Problems That Perplex

Answered by BEATRICE FAIRFAX.

Suggestions for April Fool's Day. The first day of April is known as "All Fools' Day." Here are a few suggestions for an April Fool's day party.

Spirit Charm—It is necessary to have two persons in the secret of this game. One leaves the room while the accomplice remains with the others. The accomplice hides an article which the other players have selected, in another room which is totally dark, placing a watch with a loud tick near the hidden article.

Pantomime—Supply each guest with a folded slip of paper on which is written some word or words which can be acted in pantomime. Every one must keep his instructions a secret, as the rest of the guests are to guess what he is acting. Arrange the players in a circle, the one acting in the pantomime plays in the center, where all can see him.

Naming Compositions—Each guest is provided with paper and pencil. The hostess, or one of the guests, then plays two or three measures from some well known or popular composition on the piano.

Each guest writes down what he thinks is the name of the piece. If the player selects two or three measures from the middle of the composition, there will be some difficulty and a great deal of amusement in determining upon the name.

For refreshments, serve sandwiches, salad, coffee or chocolate; or ice cream, cake and coffee. To make April Fool's candy coat small pebbles or balls of cotton with chocolate and add red pepper to home made candies.

To make an April Fool's pie, to be used as a table centerpiece, cover
