

Court Decides Against U. S. In Income Tax Suit

Judge Rules Federal Revenue May Be Deducted on Estates Which Exceed Total of \$50,000.

Washington, March 17.—The federal government today lost an important income tax suit when the United States court of claims held that every estate, the net amount of which exceeds \$50,000 and which has been, or is hereafter compelled to pay the federal estate tax, is entitled to deduct the amount so paid from its income tax return.

The effect of the decision, should be sustained by the court to which the government noted an appeal, will be that the government will be compelled to refund all taxes already collected from estates under such circumstances.

Judge Declares War Against Persons Who Admit Illegal Acts

New York, March 18.—Asserting that the "public press is filled with sickening accounts of domestic infidelity of persons claiming high positions in society," District Attorney Lewis of Kings county gave warning that hereafter he will institute criminal proceedings against a party to a divorce action who admits a guilty act committed in Kings county.

In a letter to Albany opposing a bill which would prevent criminal prosecution of guilty parties in divorce proceedings, Mr. Lewis declares:

"One or two convictions with penitentiary sentences, would have a salutary effect upon these people. It is really of no consequence to the public, what they do in their private lives, but because of their prominence, their private affairs have a news value and on that account the public is burdened and very seriously damaged by the prominence given by the press to their offenses."

Liquor Agents Raid Denver Labor Offices

Denver, Colo., March 18.—State and federal agents raided state headquarters of the entertainment committee of the American Federation of Labor here, confiscated 21 gallons of whisky and arrested two members of a committee named to provide entertainment for the national convention of the order here next summer, on a charge of violating the prohibition laws.

The committee members arrested were G. L. Loser and S. P. Opplinger of Denver.

Sixteen gallons of liquor were found at the headquarters and five gallons were confiscated when the two men were arrested in a building nearby.

The floodgates of European emigration will remain open until March 25, it is said at the American consulate here, officials having received instructions to defer until that time enforcement of the regulation requiring a period of quarantine prior to the departure of emigrants.

After all that he's at liberty to seek sweet repose. But it's not such a hard life, after all.
