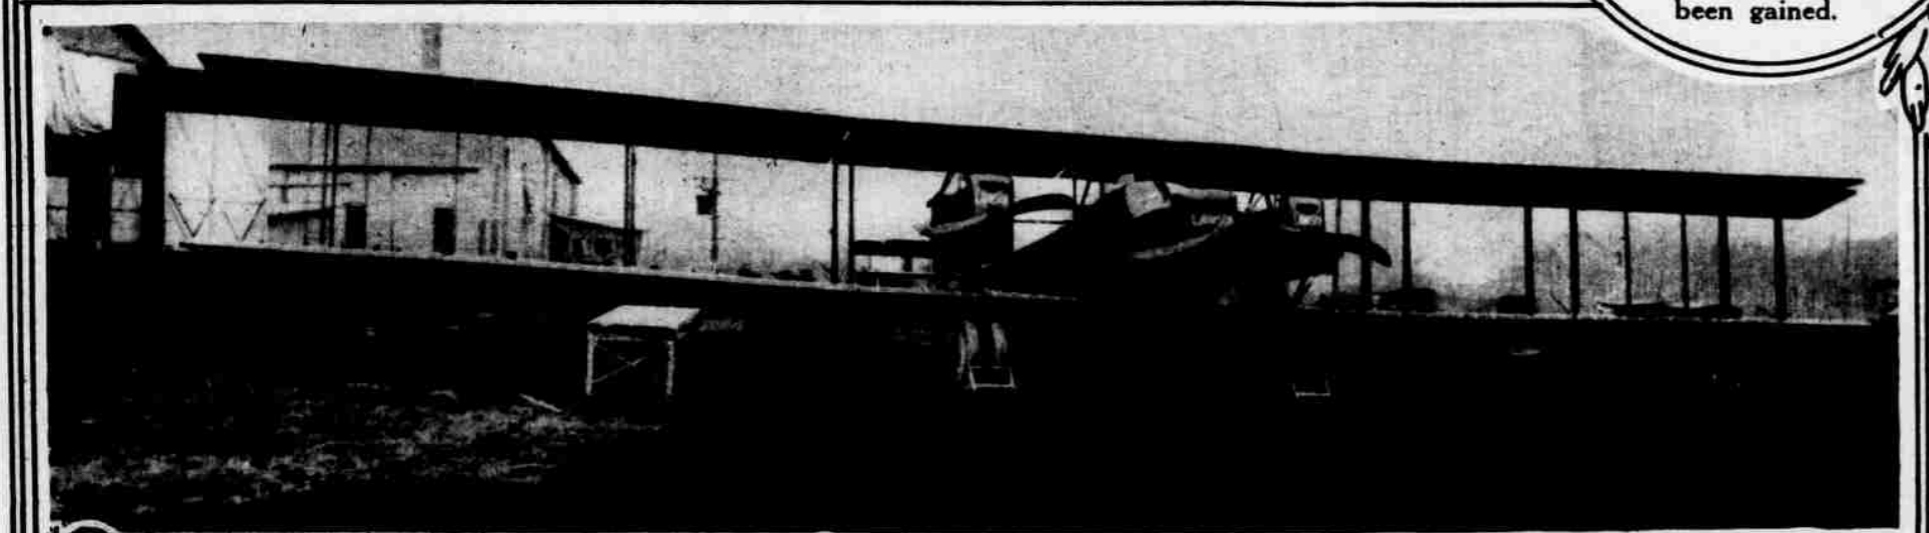

NO, THIS IS NOT DARKEST AFRICA—It is only "45 Minutes from Broadway," with the great elephants from the Hippodrome, out on a little outing. The photo was taken by George Powers, who attends to the welfare of the giants of the forest.

ENGLAND'S LEADER, Lloyd George, in serious conversation with President of League of Nations, Paul Hymans. Hymans is pointing one way, Lloyd George the other, and Lord Curzon, the referee, is standing behind, trying to decide who is right.

MISS SHELDON JACKSON, credentials-chairman for the convention of the National Woman's Party in Washington, February 15 to 19, at which the decision will be reached as to whether the Party shall continue with new objectives, now that its initial goal, the securing of a federal suffrage amendment, has been gained.

THE NEW LEVIATHAN OF THE AIR, affording the passenger the comforts of a railroad car. The body of the plane is 65 feet long and is seven feet high, permitting passengers plenty of height while walking thru. Sleeping and lounging berths with spacious beds are also a feature of the plane. The ship boasts of three Liberty motors aggregating 1200 horse-power, and has a wing spread of 120 feet. A flight between New York and Chicago can be made during the night without making a stop. On the right is shown the bathroom.
