

### Counsel Lambert Opposed to Munny Light Measure

Attorney Says Bill Would Force City to Accept Current From Water Board Regardless of Cost.

W. C. Lambert, corporation counsel, is opposed to house roll No. 1, a bill which would give to the Metropolitan Water board the right to initiate a municipal electric light and power plant, a right which is now vested in the city council.

Mr. Lambert, who has given years of study to public service problems, stated that he has pronounced the victims in explanation of his opposition to this bill and he added that his opposition was reached after a careful study of the bill.

"I am opposed to the bill, in the first place, because it proposes to require the city to accept current from the Metropolitan Water board for street lighting, regardless of any proposition which might be received by the city from any other plant," said Mr. Lambert.

Limited Number of Patrons. "I also am opposed because the service which the Metropolitan Water board would give could be used by only a limited number of patrons for at least several years and it would be necessary for 90 per cent of the present electric light and power users to share in bearing the financial burdens of the enterprise without being given the benefits until the service of the board would be extended to them and that would be a matter of years.

"Another reason why I am opposed is that there is now ample provision in our laws to give any relief the city needs in the matter of building a municipal plant or acquiring the existing plant. I see no reason for enlarging the powers of the Metropolitan Water board at this time and I have full confidence that the city council will be competent at any time to meet any situation of this nature, should it arise."

Says Proposition Unfair. Mr. Lambert says he does not believe that the city should be compelled to accept the street lighting service from the Metropolitan Water board even should this board start an electric light and power service from its Florence plant, as it seeks to do under the terms of this bill. He maintains that the city should not be tied down to any such requirements. He says he believes that such a proposition is manifestly unfair and would not stand the acid test.

He has gone over the existing laws on the subject, placing them against house roll No. 1, and finds that the present laws are fully adequate to enable the city to go into the electric light and power business any time the voters authorize it, or to acquire the plant which is now in operation.

The bill will be discussed this afternoon at Lincoln before the house committee on towns and cities.

Mr. Lambert's expressions on the subject are the most pronounced utterances against the bill which have come out of the city hall.

### Omaha Business Show To Continue All Week

The Omaha Business show, held this week on the fourth floor of the Orchard & Wilhelm store, opened yesterday and will continue through the week. There are 27 exhibitors and 23 booths displaying all manner of office equipment and fixtures. The show will be opened Wednesday night.

One of the features is the typing exhibition of William P. Oswald, New York, world's champion typist, who has a record of 143 words a minute for an hour's writing.

Special invitations have been sent out to all commercial, industrial and civic organizations and to pupils of public schools and students in business colleges to attend.

### Suspect Captured in Hotel After Spectacular Chase

Following a spectacular chase through the corridors of two floors of the Paxton yesterday afternoon, Conrad Beck, Eighteenth and Leavenworth streets, was captured at 3 o'clock by Corbett Mills, assistant manager of the hotel, and a number of guests who joined in the chase.

Detectives arrived at the scene just as the fugitive was captured and took him to Central police headquarters for investigation.

Beck is suspected of attempting to ransack several rooms in the hotel. He is also suspected by the police of being implicated in a number of recent robberies of offices in downtown buildings.

### Man Is Sentenced to Pen Second Time for Forgery

Fred H. Denker was sentenced to the penitentiary for one to 20 years by District Judge Troup yesterday for forgery.

This will be his second term in the Nebraska "pen" for forgery. He was sent there July 1, 1913, for a term of one to 20 years, but was released after serving three years.

At his first trial on the present charge of passing a forged check on the Nebraska Clothing company the jury disagreed. At his second trial a month ago a verdict of guilty was returned.

### Full Meal in Samples to Be Given Away at Exposition

A full meal in samples will be given away at the Onward Omaha exposition which opened at the Burgess-Nash store yesterday. Cakes, syrups, butter, flour, Skinner macaroni, meat products and coffee are among the "handouts." Miss Taylor dresses in the making and a play store are other features of the show.

Would Donate Corn—Chase county farmers through Carl G. Peterson have notified D. Burr Jones they would donate a carload of corn for the starving children of Armenia.

Bank Clearings—Bank clearings for Omaha during January totaled \$173,033,313, showing a decline from the total for December, which was 180,572,180.88, while in January, 1920, the total was \$305,287,683.15.

Adjust Losses—Insurance companies have adjusted their losses on the High School of Commerce, through which destroyed the new school building the night of January 1 and the school district will be paid \$102,000.

Motorman Improves—Leonard Cullison, motorman, severely injured in a rear-end crash of two street cars at Thirtieth and Williams streets Saturday morning, is reported improved at St. Joseph hospital.

Gasoline To Go Lower—A drop of 50 cents a barrel on crude oil was announced by L. T. Nicholas of the Nicholas Oil company yesterday. The decrease in the price of crude oil heralds a drop in the price of gasoline, he said.

Corral Witnesses—United States Deputy Marshal Emmet J. Quinley and Earl Young spent Sunday corraling 59 witnesses for the federal grand jury which will convene Wednesday. Quinley confessed he lost his way once during the day.

"Cupid" Worried—Only 216 marriage licenses were issued last month against 276 in January 1920. "And yet they talk about Onward Omaha!" said "Cupid" Stubbenow, marriage license clerk, when he compiled his records for January with a wry face.

Many Ask Help—Not since the winter of 1914, when soup lines were established, has the demand for charity on Omaha been so great, according to Maj. F. A. McCormick, of the Volunteers of America. "We are receiving 50 applications a day for help" he said yesterday.

To Talk on Radium—Dr. D. T. Quigley will speak on "Radium and its Uses" at the noon meeting of the Rotary club Wednesday, N. C. Leary will be chairman of the meeting, after which the club members will visit the business show at Orchard & Wilhelm company's store.

Family Pet Dies—Jack, a watchdog belonging to the five children at the home of Mr. and Mrs. E. W. Patrick, died Sunday. Jack suffered an injury to one of his front legs some time ago and a large swelling resulted. An operation was performed 10 days ago but the effort to save the dog was futile.

Three Burglaries—Three burglaries were reported to police Sunday night. A violin was stolen from the rooms of Mrs. Lonnie Boone, 112 North Eighteenth street; \$50 worth of jewelry from W. N. Heller, 413 North Twenty-fifth street, and an overcoat from Chin Yeh, 1409 Douglas street.

Wedding Deferred—A would-be bridegroom telephoned Herbert Stubbenow, marriage license clerk, Sunday to come to the court house and issue a license. Good news "merely" "Cupid" complied. When he arrived at the court house and applied for his license, he learned the applicant had been divorced only two months and the license was not granted.

### Relatives of Woman Ill Kansas City Not Found Here

No relatives of Mrs. Bessie Handler, whose clothing was found to conceal \$400.25 when she was taken to the general hospital in Kansas City, could be located in Omaha yesterday, although the woman was identified by a daughter, Mrs. Ida Schulman, as her mother from Omaha.

Mrs. Handler told Kansas City police she had gone there to find a daughter whose husband's name she could not remember, and appealed to them for aid, saying she was out of funds.

### Contract for Painting Court House O. K.'d in Court

The contract for painting and decorating the court house, awarded by the county commissioners to the Jensen Painting company for \$43,000, was upheld by District Judge Wakeley in a decision rendered yesterday in the suit brought by Sam Newman, a bidder whose figure was \$8,000 less than the Jensen bid.

Judge Wakeley held that the contract involves artistic qualities and therefore is not subject to competitive bidding on a purely pecuniary basis.

### Wife-Slayer Is Sunday School Boy, Says Mother

Son Always Dutiful. Never Used Liquor, Declares Parent. Here to Fight for Prisoner's Life.

Burnell Lawson, 21, held in county jail without bail for the alleged murder of his girl-wife, Jeanette, attended Sunday school regularly when at home, according to his mother, Mrs. Hope Lawson.

Mrs. Lawson, who arrived in Omaha yesterday from Little Rock, Ark., to fight for her son's life, also declared as far as she knew Burnell never used intoxicating liquor. "He had never been away from home long until last March," she said. "He either wrote or telegraphed me regularly until in December."

"The last time I heard from him was in December. He was in Kansas City, Mo. I didn't know he had come to Omaha until I heard the terrible news of the tragedy."

Always Dutiful Son. "I didn't even know he was married. He had always been a dutiful son, but he had never confided his troubles to me much. I don't know much about the circumstances, but I think there must be something in his favor."

Because of illness Mrs. Lawson was unable to visit her son in the county jail up till 3 o'clock this afternoon.

"I want to see him just as soon as a handy tin box of 12 tablets cost but a few cents—Larger packages.

### Are Weak Nerves and Thin Blood Making a Failure Out of You?

Iron starvation of the blood weakens the will power, robs you of your bodily and mental vigor and often keeps you from making the money and success you should.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is thin, pale and watery it loses its power to change food into living tissue, and NOTHING YOU EAT DOES YOU THE PROPER AMOUNT OF GOOD—you don't get the full strength out of it, and as a consequence you become weak, nervous, irritable and, easily upset.

Also YOUR BRAIN BECOMES DULL AND HEAVY your memory poor; your will power weakened; you can't think right and you are no match for the fellow with a keen active powerful mind.

It's the "man of blood and iron"—THE STRONG, FORCEFUL, VIGOROUS FELLOWS that make the money and become the great captains of industry.

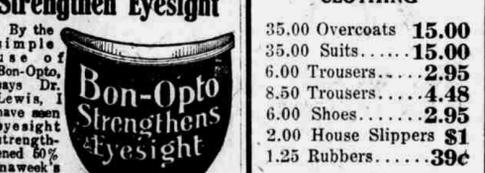

When you get up feeling tired in the morning, when you can no longer do your day's work without being all fagged out at night; when your digestion all goes wrong or you have pains across the back and your face looks pale and drawn, and you feel until you go all to pieces and collapse in a state of nervous prostration, or until your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles, or test the iron power of your blood yourself by adding plenty of spinach, carrots, baked apples or other iron-containing fruits and vegetables to your daily food and take organic iron, like Nuxated Iron with them for a while and see how much your condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks time by this simple experiment. But in making this test be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the mines. Organic iron may be had from your druggist under the name of NUXATED IRON. Beware of cheap imitations; look for the letters N. I. on every tablet. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

possible, though," she said. "He was always a home boy and so many little things have happened since he left home. I know he'll be interested in hearing about them."

Never Met His Wife. "Yes, I want to stay in Omaha until the thing is all over with. I've never had any experience in this kind of thing, however, and the judgment of our attorneys will decide my course of action."

Mrs. Lawson said she had never met her son's wife, but had heard since the tragedy the girl was from Little Rock or the near vicinity. She showed no interest in the woman and changed the subject when she was mentioned.

H. K. Padgett, brother of Mrs. Lawson, who accompanied her here, declared Burnell had been very dear to him. He would not comment on the circumstances, asserting he knew little about it as yet.

### England and Japan Friends to U. S., Says Jap Minister Here

There will be no war between Japan and the United States, according to H. Yamader, minister of the department of home affairs of Japan, who arrived in Omaha yesterday from Tokio. The minister is transportation and city planning expert in Japan and is here to study cities and railroads.

"Cities of the United States are laid out on a large scale. In Japan the cities often have narrow, dirty streets," he said.

Speaking of an alliance between Japan and Great Britain the minister said, "England and Japan are the good friends of America."

### The Noblest Profession

has to do with doing good for others. In no field is there greater opportunity for doing good than that of Scientific Nursing. Florence Nightingale, "Angel of the Crimea," once said that Nursing was one of the Fine Arts—and the Finest of Fine Arts.

The Need for Scientifically Trained Nurses is greater now than ever before. The field offers the serious minded, purposeful young woman rare opportunity not only to measure up to one of the real needs of the world but to gain Real Success for herself.

The University Hospital School of Nursing of Chicago

affords every modern and scientific help to the young woman to attain the same of preparation. Because of the affiliation between the University of Illinois College of Medicine and the Hospital, students at this School of Nursing enjoy valuable educational privileges at the University College and are graduated at the annual commencement of this College.

Applicants are admitted to the University Hospital School of Nursing as candidates for a three-year course of Graduate in Nursing or as candidates for a four-year course leading to the degree of Bachelor of Science in Nursing.

THERE IS NO TUITION FEE. Probationers and Student Nurses receive room in an attractive home adjoining the Hospital, board and laundry during their period of training without expense to them. Students receive graduated allowances of money after the probation period of three months.

The University Hospital School of Nursing, founded more than twelve years ago, as a non-sectarian institution, is located at the intersection of Ogden avenue, Congress and Lincoln streets, directly across the street from the Medical Building of the University of Illinois.
