

Barrows Returns From His Trip for Sons of Veterans

Lieutenant Governor Made 30 Addresses in 17 Cities; Receives Many Gifts From Organizations.

Lincoln, Feb. 21.—(Special)—Pelham A. Barrows, lieutenant governor of Nebraska and national commander-in-chief of the Sons of Veterans, returned Monday morning from a 13-day trip through the east in his official capacity as head of the national organization.

On this trip of less than two weeks he made 30 addresses and talks in 17 different cities and 10 different states, and covered 4,400 miles. Most of his appearances were in the larger cities, where he was guest of the affiliated Sons of Veterans organization.

He is returning with a half a dozen valuable trophies, gifts from organizations where he made his stops. He spoke before the legislatures of Massachusetts, Indiana and New York, and called on the governors of a number of other states where legislatures were not in session.

Meets "Teddy" Jr. Theodore Roosevelt, jr., a member of the New York assembly, came forward and shook Mr. Barrows' hand after his talk before the Albany legislature.

In New York, the big ballroom of the Astor hotel was filled to capacity at a reception in his honor. At the close of his address, the auxiliaries of Brooklyn and New York gave him a costly traveling bag, and the Daughters of Veterans of Brooklyn presented him with an engraved loving cup. The auxiliaries of Albany, N. Y., gave him a fine leather portfolio.

Mr. Barrows' most cherished recollection was given him at Carver, Mass., his native town, which he left 43 years ago. Delegates were present from 10 neighboring towns. In the course of the reception, Mr. Barrows was presented with a handsome carving set and a set of silver spoons.

Will Exhibit Gifts. The lieutenant governor is planning to exhibit his gifts at his office in the capitol. He took over the reins as president of the Nebraska senate, when it convened Monday afternoon.

Financial

The New York Times

By ALEXANDER DANA NOYES. Chicago Tribune—Omaha Bee Leased Wire. New York, Feb. 21.—On the stock exchange today's movement was again mostly made up of heavy selling by professional speculators; the buying being done more by direct investors.

On their face, the reports of some of these speculative and trading companies show that there is possibly some sensationalism that has been shown at any time in the past. The reaction of each occasion, the striking part of the comparison was not the income account, but the balance sheet, which is a statement of the company's assets and liabilities.

Such a loss, as the Central Leather Co. reported, is not unusual. It is a result of the fact that such exhibits, though by no means all so formidable as this one, are followed by the sudden and violent fall in prices for such companies' securities. This being so, there is no reason to believe that the Central Leather Co. is in any way exceptional.

There were no disturbing influences in the general news. The money market remained unchanged, showing the disposition to keep in hand the surplus funds until the federal reserve has been brought up to the normal level of 1919. It has not done this yet, though the Federal Reserve Board has been authorized to do so.

Chicago Grain

By CHARLES D. MICHAELS. Chicago Tribune—Omaha Bee Leased Wire.

Chicago, Feb. 21.—Grain values responded to better buying and while the best prices were not held until the close there were net gains of 14¢ to 20¢ on wheat, 34¢ to 50¢ on corn, 14¢ to 20¢ on oats and 14¢ to 20¢ on rye. A large part of the news was favorable to strengthening values and the only thing to discourage increased local buying was the limited run of outside buying. Receipts were 36 cars.

Wheat supplies are steadily decreasing and the visible is down to 28,856,000 bushels, compared with 53,396,000 bushels last year. Export business was on with 28,000 bushels added to the visible stock at Saturday's market. There was also the prospect of taking further quantities on Wednesday and an inquiry at the seaboard for 10,000 barrels of flour for export.

Chicago Interests Sell. Mexico is in the market for 10,000 tons and 10,000 tons of millinery, taking moderate quantities. In the southwest it was said that offerings were liberal as the market was not so active as it was sufficient to make it desirable for large buyers to call.

Wool Goods Price for Fall of 1921 Lower

New York, Feb. 21.—The American Woolen company, largest producer of wool goods, today named prices for the fall of 1921 on a basis ranging from 45 to 50 per cent below prices of last autumn.

Dresses made of wool include many women's coatings while the overcoats included nearly 75 per cent of fancy back goods against 25 per cent of staples.

A women's wear, serge, that was priced at \$3.95 a yard, and also a wool suit, were offered at 50 per cent below the price for delivery through July only and prices were guaranteed until September 1.

Buying in dress goods was more active than in men's overcoatings.
