Woman Is Cast On Uninhabited Isle by Typhoon

Finds Out Just How Robinson Crusoe Felt-Rescued After 3 Days by Fisher-

Oakland, Cal., Feb. 26.-To Mrs. Charles R. Stone has fallen the experience of being a Mrs. Robinson

Recently during a twenty months' visit with her husband in the Philippines she was washed overboard rom a sailing vessel during a typhoen and spent three days on an unababited island.

Her husband is an importer and exporter, Mrs. Stone said. His business took him to Itoilo in the Philippines. She went along. They traveled on a dinky little coasting

Stormy Wind.

When we were off of Bolino A stormy wind began to blow. Our boat did wibble-wobble so That overboard I went" paraphrases Mrs. Stone.

In reality it was such a stormy wind that it was rated as a typhoon, and the little craft bobbed like a cork battling it. As the storm began to subside Mrs. Stone, life preserver on her arm, went on deck to get some air. She got more than air. She got so buge a wave in the back that she went overboard, and the folk on the boat could not res-

While the distracted husband and the boat went on to Bolino, Mrs. Stone and her life preserver went on a regular Robinson Crusoe isle. Buckles Up.

"I have an intimate knowledge of Alexandria riflemen. now of how that man Alexander Selkirk felt when he was cast ashore on the deserted island. I knew that this island that I was on could not be vacant at all times for I found the remnants of fishermen's camps. I just buckled up and ate fruit and marching of 26,500 men. The waited There was plenty of fruit on the island. The weather was good and outdoors was no hard-Three days later fishermen found

her, and in their boat she went to Bolino and found a husband who

a cry too reminiscent of "God Save the King."

Washington's second inaugural took place at Philadelphia. When John Adams came 1797, more attention was paid to the

great man going out of office than to the worthy one coming in. Thomas Jefferson assumed the presidency in the raw and muddy town of Washington. Adams refused to have any part in the ceremonies, declaring he was "unwilling to enact the role of captive chief in the triumphal procession of the victor to the capitol."

Clouds Over Madison.

James Madison came in under the manager, superintendent, dispatcher, threat of war, a threat which profuced an imprecedented mobilization of 10,000 persons in Washington to witness the inaugural. All day long cannon boomed and crowds surged through the village.

Andrew Jackson's assumption of office was as unorthodox and startling as many of his acts in office. The head of the newly formed democratic party, risen from the wreck of the old republican, slipped unostentatiously into Washington, found the president gone from the White House, and beheld a free-for-all on course, to go from this place, which the lawn of his new home on the was tamed among pioneers for the night of March 1. This was the medicinal properties of its hot famous occasion on which a mob springs, to the state capital, while charged the White House, surged in, the stage coaches negotiated the broke glasses, trampled on costly furniture and could not be diverted from its purpose of "whooping er up" until many tubs of punch were deposited on the grass as a bait to

draw the roisterers forth Guard for Lincoln.

DRESS WARM AND **KEEP FEET DRY**

Tells Rheumatism suffere to Take Salts and Get Rid of Uric Acid

Rheumatism is no respector of age sex, color or rank. If not the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid

which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chil-, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumu lating and circulating through the system, eventually settling in the oints and muscles, causing stiffness, oreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning

for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

and lemon juice, combined with lithis and is used with excellent results by thousands of folks who are subject to rheumatism.

THERE ARE 30,000,000,000,000 RED | doze of it is estimated to be approximately

Is Your Blood Thin and Watery

so that it makes you nervous, sleepless or easily fatigued?

Don't wait until you collapse but commence to fortify

your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that

WHEN YOU FEEL THE FIRST WARNING SYMPTOMS-when you

it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON. When your blood is starving for iron no mere tonic nor stimulants can put you right. You must have iron. To get iron you must eat the husks of grains and the peels and skins of fruits and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure the iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and like the iron in your blood and like the iron in spinach, lentils and apples. It is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of grains and so zero take applies. It's like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nurself from the poles. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using NUXATED from do not obtain perfectly satisfactory results.

Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists.
