

'5,000' Committee To Complete City Slate on Saturday

Meeting Postponed From Today After James C. Dahli-man Announces Candidacy for Mayoralty.

At a meeting of the executive committee of the Committee of 5,000 yesterday afternoon it was decided not to fill out the entire slate for the city campaign tonight at the meeting in the Y. M. C. A., as planned, but to hold off until Saturday night, when all filings for the race for the city commission will be made.

In other words, they have already drawn their hand for the seven-card play, and are holding three cards to which to draw their other four Saturday night at the regular meeting in the Y. M. C. A.

The three cards now held by the committee are Judge Sutton, Commissioner Ringer and Commissioner Towl.

They need four more names to fill out their hand.

F. A. Brogan and Mayor Smith will speak at the meeting in the Y. M. C. A. tomorrow night, as announced.

James C. Dahli-man, United States marshal, announced his candidacy yesterday morning for councilman and mayor, when Walter Wilson, former state senator of Dodge county, presented him with petitions of 10,000 men and women.

John P. Breen, when he heard of Mr. Dahli-man's decision to enter the race, said he was "out of it." In announcing his candidacy, Mr. Dahli-man read a formal statement, declaring he "would feel like a coward if I fail to heed such a demonstration represented by the petitions," and that the petitions showed the desire for "the kind of government which a great majority of the people desire."

Mr. Dahli-man said he would re-

sign as United States marshal if elected.

Petitions circulated for him bore the slogan "Onward Omaha" on their covers. One petition, circulated among proprietors and managers of business places, bore the signatures of many of the largest firms of the city.

Marshal Dahli-man has served four terms as mayor of Omaha, two terms under the old councilman form of government and two terms under the commission plan. He was defeated three years ago by Ed. P. Smith, the present mayor.

Judge A. L. Sutton, leading candidate of the Committee of 5,000, said he was pleased at the entrance of Dahli-man into the race, because "it will make the race a real battle. 'I don't believe the people will go back to the old order of things,' said the judge. 'I believe the real issue is 'law and order.'"

Government Aids Family Of Former Service Man

Fremont, Neb., March 23.—(Special.)—Parents of Willard Ireland, former soldier, who died about a year ago of tuberculosis, were notified that his estate would receive \$700, although he dropped his insurance a month after his discharge. Ireland enlisted at the age of 17 and saw active service in the trenches. When discharged his health was pronounced to be perfect.

It was established that his death was the result of exposure in France and through the local chapter of the Red Cross, his family, in meager circumstances, with a number of small children, will receive the compensation from the government.

Where It Started

Windows.
The window is a survival, not a man's desire for more light and air, but of his instinct of self-preservation. With only a door in his hut, he could not see all around; so he cut a hole in the wall, thus giving him watch for his enemies in the rear as well as in front.

Twelve Owners Protest Awards On 24th Street

Objections To Improvement Regarded as Trivial by City Council and Appraisers.

Only 12 property owners interested in the proposed widening of Twenty-fourth street, Pacific to Cumming streets, appeared before the city council yesterday afternoon to object to the awards made by the board of appraisers. The appraisers and council did not consider any of the protests "serious."

The proposed widening will make this thoroughfare a uniform width of 100 feet, the present width varying from 55 to 80 feet. The total of the awards made by the appraisers is \$1,503,000.

One of the objections was made by Attorney J. W. Battin, in behalf of Alexander and George Maragos and Harry Tukey, owners of the southeast corner of Twenty-fourth and Leavenworth streets, at which location there is a cafe. The plan of widening contemplates taking 50 feet from this lot, leaving a 10-foot strip frontage on Leavenworth street.

These owners were allowed \$34,000 for their land which would be taken and \$30,000 for the building. They ask for a total of \$75,000. Then contend that the 16-foot strip which they would have left would not be of value to them except at such price as the owner on the east would care to offer, to give him a Twenty-fourth street frontage.

Frank H. Meyers, one of the appraisers, remarked that this 16-foot strip would be of considerable value because it would be sought by the owners of the property to the east. Mr. Meyers remarked that a 16-foot strip, known as No. 1, Broadway, New York, brought the highest price ever paid for an equal area of land.

Two Foot Strip Left.
W. F. Stoecker owns an apartment

house on the east side of Twenty-fourth street, half a block south of Leavenworth street. He has been allowed \$76,800 for 50 feet which is to be taken from his lot, leaving only two feet of the present site of the building. He explained to the council that it would be possible to move the building back on unoccupied land and an arrangement may be made whereby the city will sell the building at auction, which will give Mr. Stoecker an opportunity to bid it in.

Other protests were of a similar nature. The hearing was held to give the council a general idea of the opinions of the affected property owners. Formal protests must be filed later to have official value.

The proposed widening of Twenty-fourth street will be one of the projects which will be submitted to the voters May 5.

Jewel, Flower, Color Symbols for Today

By MILDRED MARSHALL.

By a coincidence, today's talismanic stone and natal gem are the same—the turquoise, and no more potent talisman could be imagined than this stone when governed by these circumstances. It is lucky not only for those who wear it, but also for the one who makes it a gift to a dear one.

According to the ancients, the turquoise protects its wearer from accident when traveling, and assures one also of the lasting love of those left behind. The jewel should be worn around the throat or as a brooch, if its powers are to be fully enjoyed. To it the ancients attributed the power to dispel unhappy thoughts and anxiety, and to attract to its wearer the affection of friends.

Lavendar is today's color, especially should it be worn by those who are the victims of worry or despondency, since it exerts a soothing effect.

Today's flower is the old-fashioned valley lily, which brings contentment and dispels jealousy.

Do You Know the Bible?

Cover up the answers, read the questions and see if you can answer them. Then look at the answers to see if you are right.

Follow these questions and answers as arranged by J. WILLSON ROY.

1. Why is our Savior represented as seated when delivering His sermon on the mount?
2. Why does our Savior promise a reward to the giver of a cup of cold water, given to a disciple in His name?
3. Why did our Savior speak so frequently in parables?
4. Why was the new wine not put into old bottles?
5. Why was our Savior called the "Son of Man"?
6. Why were 70 disciples chosen by our Savior?

ANSWERS.

1. Because sitting was the proper posture of the masters and teachers.

2. Because by that figure He intended to convey the regard He had for all acts of charity performed with a proper motive and for the honor of God.

3. Because it was conformable to the customs of the east to do so and was a popular mode of conveying truths with the Jews.

4. Because the eastern bottle is made of the raw hide of an animal, consequently when any fermenting liquor is put into it the skin, being green, distends. Should the bottle have been stretched by this process, then it would burst if put to a second trial, because it could not yield to the new pressure of fermentation.

5. Because He had a design to establish His human nature against those who might be disposed to regard Him as a mere spirit or angel. See also Daniel vii, 13-14.

6. Probably in deference to historical associations among the Hebrews. Jacob went into Egypt with 70 souls. The number of elders appointed by Moses was 70. Seventy composed the Sanhedrin, the national council of the Jews. According to the notions of the Hebrews of that day the earth was made up of 70 nations.

Brief City News

Visiting Nurses' Drive—A house-to-house canvass for 5,000 \$1 memberships for the Visiting Nurses' association will be started next Tuesday.

Blames Wife—Ira Henderson testified his wife, Bessie Henderson, who is suing him for divorce, led him to drink, in district court yesterday.

Paderevski Passes—Ignace Jan Paderevski, former president of Poland and once famous pianist, passed through Omaha yesterday morning bound for San Francisco. He did not leave his Pullman berth.

Held in Jail—O. H. Eggleston, real estate man of Osceola, Ia., is being held in the city jail pending an investigation into the condition of Anita Lively, 25, Falls City, who is confined in a local hospital. Eggleston said he had been in Falls City during the winter on real estate deals and had lived at a hotel owned by the girl's father.

Deshler Farm Sells for \$28,000 at Referee Sale

Deshler, Neb., March 23.—(Special.)—A quarter-section farm, part of the William Kassebaum estate, was sold to George Attenhan at referee sale here for \$28,000. An 80-acre farm sold for \$14,000 to Henry Wulf, who also purchased the residence property in Deshler for \$4,200.

Parents' Problems

How can absent-mindedness in a boy of 11 best be handled?

As far as possible, let him bear the consequences of his forgetfulness. If he forgets the passage of time, do not remind him; let him be late. When he loses his possessions, let him feel the inconvenience; do not furnish new ones. Talk with him a little about the handicap such a fault will be, and suggest that he try to overcome it, day by day.
