

Legion Measure To Aid Disabled Passed by House

Delegates Agree to Fight \$10,000,000 Bonus Bill—Nine Other Bills Pass Third Reading.

Lincoln, March 16.—(Special.)—The American Legion bill providing for an appropriation of \$2,000,000 interest from which will go to the disabled veterans and their families, passed the lower house on third reading today. This bill was backed unanimously by the house American Legion membership. The Sturdevant \$10,000,000 bonus bill with a referendum amendment attached will be fought by American Legion members in the house, under an agreement signed last night.

Other bills passed on third reading today by the lower house are: S. F. 140—For return of unused guarantee fund assessments to liquidated banks at the end of three years.

Advertising Levy.
H. R. 307—Authorizes 1 mill tax for municipal advertising. (Bill introduced by Omaha delegation.)

H. R. 308—Appropriates \$500 for relief of C. E. Olson, injured in accidental collision with state road machinery left standing in a road at night in Saunders county.

H. R. 483—Provides building of \$300,000 reformatory at Lincoln. Emergency clause lost for lack of sufficient votes.

S. F. 120—Memorializes congress to pass federal censorship law.

Auto License Bill.
H. R. 344—Requires automobiles to have front and rear number plates. Authorizes dealers to furnish paste-board plates, good for 10 days, with eyes sold. Allows cars to be brought to the state for delivery in Nebraska or elsewhere, bearing cardboard signs, "in transit."

H. R. 345—Provides that 96.2 per cent of automobile license moneys shall be retained in the various counties and 3.2 per cent remitted to the state treasurer for expense of state highway administration. Allows less than 75 per cent to be used on roads other than state highways.

H. R. 484—Authorizes employment of convict labor on state highways and other public works.

H. R. 489—Authorizes state and public works department to purchase land and produce materials for road-making and other public projects.

Parole Board Will Pass On 32 Applications Today
Lincoln, March 16.—(Special.)—The state board of pardons is scheduled to meet at the capitol at 2 p. m. Wednesday, to pass on the 32 applications for paroles, on which the board held hearings at the penitentiary last week.

Secretary of State D. M. Amsherry, who was ill at the time of the hearing, was on duty for the first time and expected to attend the meeting. Other members of the board are the governor and attorney general.

The secretary of state, who is still weak from the effects of a slight apoplectic stroke suffered two weeks ago, expects to visit his office regularly hereafter, although he probably will not put in full time until his recovery is more complete.

Anti-Alien Land Bill Big Task for Senate Committee
Lincoln, March 16.—(Special.)—Although some of the lawyer members of the senate judiciary committee favored indefinite postponement of H. R. 138, the bill patterned after the California anti-Japanese land bill, not enough votes were summoned at the meeting of the committee Tuesday afternoon when a ballot was taken to kill the bill.

Another problem then arose, those in favor of the bill opposing reporting it out in its present condition, without amendments. The committee has not yet agreed on amendments.

One objection to the bill is that it is unconstitutional since it seeks to amend the present law restricting non-resident aliens from owning land, without repealing that law.

22 Hunters Fined for Violating Game Law
Lincoln, March 16.—(Special.)—Twenty-two hunters who violated the law in Nebraska the last two weeks have been fined in the state courts, and 11 of them, who shot birds out of season, are held for government authorities for violating the federal migratory bird law, it was announced Wednesday by State Game Warden George Koster.

The warden the past week has "planted" 100 pairs of pheasants in western Nebraska, which had been obtained from a Kansas City pheasantry. Pheasants are sent to those applying for them, on condition that the surrounding country is suitable for their propagation.

Administration on Blue Sky Passed by Lower House
Lincoln, March 16.—(Special Telegram.)—The administration blue-sky bill passed the committee of the whole in the lower house today. Under the new bill plans and prospectuses of the stock and bond selling concerns are subject to scrutiny and revision of state departments. The house cut promotion percentage from 15 to 10 per cent over the protest of Representative Druesslow, an Omaha stock broker, who declared promotion was worth more than 10 per cent and this reduction would stifle enterprise in Nebraska. The cost of organization cannot exceed more than 2 1/2 per cent of the capital stock under terms of the bills.

Bills Still in Committee Wednesday to Be Killed
Lincoln, Neb., March 16.—(Special Telegram.)—All house bills in standing house committees next Wednesday at noon will be under a rule adopted in lower house today. This does not apply to senate bills in house committees.

Oppose Lumber Tariff
Lincoln, March 16.—(Special.)—Representative Epperson introduced a resolution in the lower house memorializing congress to defeat the proposed lumber tariff bill.

To check the spread of malaria the Brazilian government has established a sanitary and prophylactic service.

More Data Sought On Closing Three Telegraph Offices

Lincoln, March 16.—(Special.)—The Nebraska Railway commission has taken under advisement the complaint of the villages of Manley, Washburn and Panama, objecting to the action of the Missouri Pacific in removing telegraph keys from the stations, with instructions to the villages to report all inconveniences resulting from removal to the commission during the next 30 days.

The hearing was held Tuesday, when the railroad company made a showing that at Manley and Washburn the revenue from telegraph service was only \$20 a year. By taking out the instruments, the company said it could effect a saving in salary of \$30 a month.

Citizens of the communities complained that not only would their commercial service be seriously impaired, but they would not be able to properly place car orders. It is on these two questions that the commission is asking further data.

Negro Charged With Attack On White Woman is Lynched
Little Rock, Ark., March 16.—Browning Tuggle, 28, negro, was lynched by a mob at Hope, Ark., last night. He was charged with an assault on a middle-aged white woman at Hattiesville, Ark.

More than 100 citizens of Hope battered down the jail door and

dragged the negro out shortly after it was decided that a pair of faded overalls, freshly bloodstained, found at Tuggle's home, was sufficient evidence to complete his identification. The woman was accosted on a road at a wooded spot two miles from the city this morning.

Complete Federal Bridge
Ord, Neb., March 16.—(Special.)—The federal bridge over Turtle creek south of Elyria, is almost completed and the grading is rapidly nearing completion.

Southern Pacific to Cut Unskilled Workers' Wages

New Orleans, La., March 16.—Announcement was made here today that effective April 16 there would be a reduction of wages of unskilled employees and clerical and station workers and return to the working conditions of December 31, 1917, by the Southern Pacific lines in Louisiana and Texas.

Conferences with employes to discuss the reductions were arranged

Composer's Daughter-in-Law Is Missing Since Saturday

Chicago, March 16.—Mrs. Clifford Victor Herbert, daughter-in-law of Victor Herbert, the composer, has been missing from her home here since last Saturday, it became known today, and search by police and private agencies has revealed nothing of her, it is said.

She wore jewelry valued at many thousands of dollars when she disappeared, the police were told, and her husband, a broker, expressed grave fears that the jewelry had attracted robbers to kidnap her.
