Baby Plane of U. S. In Grand Island To Omaha Flight

Grand Island Man Pilots America's Tiniest Complete Airplane in Speedy Non-Stop Flight. America's smallest complete airplane made a nonstop flight from Grand Island to Omaha in one hour and 25 minutes Tuesday.

Warren Kite of Grand Island piloted the baby plane on its record trip. The baby plane was built by A. H. Fetters, 2711 Poppleton avenue, and Edwin N. Greedy, 2914 Hickory street, Omaha engineers.

The ship weighs but 335 pounds, complete, and is equipped with a three-cylinder motor, which develops 35 horsepower. The span of the wings is 24 feet and the plane from propeller to nose is but 16 1/2 feet long.

Pilot Kite made the maiden trip in the baby ship three months ago. Neither Fetters nor Greedy is a pilot and Kite took the plane to his home in Grand Island on a flight, during which he made two stops.

On his nonstop flight yesterday he averaged a speed of 100 miles an hour. The builders of the ship were surprised when he landed on Ak-Sar-Ben field to see that he had dressed his aircraft in brand new orange and black paint.

She asks the court to award her the custody of the two children and an equitable allowance of maintenance.

Legion Boxing Bill Is Revived By Lower House

Vote to Overturn Committee Recommendation Indicates Measure Has Good Chance of Passage.

Lincoln, Feb. 9.—(Special Telegram.)—The American Legion's bill to legalize boxing bouts, under control of a state athletic commission, was revived by the lower legislative house today by a vote of 78 to 15. A standing committee of the house had recommended that the bill be killed. Within 24 hours protests against this summary action flooded the house. This morning Reed of Logan county, himself an American Legion man, moved to overturn the committee report. Reed reviewed the bill, pointing out that it authorizes bouts only under the auspices of clubs or other organizations regularly incorporated for at least a year.

He declared that it will wipe out frameup boxing and wrestling matches and provide clean sport. Representatives Ruidy, Sandquist, Williams, Hascall and Douglas also championed the bill. Webster of Burt county and Epperson of Clay county opposed it, characterizing it as an opening wedge for legalized prize fights.

All Douglas county members present voted for the bill. The 15 opposed were Anderson of Hamilton, Behrens, Epperson, Franklin, Frazer, Gilmore, Good, Goodrich, Johnson, Lauretson, Sprick, Stephenson, Strong, Vance and Webster.

While the bill yet has to run the gauntlet of consideration on its merits, today's overwhelming vote indicates it has a good chance of passage.

Lucy Page Gaston missed something Tuesday night. She should have peeked into the jubilee of the Douglas county post of the American Legion in the city council chamber in the city hall.

For cigar smoke was so thick one could cut it with a knife. But these fellows, who did their bit toward stemming Germany's war tide, were launching a mammoth membership drive and Lucy would have been out of place.

"Who won the war?" shouted Harford Mac Alder, national vice commander and state commander for Iowa of the legion. "Why, the spirit of the buck private."

Dr. Frank G. Smith, pastor of the First Congregational church, was cheered lustily when he attacked the "peanut politics" of Washington and advocated a soldier bonus measure. A lively cock fight between two blooded roosters belonging to Ralph and Don Peters closed the entertainment.

Police Confiscate Fake Revenue Stamps In Printing Office

Washington, Feb. 9.—Arrest of five men in Philadelphia in a raid upon a printing shop where alleged counterfeit internal revenue liquor stamps were being produced was announced here today by Chief Moran of the secret service.

Chief Moran said about 100,000 strip stamps, as well as liquor labels were seized. Recent raids by secret service agents, Chief Moran asserted, have disclosed liquor bearing internal revenue stamps and brand labels so cleverly counterfeited that the bottles could not be told from those regularly withdrawn from bond, except upon the closest examination.

An analysis of the liquor contained in some of these bottles, Mr. Moran declared, showed that the contents were adulterated sufficiently to kill.
