

Sutton Not Sure Whether He Will Run for Mayor

Judge Says He Wants Time to Find Which Way the Wind Blows Before Entering Race.

Judge A. L. Sutton states that he is not ready to give an answer to the importunities of the Committee of 5,000 that he be their standard bearer in the city election, with a view of being the avowed candidate for mayor.

"I will give this matter serious consideration for three or four days before I announce my decision," said the judge. "I want to see how my friends and the public take this matter. It would mean a sacrifice of my business, but I may consent to make the race if there is sufficient call that I should become a candidate.

The judge intimated that he would want the situation reasonably well clarified as to his choice for mayor in the event that the group of candidates with which he might be identified should succeed in election.

Ure is Candidate

W. G. Ure announced yesterday that he had selected the presidential inaugural day for the filing of his petition for the city primaries.

Mr. Ure is seeking re-election as city commissioner and he stated that he is seeking the nomination "without the aid or consent" of any combination of groups.

He wishes to be understood that he is opposed to any combinations of candidates for the primary, although he would welcome any endorsements that may come to him personally.

Against Combinations

"I am against combinations before the primary," he said, when asked if he anticipated an endorsement from the Committee of 5,000, which placed him on their ticket three years ago.

Some Opposition

Some of the members of the Committee of 5,000 are opposed to an endorsement of Commissioner Ure and the commissioner avers that he knows that to be a fact.

Commissioners Ringer and Ure have not had a "community of interests" in the city council during the last three years.

Commissioner Ure, however, continues to smile and insist that he will rest his case with the "pee-pul."

"Are you going after the mayor, ally?" was asked of Mr. Ure.

"I am seeking re-election as city commissioner," with accent on the last two words.

Leslie H. Krantz and George R. Dwyall are the latest men to obtain blanks from the election commissioner's office, preparatory to filing for a job as city commissioner.

Three's a Crowd. Burglar

Mr. and Mrs. B. J. Curran, 1233 South Sixteenth street, were aroused at 6 yesterday morning when a burglar entered their bedroom through a window.

"Anybody upstairs?" inquired the burglar.

"Lots of people," replied Mrs. Curran from under the covers. The burglar fled.

Two Young Brides Desert Husbands

Leave Notes for Mates Saying They Will Find Work in Omaha.

Mrs. Guy D. Adams, formerly Lucille Swalley of Omaha, and Mrs. Flo Nicholson, two young brides, deserted their husbands Tuesday at Ames, Ia. No trace of them has been found.

The husbands are students at Ames, under the government's vocational plan for wounded soldiers. Their young wives left the following note.

"Dear Boys—We have left for Omaha on the 9-45. We are not going to do anything that you will be ashamed of. Keep on going to school and make good. We are going to work there. Don't know where. We love you kids and always will. Don't sell Brunswick or furniture. Please keep them because you'll need them later on. With love,

"LUCILE and 'BOB,'
"To Guy and 'Nicky'." The young husbands were in Omaha yesterday searching for the run-

away wives. Mrs. George R. Swalley, mother of Lucile, is prostrated with grief in her home at 1610 Manderson street.

Platte County Township Provides for Good Roads
Lindsay, Neb., March 4.—(Special.)—St. Bernard township at the annual meeting made a levy of \$3,000 for the upkeep of roads. The township will pay 80 cents a mile for dragging and 35 cents an hour for labor and a like amount for the use of teams. This is a reduction of 22 per cent from last year's prices.

Program Issued For Market Week

Visiting Merchants to Be Entertained Royally; "Get-Acquainted" Night Planned.

The complete program for the annual Market Week in Omaha, March 7-10, under the auspices of the Omaha Wholesalers and Manufacturers' association, has been issued by the Chamber of Commerce. All mer-

chants in the trade territory adjacent to Omaha have been urged to attend. Aside from the advantages of meeting the wholesalers and manufacturers face to face and "talking shop" with them, the visiting merchants will be entertained royally each evening of the Market week. Gifts valued at \$1,000 will be given away.

A reception and "get-acquainted" evening will be a feature. This will be held Monday, March 7, at the Chamber of Commerce. Singing, vaudeville and "jazz" music will be on the program.

Tuesday evening, March 8, will be Athletic night at the Auditorium. There will be wrestling, boxing and

a calisthenic drill by boys and girls of the Bohemian Catholic sokols.

A carnival and masked ball will be held at the Auditorium Wednesday night. There will be "freak" fortune tellers, side-shows and hush, something with a dash of Egyptian in it; and a masked ball with plenty of "peppy" music.

Thursday evening the grand ball and prize distribution will be the climax of the week. There will be a grand prize for the women and one for the men. Other prizes will be distributed.

Road construction in Greece in ordinary soil costs from \$9,000 to \$12,000 a mile; in rocky soil from \$15,500 to \$21,300 a mile.

Dr. Gifford Back From Trip to British Guiana

Dr. Harold M. Gifford, Omaha eye specialist and surgeon, returned Thursday from British Guiana, where he spent several weeks ago to conduct a series of experiments and demonstrate theories involving delicate surgery on the eyes of snakes which fiction and atlases say infest the tiny country.

"St. Patrick must have been in Guiana recently," said Dr. Gifford, when asked for an account of the trip. "I only found one snake during my stay."
