

### Schaaf Guilty Of Contempt in Lincoln Court

President of Omaha Hostelry Must Pay \$1,000 Fine and Serve 30 Days in Jail—Directors Fined \$500.

Lincoln, March 2.—(Special Telegram.)—Frank E. Schaaf, president, and H. Louis Lohmeyer and James H. Gore, directors, of the Nebraska Building and Investment company and the Nebraska Hotel company, both of which are now in the hands of a receiver, were found guilty of contempt of court here today by District Judge Morning. The court sentenced Schaaf to pay a fine of \$1,000 and also imposed a jail sentence of 30 days. Lohmeyer and Gore were each fined \$500. The court allowed a stay of execution until Friday.

The three men were cited for contempt for holding a directors' meeting February 15 and passing two resolutions, one of which was to provide for the bankruptcy proceedings against the companies. The court found that this was a willful disobedience of its order appointing a receiver. The men claimed they had acted upon legal counsel. Judge Morning delivered a scathing denunciation. Upon Mr. Schaaf he placed most of the blame, saying the others followed where he led. Proceeding the announcement of the decision in the contempt case, Judge Morning granted stockholders an injunction, the terms of which he said he would make as sweeping as could be written, enjoining Mr. Schaaf and others from in any way voting the stock or carrying on any corporate business for the Interstate Hotel company, which owns the lease on the Hotel Fontenelle in Omaha. The stock of this company is owned by the Nebraska Hotel company, and so came into possession of Mr. Barkley as receiver. The plaintiff claimed Schaaf was making arrangements to secure the lease for himself at a greatly reduced valuation.

### Meat Cause of Kidney Trouble

Take Salts to Flush Kidneys if Back hurts or Bladder bothers. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
