

Senate Confirms Appointments of New President

Rush to Get Nominations
Passed Before Adjourn-
ment of Congress—Sev-
eral to Be Acted On.

Washington, March 11.—Nearly a score of nominations were sent by President Harding to the senate, which in turn confirmed a number. Only one day remains for the senate to take action on nominations because of its expected adjournment tomorrow night. Thereafter nominations, to be effective before the special session of congress next month, will have to be of a recess nature.

Nominations confirmed by the senate were: D. R. Crissinger of Marion, O., to be controller of the currency; Fred Morris Dearing of Missouri, to be assistant secretary of state; Elmer D. Ball, reappointed assistant secretary of agriculture; William J. Keville of Boston, to be United States marshal for the district of Massachusetts; William S. Culbertson of Kansas, reappointed to the tariff commission; Capt. Charles B. McVay, Jr., to be chief of the navy bureau of ordnance with the rank of rear admiral, and Ernest Lester Jones of Virginia, reappointed as director of the coast and geodetic survey.

Former Representative John J. Esch of Wisconsin and Mark W. Potter of New York were nominated to the Interstate Commerce commission and their names were reported favorably, but final action was not taken.

Other nominations sent to the senate by President Harding, but not acted on, included:

William H. Joyce of Los Angeles, reappointed to the federal farm loan board, and Clarence C. Chase of New Mexico, to be collector of customs for District 24.

Col. Gustave Lukesh was nominated for membership on the Mississippi river commission and other service nominations included Chaplain John Thomas Axtou to be chief of chaplains of the army with the rank of colonel, and medical director Edward K. Stitt, to be surgeon general of the navy.

Smedley D. Butler, Logan Feland and Harry Lee were reappointed to their present rank of brigadier general in the marine corps.

Yap Cable Fight Still Unsettled

(Controversy Between America
and Japan Over Pacific
Island Up to New Ad-
ministration.

By The Associated Press.
Washington, March 11.—Diplomatic exchanges between the American and Japanese governments concerning the status of the Pacific cable center of Yap have left the situation unchanged and it remains for the Harding administration to dictate the next step.

Japan's reply to the protest against Japanese control of the island sent by the Wilson administration is understood to have contained a reiteration of the Japanese claim to exclusive jurisdiction by reason of the mandate awarded by the supreme council.

As to Japanese control of the former German cables centering in the island, against which the American government particularly protested, Japan is said to adhere to the principle of free use of the cables by all persons, but with operation and control remaining under Japanese power.

Meanwhile it is suggested that since the league of nations council has referred the American protest addressed to it to the allied nations, a reply may come from them which may contain a basis for adjustment.

**Man Urging Killing to Hang:
Actual Murderer to Prison**

Ottawa, Ont., March 11.—Canada's supreme court upheld a decision sentencing to death a man who counseled another to kill and giving a jail sentence to the one who actually did the crime.

The court sentenced Romeo Remillard, who shot and killed Lucien Morissette to a prison term for manslaughter, while his father, Joseph Remillard, who incited the crime, must go to the gallows.

Evidence brought out that the father had suspected Morissette of an illicit love affair with the wife of young Remillard, and counseled the son to shoot him.

Fall of Scenery on Stage Stops Lecture by Dr. Hall

Decorations for Auto
Show Collapse in Audi-
torium; Psychologist
Talks to Teachers

The collapse of a portion of the scenery being placed on the Auditorium stage for the Omaha Automobile show next week prevented Dr. Winfield Scott Hall, Chicago, from delivering his scheduled lecture on child psychology before 1,100 public school teachers who had gathered to hear him yesterday afternoon.

The lecture was set for 4, at which time, Auditorium officials said, the scenery and decorations would be in place. Just as the last line was being tied in the fly loft and the men hanging the decorations were ready to leave the stage, more than half of the heavy decorations crashed to the stage below, the fall breaking hundreds of electric light bulbs.

Notwithstanding the confusion caused by the accident and the arrival of exhibits for the automobile show, Dr. Hall made a short talk to the teachers in which he advocated that "the sacred truths of life and what would confront boys and girls as they grew older, be taught in the homes and schools."

Teaching of these truths should be started at the mother's knee and continued throughout school life. Boys and girls are not told these truths and they learn them improperly," Dr. Hall said.

Dr. Hall has been a faculty member in various large medical schools for many years. For the past two years he has been delivering lectures

on the psychology of youth, health and hygiene and sex knowledge in schools and colleges. During the war he lectured at all army cantonments and naval training stations under the direction of the public health service. He will speak at the Y. M. C. A. auditorium Sunday afternoon.

Dr. Hall spoke Friday noon on "The Social Problem and Its Solution," before members of the Kiwanis club at the Rome hotel.

Gunman and Pal Held in Walthill

Nephew of Former Circuit
Judge, Wanted in Missouri,
Is Captured.

Deputy United States Marshal E. J. Quinley and Guy Shirley, an insurance adjuster from Kansas City, Mo., left Omaha yesterday for Walthill, Neb., where they will take into custody Lee Byrd and John De Luca who are wanted in Kansas City, the former under a prison sentence for murder.

Both men were arrested yesterday by the town marshal of Walthill. Failure to tell the same story concerning an alleged stolen car they were in led to their arrest. They were making a dash to the Canadian border.

Byrd is a nephew of former Judge, Byrd of the circuit court of appeals, according to Shirley.

He was convicted of manslaughter in Kansas City and sentenced to three years in the penitentiary. On March 6 when the supreme court affirmed the sentence, Byrd, who was free on \$15,000 bond, left Kansas City in a stolen automobile in company with De Luca, it was alleged.

Warning was flashed to cities and towns in Iowa and Nebraska to be on a lookout for them.

From Walthill the two prisoners will be brought to Omaha today and thence to Lincoln for extradition papers to take them to Kansas City.

During her 50 years' services as cook in the Home for Aged of the Little Sisters of the Poor, in New York City, Sister Catherine has prepared a total of more than 10,000,000 meals.
